About Techno vision

Techno Vision-IT fest is an initiative of Department of Computer Applications of TIAS to nurture the budding technocrats to hone their technical skills and to confirm their dexterity over the others. It provides a platform for the young &creative minds to showcase their talents in various activities. Students from universities and colleges come and participate enthusiastically in this one day event. This is the time when everyone works mutually as a team and is committed towards a common goal to bring conceit and honour. It provides an opportunity to the students, where they display their technical competence, knowledge and skill required to be an effectual IT professional. Students are awarded and cherished for winning and participating in the fest.

Objectives

- To create awareness amongst students about the latest trends in technology sector.
  create knowledge puddle of Computer Science professionals by providing a learning platform
- To mould the students into conscientious citizens &proficient Professionals by imparting present-day technical skills and social ethics,
- To erect a domain knowledge base at the department level in order to give a thrust to research and development activities and contributing towards the advancement of computer science.
- To search the talent and to develop various facets of technical skills requirements.

Inaugural Ceremony

Techno 2020 was inagurated with the chant of Saraswathi Vandana. Dr. Ajay Kumar, Director TIAS in his inaugural speech welcomed and thanked all the participants for their participation in this event. He shared how this kind of event develop various technical and acumen skills. Dr Vishal Khatri, HoD enlightened the gathering with his ingenious words.

Address by Dr.Vishal Khatri (HOD-BCA/MCA)

Dr. M N Jha, Dean, stimulated all the participants and coordinators by his imaginative words. The chief guest of the event, Mr. Sahil Sachdeva, senior development executive at VT NETZWELT PVT. LTD in his address discussed about of technicality of the knowledge with future perspective. He also discussed about the scope of technology in coming years in all possible fields.

Address by Mr.Sahil Sachdeva Sr. Bussiness Executive

In the end of this inauguration session the Convener of the event, Ms. Sania Kukkar has given a vote of thanks to officials, the chief guest and participants. With the end of inauguration of Techno Vision 2020, the six very extraordinary events started with the help and exceptional coordination of all the faculty member and appointed student coordinator with the support of internet portal at around 11AM.

Vote of Thanks by Ms.Sania Kukkar, Convener-TechnoVision-2020

Details of events organized in the TECHNOVISION-2020 are as follows: -

WEBSCAPE (Website Design): -Webscape is a platform where students showcase their web skills and create attractive and informative sites using latest tools and technologies like dot net, java, PHP, HTML etc. Co-coordinator for this event was Dr. Vishal Khatri.

RAPID CODERZZZ (Software Programming): - Programming is similar to a game of golf. The point is not getting the ball in the hole but how many strokes it takes thus sorting out complicated ideas into little steps. And that's the real essence of programming Co-coordinator for this event wasMr. Deepak Sharma.

TECH-SCRIPT (Technical Paper Presentation): - Technical paper presentation provides a platform to inculcate in the students a culture of re-search, thinking and presenting ideas &technology in a professional manner Co-coordinator for this event was Ms. Ambooj Yadav.

GOOGLE DANCE(Internet Searching): -is an event from which we match the speed of participants with the Google. For that they have to search the given topic and make the presentation on the spot given topic within the given time limit and then to present his/her made slides. Go ahead! Accept the challenge"; prove your searching speed and present it! Co-ordinator for this event was Mr. Mohit Tiwari.

E-POSTER (poster Design) :-If you think that you have the ability to play with different Software's like Photoshop, CorelDraw, slides then come and be the part of event and showcase your talent on the spot. Co-ordinator for this event was Ms. Sania Kukkar

BUG FINDER (Debugging): -Everyone Knows that debugging is Twice as hard as writing a program in the first place. So if you are as clever as you can be when you write it,how will you ever debug it? It contains MCQ's based on C, C++, java, HTML code. Co-ordinator for this event was Dr. Jitender Rai.

Panel of Expert Judges for the event at TechnoVision-2020

The event started at 11.00 AM with the Tech-Script (Technical paper Presentation), the first event to take place. This event gave an idea on many new researchable topics. Later, on other events took place at their respective timings as per the programme schedule on Microsoft Teams.
