## National Conference on Internet Computing & Communication

### Contemporary Issues, Enhancement & Future Aspects

**T**ecnia Institute of Advanced Studies organized National Conference on "*Internet Computing & Communications: Contemporary Issues, Enhancement & Future Aspects*" on 21st April, 2012. The chief guest of the conference was Prof. R. K. Arora, IIT-Delhi.

The conference started with the lighting of lamp by the chief guest Prof. R. K. Arora, IIT-Delhi; Dr. Naseeb Singh Gill, Dept. of Computer Science, MDU, Rohtak; Prof. Z. H. Khan, Jamia Milia Islamia University, Delhi; Dr. Nirmal Singh, Director General Tecnia Kunj; Dr. A. K. Rathore, Director, TIAS, Prof. Rajesh Bajaj Chief Convener, TIAS, Dr. Sanjeev Manchanda, Convener. Dr. A. K. Rathore, Director, TIAS, in his opening remarks said "To serve the right information to the right person at the right time is the need of the hour". The Convener, Dr. Sanjeev Manchanda in the key note speech discussed about major issues related to conference theme.

Chief Guest Prof R. K. Arora said that a human being himself is a network but he is limited by the speed factor which has been enhanced by the Internet. He said that every institute must have their own website which gives every vital detail which is important for the viewers. He said that without security, computing data is useless. He said that computer science

works on one principle i.e. Sharing, searching and storing the data without security compromising. Effective searching is possible only when there is effective storage, means we can successfully retrieve the data if effective storage is done.

Honorable Guest Dr. Naseeb Singh Gill, Dept. of Computer Science, MDU, Rohtak told about the five resources to survive i.e.

computing trends i.e. cloud computing, embedded computing, soft computing, cyber security, digital home smart home etc. Dr. Z. H. Khan, Director of FTK Centre for information technology, Jamia Milia Islamia University, Delhi, told about internet router and importance of internet. He told how the craze of internet is increasing. In 2002 we had only 90 internet router, but now the number has crossed 3600.

Dr Nirmal Singh, General Director, Tecnia Group, stressed upon privacy and security while using internet. Prof Rajesh Bajaj gave the vote of thanks on the inaugural session.

Chief Guest Prof. R. K. Arora emphasized upon security issues related to the use of internet and communications. Guest of honour Prof. Z. H. Khan emphasized on electronic books, mobile apps, game based learning, mobile computing, web 2.0 in teaching and learning. He discussed about

**Lightening of Lamp by Chief Guest Prof. R. K. Arora**

Man, Material, Machine, Money and Time. Now the 6th emerging resource is the information through internet. As a software developer, we should understand the technology and lookout for the gaps and should find out simple and elegant solutions for it." He talked about cyber security and future generation

importance of resources and technology in education.

#### Session - 1

The First session was chaired by Dr. Z. H. Khan, Director, Centre for Information Technology, Jamia Milia Islamia University, Delhi. Ms. Arti Gupta, IITM-Delhi, Mr. Anurag Sharma, KSOU

University-Mysore, Mr. Arvind Verma, GGSIP University-Delhi, Mr. Sumit, TIAS-Delhi and Mr. Ansarul Haque, BERI institute of technology-Delhi presented their research papers. Dr. Z. H. Khan gave concluding remarks and expressed his view on technology and transformation of education. He told about electronic books, mobile applications, game based learning, mobile computing, web 2.0 in teaching and learning. He told about resources and how technology is important in education. Ms. Arti Gupta compared different

increasing real time applications deployment like voice and video over wireless networks, implementing stringent Quality of Service (QoS) parameters has become a significant challenge.

Mr. Ansarul Haque discussed about internet applications, its 24\*7 availability, PHP i.e. a server site scripting language and Java. He pointed client server scripting used for creating dynamic Web Pages, validates user I/P and reduce no. of requests.

#### Session - 2

The second technical session was chaired

data compression and encryption from end to end by adding a process without changing TCP/IP program and the existing TCP/IP-based application.

