FILM ACTRESS SONAM KAPOOR IN TECNIA INSTITUTE OF ADVANCED STUDIES

FILM ACTRESS BIPASA BASU IN TECNIA INSTITUTE OF ADVANCED STUDIES

Tecnia Institute of Advanced Studies organized its first academic fest "TECHNOVISION IT Fest" on 26th September, 2014 in the Multipurpose Hall. It commenced with the registration of the participants. Dr. Nand Kumar, Director, Manav Rachna Group of Institutions was the Chief Guest of the Fest. The convener of this fest was Mr. Mohit Tiwari.

This fest started with an aim to provide a platform to the students to prove their technical competence and talent. It was a veritable fest where students competed with other contenders to prove themselves best. The fest was being held this year with a plethora of technical events like Websites Designing, IT Quiz, Software Programming, Technical Paper Presentation, Internet Surfing, Extempore and Ad-Mad Show competition, E-Poster Making etc. 387 students from various colleges participated in the event. The Fest began with Saraswati Vandana &

Chief Guest, Mr. Nand Kishore Director Manav Rachna Group of Institutions and other dignitaries from TIAS during Lighting of Lamp Ceremony

Lighting of lamp by all the dignitaries. In the opening remarks Dr. Rajesh Bajaj, Chief Convener, TIAS focused on the significance of Information Technology in the modern era. Dr. A.K. Rathore, Director, Tecnia Institute of Advanced Studies talked about the various co curricular activities relevant in the current scenario. Dr. Nand Kumar, Director, Manav Rachna Group of Institutions, Chief Guest of IT Fest emphasized on upgrading students for being the part of corporate world. Dr. Vijay

Singhal, HOD, MCA further encouraged the students.

WEBSCAPE (Website Design): In Webscape students showcase their web skills and create attractive and informative sites using latest tools and technologies like dot net, Java, PHP etc under

supervision of Dr. Jitendra Rai. 28 students participated in the event. The judges of this event were Dr. A. P. Singh & Mr. Rahul Mittal. Judgment was made on the basis of content, template design, connectivity, coding of each student.

Tanu Nirwal & Varun Dev from TIAS grabbed first position; Ashish Bindal of IGNOU was Runner-up in this event. Student coordinators for this event were Sakshi aggarwal & Piyush arora of MCA-2nd.

TECH MASTERS (IT Quiz): Brace thyself with the right knowledge, spirit, enthusiasm and attentiveness to play IT quiz, where you lock horns with other warriors from different colleges to emerge victorious. Information is power and power alone will determine who stand and who falls under supervision of Dr. Vaibhav Bansal. Sunil Kumar & Diyu Dinesh from GIBS and Sathi & Bhanupriya of TIAS emerged as the winner & Runner-up respectively.

RAPID CODERZZZ. (Software

डा. राधाकृष्णन

- भारतीय दर्शन के व्याख्याता

समय-समय पर भारत में महान विभूतियों का जन्म होता रहा है, जिन्होंने अपनी प्रतिभा से समाज तथा देश नाम रोशन किया। ऐसे ही महापुरुषों में से एक डा. सर्वपल्ली राधाकृष्णन हैं जो बहुमुखी प्रतिभा के धनी होने के साथ-साथ महान शिक्षक भी थे, इसीलिए उनके जन्मदिन को शिक्षक दिवस के रूप में भी मनाया जाता है।

डा. राधाकृष्णन का जन्म 5 सितम्बर 1888 को चेन्नई से लगभग 80 किलोमीटर दूर चित्तूर जिले के तिरुतानी शहर के एक छोटे से सीन प्रागानाडू में हुआ था। पिता की प्रेरणा और माता के प्यार से राधाकृष्णन की बचपन से ही हिन्दू धर्म के प्रति गहरी दिलचस्पी होने लगी थी। इनके पिता वीरस्वामी एक आदर्श शिक्षकस्नातकोत्तर की उपाधि प्राप्त की और उसी वर्ष उनकी नियुक्ति मद्रास के ही प्रेसीडेंसी कॉलेज में दर्शनशास्त्र के प्रोफेसर के पद पर हुई। उनकी योग्यता और अध्ययनकुशलता के कारण 1918 में उन्हें तीस वर्ष की आयु में ही मैसूर विश्वविद्यालय के आचार्य पद पर नियुक्त किया गया। 1921 में कलकत्ता विश्वविद्यालय के कुलपति आशुतोष मुखर्जी के निमंत्रण पर मैसूर में किंग जार्ज में प्रोफेसरशिप इन मेंटल एंड मॉरल फिलॉसफी के पद पर नियुक्त किया गया।

