I once again wish the entire faculty, staff members and their families all the best on the special day of 15th August.

On 15 August 1947, India attained freedom from the British Rule. The Independence Day of any country is a moment of pride and

glory. Independence Day is always a singular moment for me to address a personal message to you.

It was the strong belief of the freedom fighters like Mohan Das Karam Chand Gandhi, Jawahar Lal Nehru, Abdul Kalam Azad and Dr. Bhim Rao Ambedkar that after getting Independence we have to impart education to all levels beside research & development activities in various thrust areas. The present

changed completely and the earlier meanings have virtually no relevance, into them. They should realize the sacrifices of great Indians for getting freedom. Let us take a pledge to root out all the evils from the society.

My best wishes are with you, you just need to make a beginning with congratulation on Independence Day.

- Dr. A. K. Rathore, Director, TIAS

OVER the time, meaning of the word Independence / Freedom has changed significantly.

Before 15th of August 1947, it had only one meaning for Indians, that was getting freedom from the British Rule. After 1947, it had its relevance only in celebrating the day, keeping in mind the reminiscences of the past. But for the younger generation, who

were born after 1947, specially those who are in their twenties, the meaning has

Pranab becomes the first Bengali President

Pranab Mukherjee on 25th July took oath as the 13th President of India. "I will strive to preserve, protect and defend our Constitution," Pranab Mukherjee said after taking oath as the President. Veteran Congress leader defeated his rival PA Sangma to get elected as the 13th President of India.

Pranab won the election with 69.31 per cent votes. A total of 713,937 votes were in favour of Pranab out of the total 10,29,924 votes, while his opponent Sangma had 315,987 votes or 30.69 per cent of the total votes.

Prime Minister Dr. Manmohan Singh,

Congress President Sonia Gandhi, Lok Sabha Speaker Meira Kumar and all Senior Cabinet Ministers, Congress leaders and leaders from UPA allies and NDA met Pranab Mukherjee to congratulate him. Pranab became the first Bengali to occupy either of the highest offices - PM, President or Vice President.

76-year-old Mukherjee was administered the oath of office to "preserve, protect and defend the constitution and law" by Chief Justice of India Sarosh Homi Kapadia at an impressive ceremony in the historic Central Hall of Parliament.

Just after he took oath, he was offered a 21-gun salute marking the assumption of office of the highest constitutional post in the country.

In his brief acceptance address, he said the principal responsibility of this office is to function as the guardian of the Constitution.

"I will strive to preserve, protect and defend the Constitution not just in words but in spirit," Mukherjee said.

He also said word poverty should be eliminated from the dictionary of modern India but felt tickle down theory would not

work. He said hunger is a humiliation for the mankind.

Referring to the change of equations post-Cold War, he said the world was in the midst of fourth World

War fighting terror of which India had the early experience.

Mukherjee ended his speech saying "there can be no greater reward for a public servant than becoming the First Citizen of the country."

Before the function in Parliament, the outgoing President and the President-elect, wearing a black achkan, churidar (long coat, pyjama), drove a small distance in the bullet-proof presidential limousine from the North Court to the forecourt of Rashtrapati Bhavan.

Dear student, I want to tell you, even today, more than 60 million children are not going to school in different countries of the world. Hamid Ansari claims 2nd consecutive time as Vice President

India's incumbent Vice-President, Hamid Ansari, will continue in the same office for the next five years after winning the 2012 vice presidential elections convincingly on Tuesday.

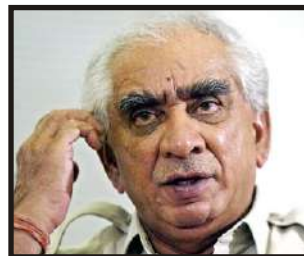

Ansari will be only the second person in independent India's history

to serve two consecutive terms as vice president and Rajya Sabha chariman, the first one being Sarvepalli Radhakrishnan.

UPA-backed Ansari secured 490 votes, comprehensively surpassing his NDA-backed rival Jaswant Singh's tally of 238 votes.

The Returning Officer for the vice presidential elections and Lok Sabha Secretary-General T.K. Vishwanathan announced that out of the 787 MPs eligible to vote, 736 had exercised their franchise. Out of these 736, eight votes were declared invalid.

He said that out of the 728 legal votes cast, 490 had gone to Ansari, while 238

had gone in favour of Jaswant Singh.

The vice president of India is elected through a direct ballot with Lok Sabha and Rajya Sabha members (including nominated) comprising the Electoral College.