Ms. Rashmi Sharma about smart computing i.e. a concept that emerges for upcoming computing. She pointed out the role of cloud computing as effective in E-governance & effective, reliable source for communication. They also pointed out services and cloud model (private, public, community, hybrid). She concluded that security is mere advantage of cloud

**Glimpses of National Conference on "Internet Computing and Communication- Contemporary Issues, Enhancement & Future Aspects"**

simulation tools and proposed Matlab as an easy to use and less timing consuming tool for simulation of wireless network. Mr. Anurag Sharma discussed about the role of E-Commerce into the economy is very vital and important whereas the various tools must be required for enhancement the e-commerce activities and the tools like Information and Communication Technology (ICT) and Internet as both are a fundamental platform of worldwideweb. Mr. Arvind Verma discussed about

by Prof. Rajesh Bajaj and co-chaired by Prof. Vijay Singhal. Ms. Simmi Chawla, BLSIT-Bahadurgarh, Mr. Anurag Sharma & Ms. Rashmi Sharma, KSOU University-Mysore, Ms. Apoorva Vashishth & Mr. Ajay K Bansal, TIAS-Delhi presented their papers.

Ms. Simmi Chawla described a communication method with data compression and encryption for use as middle ware in a mobile computing environment & it offers communication

computing. In their query, they answer many questions and tell about difference b/w cloud computing, virtualization and grid computing. Mr. Ajay Bansal presented the futuristic view of emerging IT Technologies. Ms. Apurva discussed about e-commerce related issues and its use.

#### Session - 3

The third technical session chaired by Dr. Anand Sharma, Central University of Haryana and co- chaired by Ms. Shikha Singh, TIAS. Research papers were

presented by Dr. Ajay K Garg - Delhi University, Mr. Shreyash Mishra, Ms. Bhoomika Girdhar - TIAS, Ms. Amrinder Kaur - KITM, Kurukshetra.

Ms. Shikha Singh briefed technical part of this session. Dr. Ajay K. Garg discussed about serious dangers to financial and commercial transactions, national security system, and banking and communication networks inherent in the new technology. Mr. Suyash Mishra discussed the issues on social media. He pointed out about social media its emergence as a growing & significantly social networking channel. Social media changes the way of

also pointed out benefit and disadvantage of social networking. Dr. Anand Sharma concluded this session.

Different researchers from all around the country contributed their research work in the diversified areas of Internet computing and Communications. Learning for audiences is as follows:

**For Academia:** Different researchers demonstrated their finding in the areas of internet computing and communications. These finding will help academicians to correlate their curriculum of these subjects with latest developments. Academicians got a platform to interact with people from

personalities, it'll help them improve their soft skills. Students and researchers got an opportunity to interact with different Experts, Academicians, Researchers and Industry Personalities, It contributed in improving their social networking and will help them finding solutions to their problems and to increase their chances for employment.

**For Industry:** Many new ideas were presented by the researchers. These ideas will be useful for industry to find solutions to the problems faced by them. We expect that these ideas and further developments will contribute to industry in near future.

***Glimpses of National Conference on "Internet Computing and Communication- Contemporary Issues, Enhancement & Future Aspects"***

communication to stakeholders of organization/entities. He categorized out different form of social media as blogs, microblogging etc. he also concerns about social media and social networking. Ms. Ms. Amrinder Kaur gives the overview of wireless sensor networks and their routing challenges and design issues that is faced in designing a protocol for sensor networks. Ms. Bhumika emphasized upon issues related to social networking. She

various academic institutions and industry. **For Student and Researchers:** For students and for researchers this conference had multi faceted benefits. Students got an overview of developments in the areas of internet computing and communications. Researchers got an opportunity to explore latest developments and will utilize this knowledge to explore new ideas in future. Students got an opportunity to analyze the presentational skills of diverse

Contributions and experiences of researchers enriched the learning of upcoming researchers and professionals. The conference was very much able to meet its objectives. We expect that contributions of this conference will guide the upcoming professionals and will be able to leave a mark in the field of Internet Computing and Communications for many years to come.