1926 में विजिटिंग प्रोफेसर के रूप में डा. सर्वपल्ली राधाकृष्णन ने हारवर्ड विश्वविद्यालय में आयोजित दर्शन कांग्रेस में भारत का प्रतिनिधित्व किया। वंहा जावेट, हास्कल आदि व्याख्यानमालाओं में भारतीय संस्कृति और धार्मिक मान्यताओं के संबंध में नवीन व्याख्याएं प्रस्तुत कर विदेशी वैज्ञानिकों को भी आश्चर्यचकित कर दिया। भारत के

त त क ा ली न वायसराय लार्ड इर्विन की संस्तुति पर उन्हें 1931 में नाईट की उपाधि प्रदान की गई। एक उत्कृष्ट व क त ा के साथ-साथ डाराधाकृष्णन

उच्चकोटि के लब्ध-प्रतिष्ठ लेखक एवं कुशाग्र बुद्धि के धनी व्यक्ति थे। उन्होंने एथिक्स एंड वेदांत एंड माई फिजिकल प्रोसपोसेशंस, भारतीय दर्शन, मनोविज्ञान की आवश्यकताएं, उपनिषदों का दर्शन, जीवन की हिंदू धारणा, जीवन की आदर्श धारणा, श्रीभागवद गीता, स्वतंत्रता और संस्कृति, विश्वास का पाना, महान भारतीय, ब्रह्मसूत्र और सत्य की खोज आदि अनेक पुस्तकें लिखीं। आक्सफोर्ड विश्वविद्यालय में 1936 में प्रोफेसर ऑफ ईस्टर्न रिलीजन्स एंड एथिक्स के पद पर नियुक्त होने वाले प्रथम भारतीय होने का गर्व उन्हें प्राप्त हुआ। उन्होंने 1937 में आंध्र विश्वविद्यालय का और उसके बाद अगस्त 1939 से 1948 तक काशी हिंदू विश्वविद्यालय के उपकुलपति पद को सुशोभित किया। इसी वर्ष उन्हें यूनेस्को के अधिशासी मंडल का अध्यक्ष चुना गया और भारत सरकार ने विश्वविद्यालय अनुदान आयोग का अध्यक्ष भी नियुक्त किया।

डा. सर्वपल्ली राधाकृष्णन ने 1909 में मद्रास विश्वविद्यालय से दर्शनशास्त्र में उन्हें संविधान सभा का सदस्य बनाया गया। अपने प्रथम भाषण में उन्होंने स्वराज्य शब्द की दार्शनिक व्याख्या की। डा. राधाकृष्णन को भारत सरकार ने 1949 में सेवियत संघ में राजदूत नियुक्त किया। वहां पर

उन्होंने भारत-सोवियत मैत्री की सुदृढ़ आधारशिला रखी। 1952 में भारतीय गणतंत्र का प्रथम उपराष्ट्रपति चुना गया। 1954 में उन्हें भारत के सर्वोच्च सम्मान भारत रत्न से अलंकृत किया गया। 13 मई 1962 को इस महान शिक्षाविद् एवं दार्शनिक ने भारत के द्वितीय राष्ट्रपति के पद को सुशोभित किया। जुलाई 1962 में उन्हें ब्रिटिश एकेडमी की ऑनरेरी फेलोशिप प्रदान की गई। डा. राधाकृष्णन की तुलना डा. बर्टेन्ड रसल, जी. ई. भूरे एवं कार्ल जास्पर्स जैसे विश्व प्रसिद्ध दार्शनिकों में की जाती है। शिक्षण और शिष्य उन्हें सबसे ज्यादा प्यारे थे। जिसने भी उनसे शिक्षा ली वे आज भी शिक्षक के रूप में

