FEEDBACK OF THE STUDENTS

An effort was made to receive feedback from all students who have attended the Webinar. For this purpose, a Google form was created and sent to students.

Total 63 responses have been received from students. In order to arrive to comprehensive results, useful statistical tools like percentage, etc. have been used. For the effective presentation of the data, various types of graphs have been used.

STUDENT FEEDBACK

CHART 1: SEMESTER- WISE CLASSIFICATION

Mention Course, Shift and Section.

63 responses

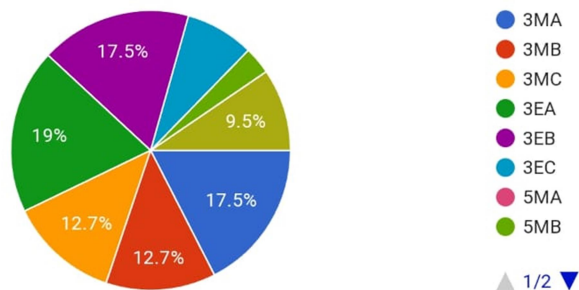

Chart 1

Chart-1 depicts the **semester wise** classification of student respondents. It is noticed that, total 63 responses have collected from the student, out of which most of the students are from **3rd semester**.

Chart – 2 have you found the Webinar on Post- Covid Trends in Indian Economy and Its Impact on Employment Useful and Informative. *

63 responses

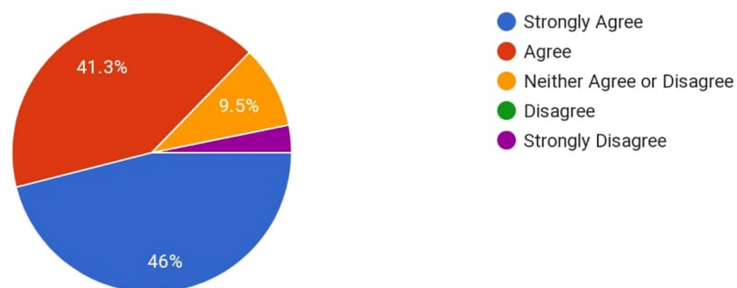

Chart 2

Chart-2 depicts the classification of student respondents who have found webinar useful. It is noticed that, total 63 responses have collected from the student, 41.3% students agree and 46% strongly agree.

Chart 3- The Speaker delivered the session as per your expectations.

63 responses

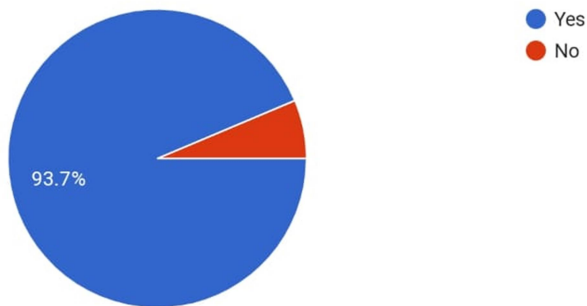

Chart – 3

Chart 3 depicts The Speaker delivered the session as per your expectations. 93% of the students agree.

Chart - 4 the session was Interesting and improved my knowledge about Current Economic Conditions.

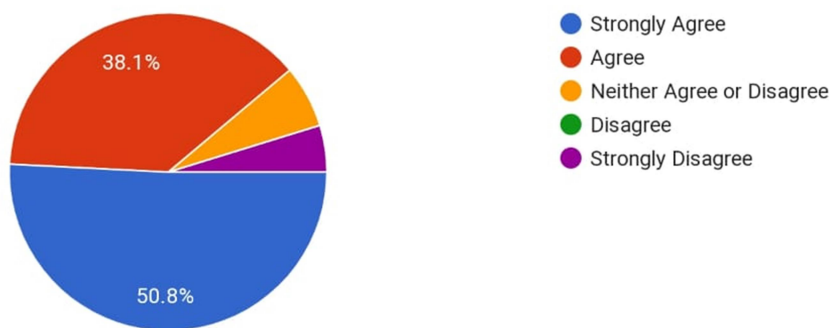

Chart - 4

Chart – 4 depicts the session was Interesting and improved my knowledge about Current Economic Conditions. 50.8% of the students strongly agree and 38.1% of the students agree.

Chart 5: what you learnt from the webinar?

Understand about difficult/ suffering of economy in difficult situation of covid 19

Under pradhanmantri mantri garib kalyan pakage valued at rs. 2.76 lakh crore free food grain for 80 crore people

Be always ready for uncertainty even in a good circumstances.
Regardless of how difficult situation is, how bad market is, be greedy when others are in fear in those kind of situations.

Growth of the Country and Happiness Index

Impact of pandemic over globally
And Indian economy

1. Growth and decline rate of economy.
2. Emerging and declining sectors of the economy.

Informative and get to know the opportunity post covid.

We have to be adaptive and updated so that any situation occur in our economy. We have to tackle with that situation effectively. Because as usual economy situations changes every day.

Chart-5 is concerned about the learning from the webinar. So, as per the responses given by students they have learnt about Pandemic impact on employment, opportunities post covid, how to be responsive and agile and many more things.