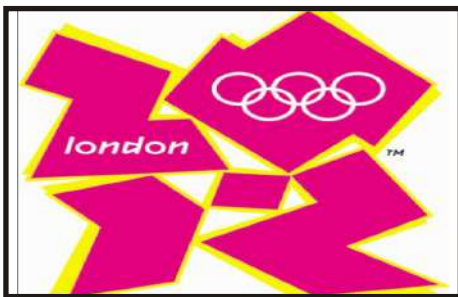

A total of 790 MPs were eligible to cast their votes today to elect the nation's 14th vice president. (Agencies)

Best olympics ever, 6 medals to the kitty

India return with its best-ever Olympics medal tally from the London Games. If there is anything missing, it is a gold and that has been somewhat made up by two silver medals out of a total of six.

The performance of the Indians is indeed creditable as the expectations were also realistic, though some might argue that Indian men should have got medals from the boxing ring and the women from the archery arena.

Shooting and wrestling led the charge with two medals each

(one silver and one bronze in each of the disciplines), two other finishes on the podium were from badminton and women's boxing. India finished 55th on the medals table, 10 rungs higher than their count at Beijing.

The Indians left this historic city doubling the three-medal tally from Beijing four years ago.

However, there was a gold in Beijing, the first by an individual Abhinav Bindra, who won it in the men's 10m air rifle. It was in the same event that

India began its medal account here with 29-year-old Gagan Narang winning the bronze, aggregating 701.1 (598 qualifying, 103.1 final) at the Royal Artillery Barracks range. Luck again smiled on India as army shooter Vijay Kumar scooped up silver in the men's 25-

metre rapid fire pistol. The Indians also achieved spectacular success on the mat at the

Excelsior arena, with Sushil Kumar and Yogeshwar Dutt getting a silver and bronze respectively. Yogeshwar, who was in his third Olympics, also became the third Indian wrestler after Khashaba Dadasaheb Jadhav and Sushil to win an Olympic medal. Jadhav had won bronze in the 1952 Helsinki Games.

In track and field, women's discus thrower Krishna Poonia and her male counterpart Vikas Gowda made it to the finals, while the Indian participants rewrote the national records in 50km and 20km walks.

क्रोध आने पर

यह आदत में शामिल हो जाता है। यही तरीका मार्शल आर्ट्स सिखाने वाले गुरु करते हैं। वे सारा क्रोध उनको सिखाए जाने वाले आसनों और शारीरिक गतिविधियों में सम्मिलित कर उन्हें मानसिक और शारीरिक

तौर पर मजबूत बनाते हैं।

जापान में बच्चों को क्रोध पर विजय पाने के लिए एक अनूठी विधि सिखाई जाती थी। उनसे कहा जाता था कि जब क्रोध आए तो

उसके साथ कुछ मत करो, सिर्फ गहरी सांसें लेना शुरू करो। बच्चे चूंकि सरल होते हैं, इसलिए इस विधि को जल्दी सीख जाते हैं। क्रोध आने पर वे चीखने चिल्लाने की बजाए जोर जोर से सांस लेना शुरू कर देते हैं।

ज्ञातव्य हो कि क्रोध और श्वसन का संबंध बहुत गहरा है। क्रोध जब उठता है, तब आप

एक खास तरीके से सांस लेते हैं। सांस तेज होती है, जोर से चलती है, गरम होती है। लेकिन आदमी उसके बारे में नहीं जानता है। कहते हैं कि क्रोध में मैं होश खो बैठा। अगर क्रोधित व्यक्ति का ध्यान सांस लेने और छोड़ने पर हो, तो वह क्रोध को प्रकट नहीं कर सकता। क्रोध में जो पागलपन किया जाता है, उसके लिए होश खोना बहुत जरूरी है। दूसरी बात, अगर आपका ध्यान क्रोध से हट जाता है, तो वह सांस पर चला जाता है। शरीर का उत्ताप कम हो जाता है। अगर शरीर ठंडा हो, तो क्रोध करना असंभव है। क्रोध को उठाने के लिए एक खास वातावरण चाहिए, तभी वह अपना जलवा दिखा सकता है। क्रोध को बोध का साधन बनाएं।

राहुल मित्तल

क्रोध सबसे सामान्य और सबके भीतर पाई जाने वाली भावना है। यह प्रकृति का आत्मरक्षा के लिए दिया हुआ हथियार है। क्रोध जब तक नैसर्गिक है, तब तक समस्या नहीं है। जब वह दबाया जाता है, तब वह एक रोग बन जाता है। दमित क्रोध शरीर के भीतर घाव बनता है। कई बीमारियों का कारण बनता है। यह एक हाई वोल्टेज ऊर्जा है, जिसे समझा जाए तो यह बहुत काम आ सकती है। उससे वही सलूक किया जाए, जो किसी अन्या ऊर्जा के साथ किया जाता है। सबसे पहले क्रोध को बुरा मानना बंद कर दें। दूसरी बात, उसे लागों पर उतारना बंद करें। अगर आपके भीतर क्रोध है, तो उसके लिए किसी और को पीड़ित क्यों करें।

