- To inculcate technical and communication skills in students.
- To enhance the Voice Modulation skills of the students.
- To provide technical knowledge of studio production

## **Report**

The Radio city super singer or the Tecnia Rising Star was an event in the Tecnia Institute of Advanced Studies with the coalition of Radio city and TIAS. From the very start, the zeal and avidity in the participants were at its zenith.

The cut throat competitive aura caused by the students was worth praising. It was organized for searching the best voices out of the best from TIAS to make them chant their melodious voice on radio. The auditorium of TIAS was brimful with students who thoroughly enjoyed the entire session cheering their friends, bolstering the confidence of the performers.

The judges gave righteous comments to participants wherever needed. They inculcated confidence in the participants by complimenting them for their melodious voice and singing. Total number of students participated were 48 and 11 students were selected.

**Students selected:** Vaishnavi, Zaini, Hritik, Tarini, Vibhanshu, Gagan, Shivani, Shubhankar, Rishabh, Ankit, Rohan

## **Outcome of event**

- The students selected after giving their best were called to the studio of Radio city for further selection so that they could sing on radio.
- The students got chance to develop their skills in Radio.

Inauguration of the event with guests and convener

Nityam, a student of TIAS using musical instrument to sing Indian classical song.
