Objective:

Job Interview is a method by which an idea about an applicant's personality including his/her intelligence, breadth of interest, and general attitudes towards life can be obtained by face-to-face contact. Optimizing interview skills session aims to equip student participants to guide and increase confidence while attending interviews in their real life situation. It further aims to improve the communication and interaction among individuals.

Speaker's brief profile: Speaker: GN Mishra

Qualification: Done regular B.Sc. & MBA.

Experience: a) More than 12 years experience in teaching industry & working as a senior regional head of academic in T.I.M.E

b) Expertise in preparing students, those who get their calls from different IIMs for GD/PI.

c) Soft skill training provider.

d) Guided students in different colleges for their campus recruitment.

Learning outcome:

This session increased the confidence level of students to a great extent. The mock interview session advised the students to correct themselves for better output while they will be with real such situations. Interview tips particularly related with behavior-based questions alerted the students and improve their personality level. Eye contact, body language like other tips improved the quality level. By and large, students who participated this session have the possibility of getting themselves selected in real job interview situation.