उन्हें सम्मान से याद करते हैं। एक दार्शनिक होने के कारण डा. राधाकृष्णन के शैक्षिक दर्शन में धार्मिक, नैतिक एवं लोक कल्याणकारी विचारों का सामंजस्य, भारतीय संस्कृति के प्रति उदारभाव तथा विश्व बंधुत्व की भावना की प्रमुखता है। उनका उद्देश्य समाज को ऐसे श्रेष्ठ और प्रतिष्ठित रूप में विकसित करना चाहते थे, जिससे प्रत्येक मनुष्य को अपनी योग्यता के अनुसार देश के विकास में योगदान का पूरा अवसर मिले। उनका मानना था कि मनुष्य के विचारों को श्रेष्ठ बनाने के लिए शिक्षा की महत्त्वपूर्ण भूमिका है और शिक्षा से शिष्ट, चरित्रवान तथा स्वावलंबी नागरिक तैयार होते हैं। उनकी राय में संसार के सभी मनुष्य एक ही परिवार के सदस्य हैं। इसलिए हमें एक दूसरे की सभ्यता, संस्कृति और राष्ट्रीयता की रक्षा करनी चाहिए। राष्ट्रपति पद का कार्यकाल पूरा करने के बाद वे मद्रास में रहकर दर्शनशास्त्र के अध्ययन-अनुशीलन में तल्लीन हो गए। 6 अप्रैल, 1975 को उन्हें दिल का दौरा पड़ा और डाक्टरों के अथक प्रयासों के बावजूद उनका 16 अप्रैल 1976 को उनका स्वर्गवास हो गया।

— राहुल मित्तल

Technovision *Contd. from pg 2.....*

Rashmi Ishrawat, Pooja & Shruti Bajaj from IGNOU and Maninder Kalra & Neha Thakur of TIAS stood as the winner & Runner-up respectively.

TECH-SCRIPT (Technical Paper Presentation): It provides a platform to inculcate in the students

Programming): Students from different Institutes have participated for the Software Programming Test. The programming

languages for the Software Programming were C/C++. Total 27 teams, each consist of 2 students, were registered for the Software Programming. A preliminary round of MCQ based on Software Programming was conducted and 10 teams were shortlisted. Then teams were given a problem in their registered languages. The

time to complete the task was

1 hour and criteria for judging the team was logic, documentation and overall presentation under supervision of Ms.

a culture of research, thinking and presenting ideas & technology in a professional manner. 12 students

Dr. Vijay Singhal felicitating Chief Guest Dr. Nand Kumar, Director, Manav Rachna Group of Institutions

participated in this event. Judges of this event was Mr. Mohit Tiwari. Judgment was on the basis of content, Innovation,

Delivery, Presentation and Question Handling of each student. Faculty Coordinator for this event was Dr. Vijay Singhal. Sagar Bhardwaj & Kshitij Samuel from BBA, TIAS took the first and Mayank Kumar MBA (3sem) took second position.

GAMER'S LOUNGE

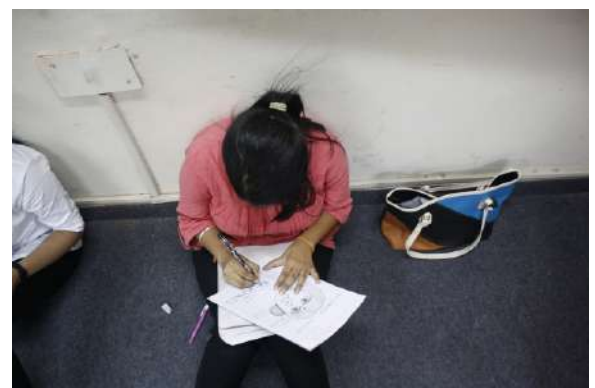

(LAN Gaming): Gamers' Lounge is fight to win, fight to survive and come out with the victory. Spontaneity, intellect, Exuberance

and passion are the key to win. Act now, Act Fast.....IF YOU DARE!!! under supervision of Dr. Vishal Khatri & Mr. Aman Chauhan. In the prelims' round for this event 40 students had participated in NFS and out of them 4 went through to the final and 4 teams had participated in Counter Strike and out of them 2 went through to the final round. Judgment was on the basis of winning the game. Sahil Malik BBA, TIAS took 1st in the

NFS and Alau C. George's (Team) as winner in the Counter Strike.