# Alumni Meet & Farewell

An Alumni Meet cum Farewell to the outgoing batches for Post Graduate students was organized with fervor and gaiety in the Tecnia Institute of Advanced Studies (TIAS) on April 4, 2012. All the Post Graduate students took part in the event

The main objective of organizing the program was to foster the spirit of brotherhood and comradeship among the alumni of the TIAS and providing a forum for the alumni for exchange of ideas on academic and social issues of the day. One objective behind this program was to open branches of Alumni association in various parts of the country and across the world and perform all other acts in furtherance of the objectives of the association through the alumni of the Institute.

The day started with the meeting of representatives of alumni associations where various issues were invited, discussed and incorporated.

The Alumni meet started with the lighting of the lamp by Dr. Nirmal Singh Director General, Tecnia Group; Dr. A. K. Rathore, Director, TIAS, Prof. Rajesh Bajaj, Chief Convener; Dr. Sandeep Kumar, Quality Head; Dr. Sanjeev Manchanda, Ms. Shivani Solanki, Dr. Bharat Kumar and faculties of

all the departments.

Director General of Tecnia Group Dr. Nirmal Singh gave his blessings to the outgoing and former students. Dr. Singh said that this alumni meet gives a nice platform for making a connection between past and present students.

Dr. Ajay Kumar Rathore, Director TIAS, motivating the outgoing students and alumni, said that the Institute has gained a new height with contributions of its students in the corporate world. Stressing the need for organizing such type of events, he aimed at providing a positive educational platform among students through the interaction with former and current students.

Chief Convener TIAS, Prof Rajesh Bajaj advised the students to strike a balance between reality and idealism in practical life. He said, "Ideally, each pass out should find an ideal environment based on theoretical business models taught here. But practically that may not be available in totality. There would be a lot of adjustments, twists and turns, compromises and what not. This is what the students have to be prepared for. The earlier you learn, better it would be for you and your career."

Dr. Sanjeev Manchanda, HOD, MCA give

his heartily wishes for the career of the students. Dr. Sandeep Kumar, Head, Quality Control expressed that the students must contact their seniors for getting the internships, training and jobs. Ms. Shivani Sholanki in Vote of thanks wishes all the students for their exams and better future.

Alumni Ms Anchal Chopra, Ms. Sonika Jindal and Mr. Rohan were specially felicitated for their contribution to professional world. They shared their experiences in the professional life. They believe that the professional life is altogether different from their student life. There is no shorter way of getting success, the only way is doing hard and sincere efforts.

Along with this meet, the final year students were given a grand farewell with loving remarks by their juniors.

All the alumni members and students from outgoing batches got a nice platform for interaction with each other. The alumni shared their experiences with the students. The outgoing students discussed with the seniors the prospects of job opportunities in the practical field.

# मोम का टुकड़ा

“सारी रात जगाए रे दिल्ली की सर्दी.....” मेरे पड़ोस में कोई नासमझ इंसान ये थर्ड क्लास गीत बहुत जोर से बजा रहा था। दिल्ली की झुलसा देने वाली गर्मी में वह न केवल अपने आप को झूठी तसल्ली दे रहा था, बल्कि अड़ोस-पड़ोस के व्यथित मनुष्यों के साथ भी उपहास कर रहा था। इतने में न जाने बिजली को क्या ठिठोली सूझी, पूरे मुहल्ले को छोड़ मेरी बिल्डिंग की ही बिजली चली गई। विडंबना देखिए कि उस रात मैं अकेली थी। समस्या केवल गर्मी की होती तो कोई और बात थी, मुझे अंधेरे का भी भय सता रहा था। इसी लिए हिम्मत जुटा कर मैंने अपने पड़ोसी की मदद लेना मुनासिब समझा। जलती हुई मोमबत्ती मेरे हाथ में देकर वह पयूज बनाने लगे। और इस प्रकार मेरी कष्टसाध्य यात्रा प्रारंभ हुई। अपने हाथ को जलने से बचाने की कोशिश में जब कभी मैं मोमबत्ती को झुकाती वो