यदि क्रोध की इस ऊर्जा को किसी सृजनात्मक कार्य में लगाया जाए तो किसी नई वस्तु का सृजन हो सकता है और मानवता की भलाई हो सकती है। हालांकि कहना सरल है बजाए करने के। लेकिन यदि इस तरह का कार्य किया जाए तो यह अपने और दूसरे लोगों के लिए लाभदायक सिद्ध हो सकता है। इस तरह के उदाहरण कम पाए जाते हैं। यदि ऊर्जा को संकेंद्रित करने का यह कार्य बचपन से सिखाया जाए तो बड़े होने तक

60 वर्ष का हुआ मॉल्स का सफर

अमेरिका में शॉपिंग मॉल्स को 60 वर्ष पूरे हो गए हैं। लेकिन अब इनका क्रेज घटता जा रहा है। 1500 से ज्यादा मॉल या तो दम तोड़ चुके हैं या फिर बंद होने की कागार पर हैं। अब उनकी जगह ऑफिस बना दिए गए हैं या बनाए जा रहे हैं। 'द अटलांटिक' पत्रिका के अनुसार, अमेरिका में पहला मॉल 1952 में बना था। वर्ष 2000 तक लोगों में इनका रुझान घटा।

और अब आलम यह है कि 2006 के बाद से अमेरिका में कोई भी नया मॉल नहीं खुला है। बल्कि कई बंद हो चुके हैं या फिर बंद होने वाले हैं।

वर्ष 2010 में ओहियो में एक मॉल को ध्वस्त कर पार्क बना दिया गया। न्यूजर्सी में भी आधे मॉल तोड़ दिये गए हैं। भारत में मॉल अभी जवानी की अंगड़ाई ले रहा है लेकिन जवानी में कई मॉल बंद होने की कागार पर हैं। वर्ष 1999 में दिल्ली और मुंबई में

मॉल अस्तित्व में आए थे लेकिन यहां भी 80 फीसदी मॉल लड़खड़ाने लगे हैं।

यह हाल केवल अमेरिका में ही नहीं वरन् पूरे विश्व का है।

दुनिया का सबसे बड़ा मॉल चीन का साउथ चाइना मॉल है। जिसका 99 फीसदी हिस्सा लगभग खाली रहता है। वर्ष

1952	— दुनिया का पहला मॉल अमेरिका में
1957	— आस्ट्रेलिया में मॉल बना
1961	— अफ्रीका में खुला मॉल
1964	— ब्रिटेन में मॉल कल्वर
1966	— लेटिन अमेरिका में दस्तक
1991	— चेन्नई भारत में पहला मॉल
2004	— चीन में पहला माल

2005 में बने इस मॉल में रोजाना 70 हजार लोगों के आने की अनुमान लगाया गया था लेकिन फिलहाल यह खाली रहता है।

आठ शहरों में मॉल ठंडे बस्ते में

रियल एस्टेट कंपनियों ने मॉल्स की नाजुक हालत को देखते हुए देश के आठ बड़े शहरों में मॉल बनाने की योजना को ठंडे बस्ते में डाल दिया है। प्रापर्टी कंसल्टेंट कुशमैन एंड वैकफील्ड के मुताबिक यह फैसला मौजूदा मॉल्स में खाली पड़े स्टोरों को देखते हुए लिया गया है। ये शहर हैं: दिल्ली एवं एनसीआर, अहमदाबाद, बेंगलुरु, चेन्नई, हैदराबाद, कोलकाता, मुंबई और पुणे।

नोट: जीएलए यानि ग्रॉस लिट्टेबल एरिया जिसका अर्थ है किराए के लिए उपलब्ध क्षेत्र।

मॉल में लड़खड़ाने के कारण

1. गलत स्थान का चयन
2. खराब ढांचा जिससे लोग आकर्षित नहीं होते
3. मल्टीप्लेक्स नहीं होना
4. खराब फूड कोर्ट
5. खराब ग्राहक सेवा
6. खराब क्वालिटी का सामान

मॉल में खरीदारी

- 75 फीसदी मॉल में खरीदारी घर के सामान की होती है।
- 48 फीसदी खरीदारी कपड़े की होती है।
- 22 फीसदी इलेक्ट्रॉनिक सामान की खरीदारी होती है।