GOOGLE DANCE (Internet Searching

Competition) - An event from which we match the speed of participants with the Google. For that they have to search the given topic i.e. (Cryptography, Common Wealth Games) and make the presentation on the given topic. The total participants were 20 out of those 06 were selected for the final round. The judges for this event were Ms.Rashmi Isharawat & Ms. Alka Batra. The faculty coordinator was Ms. Aarti Bajaj.

Piyush MCA 1st, TIAS grabbed first and Shubham Sharma BBA 1st, TIAS grabbed Runner-up position.

MIND - JOLT (Extempore) -A minute of perfection was worth the effort. A moment was the most you could ever expect from perfection. Here candidate will be given the topic to speak on the spot. In the prelims' round 34 students participated and out of them 5 went through to the final round.

Judges of this event were Ms.Rashmi Isharawat & Ms. Alka Batra. Judgment was on the basis of content, delivery and overall presentation of each student. Mahi BJMC 3rd ,TIAS emerged as the winner and Neha Garg BJMC 3rd ,TIAS as Runner-up. Faculty Coordinator for this event was MS. ALKABATRA.

AD-MAD SHOW (Advertisement): If you think that you have the ability to play with products and have the ability to speak on

anything that is given to you, then this could be your chance to stardom...in the language, that's it... under supervision of Dr. Gurvinder Kuar. In this event judges decided Harsh's (Team) BJMC- 1st ,TIAS as the winner and Deepika's (Team) MBA 1st ,TIAS as Runner-up. The students learnt about the participation and team spirit. The students proved

their technical competence and talent. Mr. Mohit Tiwari, Convener of TECHNOVISION - IT Fest in her closing speech submitted her regards to all the dignitaries, faculty and students for their participation, cooperation and presence for the event. TECHNOVISION - IT Fest completed with great success.

Workshop on Wellness of Society

A workshop is organized by Tecnia Institute of Advanced Studies on 24th September 2014 on "Wellness of the Society begins with Family health" based on female health and hygiene for the female students.

The resource person "Dr. Shilpi Khare" a renowned Gynaecologist and Obstetrician

highlighted various aspect of female health including Puberty, Menarchy, Pre and Post Menstrual Cycle, and various problems related to menstruation. She started with elementary knowledge about female reproductive system and organs when they become sexually mature. She explained various technical terms related to it. She also provided knowledge about the process that leads to pregnancy. She told the students about various common problems associated with menstrual cycle and how to maintain hygiene during such conditions. She also explained in detail various such problems like DYSMENORRHOEA, its occurrence, features, diagnosis and treatment. She also discussed about the other problem that commonly occurs in females is PCOS i.e. Polycystic Ovarian Syndrome.

Dr. Shilpi told students about various symptoms to diagnose it, complications that it could create and its treatment. She also highlighted the importance of a well

balanced lifestyle, diet and exercise. A very common problem with females is that of PMS- Pre Menstrual Syndrome that occurs before the onset of menses. She told about its symptoms and its consequences as well as treatment. She explained the basics of a healthy family are a family woman as it is directly affects her children, siblings and spouse.

The information provided by Dr. Shilpi was not only educative but also enduring.

B. K. Mishra

It's Hope That Keeps Us Going

Hope literary means “expectation and desires combined”, or “feeling of trust”. Hope, though deceitful, carries us pleasantly to the end of life because it is hope that keeps us alive. We all hope and reaffirm our Faith in situations when we are distressed or disappointed and even though some like to say that hope is merely disappointment deferred. A hopeful man always sees success rather than failure, the sunrise rather than sunset, and hope is the pillar that holds up the world and allows us to cherish our dreams.