बुझने लगती। हार मान लेना मेरे स्वभाव में नहीं है, तो भला मोम का एक टुकड़ा मुझसे जीत कैसे सकता था। मैंने भी ठान लिया कि आज या तो उसकी जिद चलेगी या मेरी। जब तक वो भला इंसान बिजली के तारों के साथ खेलता रहा, मैं चुपचाप मोम के उन थपेड़ों को बर्दाश्त करती रही। हाथों की जलन से मेरी आंखों के मोत पिघलने के कगार पर थे, सब्र का बांध बस टूटने ही वाला था। पर शायद ऊपरवाला भी मुझे इस तरह कमजोर होता हुआ नहीं देख पाया, और न जाने कितनी मिन्नतों के बाद बिजली फिर से मेहरबान हो गई। बल्ब के जलते ही वो मोमबत्ती का टुकड़ा मेरे हाथ से छूट गया। ऐसा लगा कि मानो जिंदगी दोबारा

लौट आई हो।

जैसे-तैसे उस भले इंसान का शुक्रिया अदा कर मैं अपने कमरे की ओर भागी। रोशनी में नजर आया कि मेरी हथेली बुरी तरह लाल हो चुकी थी, जलन अब और भी ज्यादा तकलीफ देने लगी थी। अपने जले पर मलहम लगाते हुए मैं उस मोमबत्ती को कोसने लगी। उसकी यह हरकत मेरे दर्द का सबब बन गई।

अंधेरे के डर ने मुझे अपने पाश में कुछ इस तरह जकड़ रखा था कि मैं हर कष्ट सहन कर सकती थी, पर आज वह डर भी जाता रहा। फिर यह ख्याल आया कि उस मोमबत्ती का कसूर ही क्या था? वो खुद पिघल कर मुझे रोशनी दे रही थी, और मैंने उस निर्जीव

क ही मुजरिम मान लिया।

जिंदगी में कितने रिश्ते इस मोमबत्ती की तरह होते हैं, जो खुद को फना करके भी हमें रोशनी देते हैं। और आश्चर्य है कि

अपनी तकलीफों के लिए उन्हें उत्तरदायी ठहराते समय हमें क्षण भर का समय भी नहीं लगता। सोचो अगर वो मोम का टुकड़ा जलने से इंकार कर देता, तो सारी रात भर गर्मी और अंधेरे की मार झेलनी पड़ती।

अब इसे अपराध बोध कहिए या आभार बोध मैं उस मोमबत्ती को उठा कर अपने कमरे में ले आई। और एक निश्चय किया कि कभी भी अपनी कमजोरी को छिपाने के लिए किसी और को कसूरवार नहीं मानूंगी। फिर अचानक ऐसा लगा कि जलन अब कम हो रही है शायद अपराध बोध या आभार बोध से या फिर समय के गुजरने से।

— पूजा कुमारी

## मजबूरी या भ्रष्टाचार

भ्रष्टाचार का लुत्फ तो आज हर कोई उठा रहा है। भ्रष्टाचार हर घर, गली, चौबारे में है, चहुं ओर भ्रष्टाचारियों का राज है। इसी तरह से भ्रष्टाचार पूरे देश में अपनी जड़े फैला रहा है। दूसरे इन्सान में इसे खत्म करने के लिए हर इंसान तत्पर है। पर जब बात खुद पर आती है तो हम खुद ही भ्रष्ट हो जाते हैं।

मैं भ्रष्टाचार के खिलाफ लिख तो रही हूँ लेकिन बात अगर मैं खुद की ही करूँ तो जरूरत पड़ने पर मैं स्वयं ही इसे बढ़ावा दे चुकी हूँ। कुछ समय पहले मुझे देहरादून से दिल्ली आना था। ट्रेन की टिकट 15 दिन पहले करवा चुकी थी पर कन्फर्म नहीं थी, 30-35 की वेटिंग थी। पर लगा कि कन्फर्म हो जाएगी। पर जब मैंने एक दिन पहले टिकट का पता किया तो वह कंफर्म नहीं थी और मेरा देहरादून पहुंचना बहुत जरूरी था। फिर मैं रेलवे आरक्षण विभाग गई और अपनी टिकट रद्द करवाई और उनसे किसी दूसरी ट्रेन के संदर्भ में पूछताछ की तो उन्होंने साफ मना कर दिया कि किसी भी ट्रेन में जगह नहीं है सब फुल हैं।

