Prelude

TECHNOVISION '2010 had an aim to provide a platform to the students to prove their technical competence and talent. **TECHNOVISION '2010'** was a veritable fest where students competed with other contenders to prove themselves best. The fest was being held this year with a plethora of technical events like Websites Presentation, IT Quiz, Software Programming, Technical Paper Presentation, Multimedia Demo Presentation, Extempore and Debate competition etc.

Objectives

The objectives of the IT Fest were:

- To create awareness amongst Students of IT and Management about the practical exposure of the latest trends in technology sector.
- to search the talent among the students and to bring the various educational facets of the students to the surface
- Enable students to brush-up their technical skills.

Venue: TIAS Seminar Hall and MCA Lab

Software Programming Competition

Students from different Institutions have participated for the Software Programming Test. The programming languages for the Software Programming were C/C++, J2EE, Dot Net and Microsoft Visual Basic. Total 45 teams, each consist of 2 students, were registered for the Software Programming. A preliminary round of MCQ based on Software Programming was conducted and 10 teams were shortlisted. Then teams were given a problem in their registered languages. The time to complete the task was 30 minutes and criteria for judging the team was Output, Completeness, Correctness, Presentation and Complexity of the Code.

Website Presentation

By making web presentation the students were able to attain knowledge and web skills. Students have demonstrated proficiency by presenting websites. Moreover by preparing the websites they get exposed to different language set like Java, PHP, .NET and relevant skills of the fields.

The websites were presented by the students of all the semesters from the IT department and BJMC department of the institute. By the end the event went as a successful program with the great source of knowledge for both the students and the faculty as well. The students get enriched with the new technical aspects of the various systems in the IT.

IT Quiz

Students from different Institutions have participated in the Prelims of IT Quiz. Total 25 teams, each consist of 2 students, were registered for the IT Quiz. A preliminary round of MCQ based on mixture of IT questions was conducted and 6 teams were shortlisted. The selected teams were then call for final IT Quiz 1st Round

Technical Paper Presentation

Technical Paper Presentation was based on research that the students have done on a certain topic. The papers were presented by the students of all the semesters from the IT department i.e. current MCA batches of the institute. The event was the great source of knowledge for both the students and the faculty as well. The students get enriched with the new technical aspects of the various systems in the IT.

Multimedia Demo Presentation

Multimedia Demo presentation was based on various multimedia Software's like Adobe Photoshpe, Macromedia Flash, 3d Studio and swish, The Demo presentation were very interactive & informative. Students did show the live multimedia demo and created the various multimedia effects like masking, twinning using authoring tools.

Extempore Competition

The event came to be very interactive and knowledgeable for the students as they gained knowledge about the new IT related day-to-day technologies.

The students were given the IT related topics such as Multimedia, Nano technology, cryptography, etc for the extempore presentation. The students were judged on the basis of the following parameters:

1. Delivery of speech
2. Presentation
3. Structure of contents
4. Personality

Debate Competition

The event came to be very knowledgeable for the students as they gained knowledge about the issue related Commonwealth Games. Students discussed in favor and against commonwealth games organization.

Technovision 2010 completed with great success, MCA department is dedicated to organize such events in future as well.