Life is full of surprises and life is not always fair. We can never predict with certainty what is going happen. Therefore one should not become depressed at the unexpected and not get dismayed when things don't go according to plan. Nothing ever remains the same. In Judaism, hope is the highest act of faith. Despair is a sin for which there is no forgiveness.

Hope is internal whereas wish and desire are external factors. Desires and aspirations for attaining or possessing something can lead to disappointments. We often mistake a desire of the body for a yearning of the soul. We ought to consider our wishes in life to determine which are ephemeral and which are truly worthwhile.

Hope is also an expectation though it is said a person who expects nothing shall never be disappointed. It is true that one should not have expectations or else he will be disappointed if his hopes are not fulfilled yet, you are advised to live with hope. Expectation is something reciprocal and invective whereas hope is sufficient unto itself. It is said that there is no medicine like hope, no incentive so great and no tonic so

powerful.

We keep our hopes alive via faith and vision. Because we have faith, we have a future. Jews survived because they are optimistic. No obstacles stopped them. No crisis dismayed them. No catastrophe crushed them. They swallowed the bitterness of life and pursued the sweetness thereof because hope and faith in the Almighty kept them

alive.

God gives us strength, courage, patience and hope, renewing our spiritual resources. We hope for serenity, tranquility of mind and a peaceful, joyous, harmonious and healthy, successful life without fear, worry or tension. We must learn to have confidence in ourselves so that we can face the future unafraid and help make our lives as long and fulfilling as possible.

Hope and imagination are always linked together because imagination can be a source of fear. Worry and fear are destructive and suck away energy.

The only thing we have to fear is fear.

If we have faith nothing is impossible in this world. Faith is an inner conviction whereas prayers are premised on faith in divinity within. Rituals are only aids to help us find ourselves. Prayer may not end all suffering but it can certainly help us to endure well what cannot be cured. However, we need to remember that faith alone can never be a substitute for executing one's responsibilities in life. A pragmatic approach is necessary.

Life is not always easy, comfortable or simple. Life is very complex with its unexpected twists and turns. There will always be tensions, worries, problems perhaps in differing degrees or intensity -- because each one of us has special desires, hopes, expectations, beliefs and attitude. Therefore philosophy teaches us to hope and we attain salvation through good deeds. The writer is priest and honorary secretary, Judah Hyam Synagogue, New Delhi.

Dr. Vaibhav Bansal

HOPE
is the little voice you
hear whisper "maybe"
when it seems the entire
world is shouting "no!"

Workshop on Software Testing

A Workshop on Software Testing was organized for the students of MCA Department in Multi Purpose Hall (PG

Block) of Tecnia Institute of Advanced Studies, Delhi on September 13th, 2014. The resource person was Mr. Anjani, Corporate Trainer, Ducat, Noida. The convener of the workshop Dr. Jitender Rai introduced the resource person to the students.

The objectives of the workshop were to understand the essential characteristics of tool used for test automation; to motivate and enrich the students to take testing as a career; to identify any defects injected by programmers and not detected in normal debugging and to study the code to ensure that each and every line of code is tested.

The workshop was divided into four modules. First module Introduction to SQT includes Introduction to Testing, Quality Assurance & Quality Control; Software Development Life Cycle (SDLC); Introduction Software Testing Techniques (Black Box, White Box, Grey Box) and Testing Levels. Second module Manual Testing comprises of Understanding Software Test Life Cycle (STLC); Identifying Testing Artifact (Test Plan, Designing Test Cases, Optimizing Test Cases); Executing Testing Artifacts and Bug Life Cycle

Module 3 Introduction to Automated testing Tools includes Quick Test Professional (QTP); Load Runner (LR); Quality Center (QC) where as Module 4 features for the Future, Scope & Career in SQT.

The students come to know about various test processes and continuous quality improvement; Types of errors and fault models; Methods of test generation from requirements; Behavior modeling using UML: Finite state machines (FSM); Test generation from FSM models; Input space

modeling using combinatorial designs; Combinatorial test generation; Test; adequacy assessment using: control flow, data flow, and program mutations; the use of various test tools and

application of software testing techniques in commercial environments

Dr. Jitender Rai

This Month

September 3, 1783 - The Treaty of Paris was signed by John Adams, Ben Franklin and John Jay, formally ending the American Revolutionary War between Britain and the United States.