मैं पूरी तरह सोच में पड़ गई कि अब क्या होगा क्योंकि मेरा देहरादून पहुंचना बहुत जरूरी था। तभी एक सहयोगी अधिकारी ने मुझे बुलाया और मेरी परेशानी की वजह पूछी। मैंने उन्हें अपनी आप बीती सुना दी। मेरी आप बीती सुनकर उनकी प्रतिक्रिया देख कर मैं कुछ पल के लिए खुश हो गई क्योंकि उन्होंने मुझे विश्वास दिलाया कि वह मेरी टिकट कंफर्म करवा देंगे। होश तो मेरे तब उड़े जब उन्होंने मुझे कहा कि मुझे टिकट के पैसों के अतिरिक्त 500 रुपये देने होंगे। पहले तो मुझे उन पर और उनकी बात पर बहुत गुस्सा आया लेकिन मैंने सोचा कि मेरा जाना जरूरी है और इसके अलावा कोई चारा भी नहीं है। फिर मैंने उनसे विनती करके 300 रुपये अलग से टिकट कन्फर्म करा ली। और इस तरह मजबूरी के कारण मुझे भ्रष्टाचार और भ्रष्ट लोगों से हाथ मिलाना पड़ा।

परंतु आज जब मैं उस दिन को याद करती हूँ तो मुझे खुद पर गुस्सा आता है कि अगर उसी दिन मैं भ्रष्टाचार और भ्रष्टाचारियों के खिलाफ आवाज उठा देती तो आज उस जैसे कई सरकारी कर्मचारी जो कि सरकारी जो कि सरकारी तन्खाह और सरकारी सुविधाओं का लुत्फ उठाने के बावजूद लोगों की मजबूरी का फायदा उठा कर अपनी जेबें गर्म करते हैं। अपने ही देश में अपने लोगों को लूटना कहां की इंसानियत है।

This Month

April 2, 1513 - Spanish explorer Ponce De Leon sighted Florida and claimed it for the Spanish Crown after landing at the site of present day St. Augustine, now the oldest city in the continental U.S.

\*\*\*\*\*

April 7, 1712 - In New York City, 27 black slaves rebelled, shooting nine whites as they attempted to put out a fire started by the slaves. The state militia was called out to capture the rebels. Twenty one of the slaves were executed and six committed suicide.

\*\*\*\*\*

April 14, 1775 - In Philadelphia, the first abolitionist society in American was founded as the "Society for the relief of free Negroes unlawfully held in bondage."

\*\*\*\*\*

April 18, 1775 - The Midnight Ride of Paul Revere and William Dawes occurred as the two men rode out of Boston about 10 p.m. to warn patriots at Lexington and Concord of the approaching British.

\*\*\*\*\*

April 19, 1775 - At dawn in Massachusetts, about 70 armed militiamen stood face to face on Lexington Green with a British advance guard unit. An unordered 'shot heard around the world' began the American Revolution. A volley of British rifle fire was followed by a charge with bayonets leaving eight Americans dead and ten wounded.

\*\*\*\*\*

April 2, 1792 - Congress established the first U.S. Mint at Philadelphia.

Basics of Media

**Amplifier:** A device that increases the amplitude of an electric signal.

\*\*\*\*\*

**Amplitude:** The magnitude of a sound wave or electrical signal, measured in decibels.

\*\*\*\*\*

**Amplitude Processor:** A signal processor that affects a signal's loudness.

\*\*\*\*\*

**Analog Recording:** A method of recording in which the waveform of the recorded signal resembles the waveform of the original signal.

