- To demonstrate support for environmental protection.
- To understand and communicate various forms of arguments effectively in the stated context.
- To sensitize the issue of growing needs of human beings changing into greed.
- To provide student with a platform in order to show case their talent.

Report:

Earth Day is an annual event celebrated on April 22. Worldwide, various events are held to demonstrate support for environmental **protection**. First celebrated in 1970, Earth Day now includes events in more than 193 countries, which are now coordinated globally by the Earth Day Network. Tecnia Institute of Advanced Studies organized Debate Competition on "Human needs are changing into greed" on 18.04.19 to celebrate Earth Day. The debate gave the best platform for discussion, talk over, exchanged views, arguments, contest controvert for the avid debaters to showcase their convincing pursuable skills and to raise the bar of thinking, discussion and discourse. In this competition, total ten ten students had participated. The winners were awarded with certificates and memento of achievement. The event concluded

with an insight and a deep thought which is set in our sub conscious mind. It was a tough competition amongst different department. The event was a big success in less time.