September 17, 1787 - At the Constitutional Convention in Philadelphia, delegates from twelve states voted unanimously to approve the proposed U.S. Constitution.

September 13, 1788 - The U.S. Congress chose New York as the Federal capital of the new American government.

September 2, 1789 - The third Presidential cabinet department, the U.S. Treasury, was established by Congress.

September 25, 1789 - The first U.S. Congress proposed 12 Amendments to the Constitution, ten of which, comprising the Bill of Rights, were ratified.

September 29, 1789 - Congress created the United States Army, consisting of 1,000 enlisted men and officers.

Compilation: Dr. Vaibhav Bansal

Basics of Media

Clip Light - Small internal reflector spotlight that is clipped to pieces of scenery or furniture with a gator clip. Also called PAR (parabolic aluminized reflector) lamp.

Cookie - A popularization of the original term cucoloris or cucaloris. Any pattern cut out of thin metal that, when placed inside or in front of an ellipsoidal spotlight (pattern projector), produces a shadow pattern. Also called gobo.

Dimmer - A device that controls the intensity of light by throttling the electric current flowing to the lamp.

Ellipsoidal Spotlight - Spotlight producing a very defined beam, which can be shaped further by metal shutters.

Flag - A thin, rectangular sheet of metal, plastic, or cloth used to block light from falling on specific areas. Also called gobo.

Floodlight - Lighting instrument that produces diffused light with a relatively undefined beam edge.

Fluorescent - Lamps that generate light by activating a gas-filled tube to give off ultraviolet radiation, which lights up the phosphorous coating inside the tubes.

Workshop on Aptitude and Soft skills

A Workshop on Aptitude and Soft skills was organized for the students of MCA Department in Multi Purpose Hall (PG Block) of Tecnia Institute of Advanced Studies, Delhi on September 12th, 2014. The resource person was Mr. Jayant, Corporate Trainer, Talent Developers. The convenor of the workshop was Dr. Jitender Rai introduced the resource person to the students.

The objectives of the workshop were to develop effective communication and presentation skills; to train the students for better performance during interviews and to make the students ready for aptitude test with full confidence.

The workshop was divided into three sessions of 60 minutes each. The first session comprises of

Quantitative Aptitude which covers Average, Numbers, HCF & LCM; Percentage; Time & Work; Simple Interest; Compound Interest; Probability; Equations and all basics or commons topics which comes in all competitive exams.

The second session comprises of Verbal Aptitude which covers Verbal and Reasoning; Verbal Ability; Logical Reasoning; Verbal Reasoning; Non Verbal Reasoning. The third session of Soft skills includes Choosing a Career; How to Hunt for a Job; Making Great Resumes and Designing Cover Letters; Power Dressing; Body Language at Interviews; Answering Frequently Asked Questions; Group Discussions; Personality Assessments.

Mr. Jayant conducted the quantitative and verbal aptitude tests. After conducting the tests, he discussed the answers with students and elaborated the methods to

solve such problems. It was followed by a session on soft skills where students were briefed on various topics detailed in session three mentioned above. He successfully answered the students' queries. Entire workshop was a good learning experience for the future IT professionals.

Students learnt to develop effective communication skills; Develop effective presentation skills; Become more confident and effective communicators in the workplace; Conduct effective business correspondence and prepare business reports which produce results; Become self-confident individuals by mastering inter-personal, team management, and leadership skills. They also learnt to Develop all-round personality with a mature outlook to function effectively in different circumstances; Develop broad career plans, evaluate the employment market, and identify the organizations to get good Placement, match the job requirements and skill sets; Take part effectively in various selection procedures adopted by the recruiters.

Winners V/s Losers

Part-38

Winners believe in win/win; Loser believe for them to win, someone has to lose.

Winner says "It may be difficult but it is possible"; Loser says "It may be possible but it is too difficult".

Winner makes a mistake. He says "I was wrong"; Loser makes a mistake; he says

"It wasn't my fault"

A winner is always part of the answer; A loser is always part of the problem.

to be continued
in next issue