\*\*\*\*\*

**Anechoic Chamber:** room that prevents all reflected sound through the dissipation or the absorption of sound waves.

\*\*\*\*\*

**Assemble Editing:** Dubbing segments from one tape or tapes to another tape in sequential order.

\*\*\*\*\*

**Atmos:** Short for atmosphere, the British term for ambience.

\*\*\*\*\*

**Attack:** (1) The way a sound begins that is, by plucking, bowing, striking, blowing, and so on. (2) The first part of the sound envelope

\*\*\*\*\*

**Attack Time :** The length of time it takes a limiter or compressor to respond to the input signal.

Compilation: Rahul Mittal & Vipul Partap

## Success in a student list

Discipline is the mantra  
Which you should always keep in mind,  
Work hard and party harder  
For others you should always be kind.

Truth and honesty should be your wheel  
Upon which you work with full zeal,  
Be it academics or be sports  
You excel everywhere with fair play and deal.

Friendship is the bond  
Which should be always Cherished ,  
Always feel happy,elated and  
Let your creative energy be unleashed.

Think big and tread towards your goal  
With pure heart and pure soul ,  
Make your parent and country proud  
Fill the gap left by others and fill the holes.

Tension should be given in pension  
By you for it create no solutions,  
Always obey your elders and teachers  
Succeed with their blessings.

## Funny Definitions

**School** - A place where papa pays and beta plays.

**Discipline** - A word which is missing from the student's dictionary.

**Books** - Sheets of papers bound together with printed matter inside but utilized more than to hide Comics.

**Class Room** - A place over crowded with student s resulting in more students outside than inside.

**Alarm Clock** - A device which jealous while you are sleeping.

**Kindness** - A language which the deaf can hear and blind can see.

**Doctor** - A person who kills your ills by pills and kills you with his bills.

**T.V.** - A box that shows everything that can be understood.

**Money** - A guest who never stays too long.

**Insurances** - A plan that keeps you poor all your life, so that you die rich.

**Pawan Chaudahary**

## 365 Days

It is not my fault that I fail because the year has only 365 days typical academic year for a student:

**Sundays** in year 52, these are rest day so a student should not study, balance 313 days.

**Summer holidays** 52, where students are busy doing summer holiday home work, so not study, balance 261 days.

8 hours **sleep** daily means 122 days, balance 139 days.

1 hour daily for **playing** means 15 days, balance 124 days.

1 hour daily for **chewing** means 15 days, balance 109 days.

1 hour daily for **chatting** means 15 days, balance 94 days.

**Exam days** for year at least 40 days, balance 53 days.

Quarterly, half yearly & **festival** holidays 50 days, balance 3 days.

For **sickness** 1 day, balance 2 days.

**Functions**, marriages 1 day, balance 1 day. That 1 day is my **birthday**.

How can I pass?????

**Pawan Chaudahary**

## IMPORTANT QUOTES

"You may not be interested in war, but war is interested in you."

- Leon Trotsky

\*\*\*\*\*

"I do not feel obliged to believe that the same God who has endowed us with sense, reason, and intellect has intended us to forgo their use."

- Galileo Galilei

\*\*\*\*\*

"We are all atheists about most of the gods humanity has ever believed in. Some of us just go one god further."

- Richard Dawkins

\*\*\*\*\*

"The artist is nothing without the gift, but the gift is nothing without work."

- Emile Zola

\*\*\*\*\*

"The full use of your powers along lines of excellence."

- John F. Kennedy

\*\*\*\*\*

"I'm living so far beyond my income that we may almost be said to be living apart."

- E E Cummings

\*\*\*\*\*

## Winners V/s Losers

Part-9

Everyone's a winner if that is what they choose,

Unless their choice is something else,  
Then of course they lose.

\*\*\*\*\*

Winners always have ideas, While losers fix the blame,

They two might seem to be alike, They sure don't think the same.

\*\*\*\*\*

All winners have a dream,  
Of what they want to do,  
Then plan their life to reach their goal,  
And make their dreams come true.

\*\*\*\*\*

to be continued  
in next issue