भारत में लड़खड़ाने वाले मॉल्स

अर्नेस्ट एंड यंग की रिपोर्ट के अनुसार, भारत में 255 मॉल्स में से 80 फीसदी लड़खड़ा रहे हैं। इनमें लोग उम्मीदानुसार नहीं पहुंच रहे हैं। दिल्ली हो या मुंबई हर जगह मॉल्स में क्षमता से आधे लोग ही पहुंच रहे हैं और जो पहुंच रहे हैं वो विंडो शॉपिंग और टाइम पास करने के लिए पहुंच रहे हैं। जिसमें एयर कंडीशंड शोरूमस् में समय बिताना भी शामिल है।

नौ महीने पहले आई इस रिपोर्ट के अनुसार इन 255 मॉल्स को बनाने में 22 हजार करोड़ रुपये

खर्च हुए हैं। भारत में 65 फीसदी मॉल्स दिल्ली, एनसीआर और मुंबई में ही हैं।

अगले दो सालों में देश में 242 मॉल्स और बनने का अनुमान है जिनमें 2.1 लाख करोड़ रुपये का खर्च आएगा।

यंगस्टर के पत्रकारों ने मॉल्स के लड़खड़ाने को लेकर कई लोगों से बात की जिनमें से अधिकतर का मानना है कि वे मॉल्स में केवल समय बिताने के लिए जाते हैं। और खरीदारी नहीं

करते हैं। ट्रैक 2 रियल्टी के सर्वे के अनुसार 10 में से 9 लोग शॉपिंग मॉल्स में

दोस्तों के साथ मौज-मस्ती करने, खाना खाने और फिल्म देखने के लिए जाते हैं।

कुछ लोगों का मानना है कि यहां पर ग्राहकों को सही ट्रीटमेंट नहीं दिया जाता। इतना पैसा लगाने के बावजूद दुकानदारों का रुखा और सूखा व्यवहार हमें नहीं भाता। ग्राहकों की सेवा सही तरीके से नहीं

करते। कुछ लोगों का मानना है कि मॉल्स में दाम तो ज्यादा हैं लेकिन क्वालिटी उतनी अच्छी नहीं है। बाजार में वही चीज काफी कम दामों में मिल जाती है जबकि यहां पर ज्यादा दाम चुकाने पर भी वह चीज नहीं मिलती।

60 फीसदी लोगों का मानना है कि यहां पर वीकेंडस् में लंबी लाइन होती है और सामान लेने के बाद कई कई घंटे बिल देने के लिए लाइन में खड़ा रहना पड़ता है। और वे सप्ताहांत में खरीदारी के लिए मॉल्स में नहीं जाएंगे।

'Time is up', 'Pack up'

Anand mara nahi, Anand kabhi marte nahi

Time is up, Pack up" were the last words of the first superstar of Indian Hindi Film Cinema **Rajesh Khanna**. He passed away after fighting a long battle against cancer on 18th of July 2012.

Special Child : Responsibility of Family & Community

Fame started firstly right from the family so if we want to change the society we should start with ourselves that is the human species must consider every other human being equals not only in your own family but out of your family too i.e. In community we must consider "Family as strong social pillar of the society".

If we think every individual, every member equal in all aspects whether it is belongingness, education, caring, loving and security provided to special children.

The home is the best ideal place where we rear a special children/physically challenged child.

This can usually provide rather meet all the socio-emotional needs and that partially handicapped whether (H.I.) Hearing Impaired, (M.R.) Mentally Retarded and (P.B.) Partially Blind.

We as human species should treat every child as equal

human being. Attitude of Mother/Father/Guardians play pivotal role in rearing child not initially but as well as in the peak stage of growth & development of children.

As special children get older, the level of Interdependence or dependence doesn't only decline normally but it put lot of burden on the guardian/parent. They at this older stage of children see no benefits or see null future of such children. At this stage we should look after them, so apart from family support

the whole attitude of the family must be fraternal.

Every member of the society family must pay special attentive help to them to nurture their future towards bright & right direction. We can sum up the gist of these social responsibilities of family / community in the following tenets.

1. Full support and

guidance of from family.

2. Right from cradle we must categories these children according to their abnormalities whether s/he whether HI/MR/PB, etc.

3. Complete Assessment and follow up Assessment.

4. Quick and prompt treatment of anything /that is treatable.

5. Social belongingness & love, security allows full fledge development of every special child.

6. Special suitable learning atmosphere through adjustable educational opportunities to each Special Child considering

individuals complex problems.

7.

Appropriate facilities like inclusive education special ramp/Special Lift/ Special Toilet/ Special Schools/ smart school along with Special

Care must be given to each needy one.

8. Again last but not the least we should give harmonious atmosphere choice of their career according to their inner urge as in Tare Zameen Per by Aamir Khan

We should not let them go in dark but must pay special attention to such hidden star and help them to illuminate as brightened enlightened personalities.
