6.2 Does the Institution has a management Information System

1. Libsys Software (LSEase Software) for Library Management System
2. Tally ERP for Accounting
3. Student Feedback System
4. Online Grievance Redressal System
5. ERP initiatives in Progress

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The institute strictly adheres to the affiliating University Syllabi. However, to supplement the curriculum for improving the employability and promoting the citizenship in students, institute conducts the events in various categories such as:

- (a) The Institute organizes 04 conferences every academic year with one technical session exclusively for the presentation of research papers by students.
- (b) Workshops, seminars and other capability enhancement programs on GST, Digital Marketing, Business Analytics, Advanced Excel, SPSS, Cloud Computing, Artificial Intelligence, Web Designing, Cyber Security & Digital Forensic and Sports Journalism etc. are organized regularly in the field of IT, Management and Journalism and Mass Communication from industry and academia. Similarly, classes are organized on Mock Group Discussion, Personal Interviews, Communication Skills and Time Management etc. to horn their soft skills.
- (c) Industrial Visits /Educational cum industrial Tours are organized to provide the industry exposure to students.

- (d) Visit to Orphanage, Old age home and slum area, awareness programs on environmental issues so as to sensitize them and inculcate the value of citizenship in them.

6.3.2 Teaching and Learning

The institute follows GGSIP University's academic calendar for the commencement of semester, internal examinations, end term examinations, vacations, and university events in totality. Further, institute incorporates specific events such as conferences, workshops, seminars and other co-curricular and extra-curricular activities.

Based on the academic calendar and time table, teaching plans are prepared mentioning the objectives, pre-requisite, methodology, learning outcome and Text books, reference books. Class Room Teaching is supported by Lectures, PPTs, Case Study/Field Study, Written Assignments, Group Discussion and Quizzes. The faculty is facilitated with latest ICT tools and reading material for the same.

The faculty has adopted blended learning with the help of various modern ICT tools provided for innovative teaching. The various approaches are as follows: Tecnia TV, Web links, PPT, NPTEL, MOOCS, Web portal based, On line courses, DELNET, J-GATE, Pro Quest, e-research, National Digital Library, INFLIBINET, Open Contents, CCM, Case Study, Text Books and Reference Books.

The learning is made student-centric by the following methods:

- Advance information about topics to be taught in the next class is given so that the students can come prepared for active discussion with teachers.
- Giving home assignment and project work with follow up.
- Soft & technical skills classes to help in developing professional skills.
- Providing text books and reference books for self-study.
- Library and internet facility for value addition.
- Availability of e- learning resources.
- Tecnia Mentor-Mentee System ensures that attention is given to individual student both in academics and extracurricular activities.

6.3.3 Examination and Evaluation

Institute conducts class test as scheduled in Academic Calendar. The evaluated answer sheets are shown to the students with proper feedback and discussion by concerned Faculty members. Internal assessment also incorporates marks of home assignments/ presentations. The internal award lists are displayed on the notice board for final verification by the students before filling the OMR sheets by respective subject teacher & verified by respective HoD and Director for onward submission to GGSIP University.

6.3.4 Research and Development

Institute provides all kinds of necessary infrastructure required for the research pursuits e.g. Wi-Fi campus, printers, scanners, e-journals, J-Gate, DELNET, ProQuest, research reports, computer lab facility with research related software's like SPSS, Rational Rose for validation of various statistical tests.

The Institute provides a minimum of 6 hours per week for research activities and special leave etc. to faculty/scholars.

Institute encourages the Faculty to pursue their doctoral research work. Faculty and students are also the member in the editorial board of institute magazine and newspaper.

6.3.5 Library, ICT and physical infrastructure / instrumentation

The Library has unique distinction of meticulously selected collection of books covering all possible aspects of interests in the field of Management, Computer Science, Journalism, Marketing, Finance, Human Resources, Economics, Business Strategies, Operation Management, Information Technology and Mass Communication.

Library is centrally air-conditioned and well furnished. It also provides facilities of Reprography, Printing, Wi-Fi, e-Journals and Digital Library. Library resources are further enriched with e-resources through Delnet, J-GATE and ProQuest. All the programmes are well supported through adequate number of research journals. Libsys Software (LSEase Software) is used for Library Management System. Institute has also the membership of British Council Library and American Library.

The academic environment is further enhanced by well-furnished, air-conditioned and ICT enabled classrooms, IT and media labs equipped with latest equipment and softwares such as Microsoft Volume Licensing, Adobe CCT 2016, Adobe PageMaker, SPSS, Quark Express, IBM Rationale Rose, Final Cut Pro, CorelDraw, Tally and K7 Antivirus.

For conduct of professional and cultural events, institute has auditorium, seminar hall and conference hall with state-of-art audio-visual facilities.

6.3.6 Human Resource Management

Complete transparency is maintained in recruitment and selection process of human resource. Employees are supported by good infrastructural facilities and conducive working environment. Good support is extended by the Institute to the faculty members in taking research activities and presenting the research papers in various National & International Conferences and articles to be published in the journals. Opportunities are provided to coordinate and organize various Curricular, co-curricular and extracurricular events such as National and International Conferences, Seminars, Workshops, etc. FDPs are also organized regularly for the professional development of the faculty. Institute follows the even approach without any biasness in terms of gender, region or religion.

The institute takes various initiatives in enhancing the satisfaction level of the staff by providing the following welfare measures to the staff:

1. Educational loan for higher studies.
2. Interest Free advances during emergency.
3. 50% concession in the tuition fees to the wards of employees studying in Group School and Institutions.
4. Group Mediclaim Insurance policy to Staff members.
5. Provision for laptop on instalments.

6.3.7 Faculty and Staff recruitment

Institute follows the norms of AICTE and affiliating GGSIP University for the recruitment of Faculty and Staff.

6.3.8 Industry Interaction / Collaboration

1. The eminent personalities from corporate and academia are invited in Conferences, Seminars, Workshops, Mock GD, PI and Faculty Development Programmes as resource person.
2. Alumni are also invited to have interactive sessions with the students and faculty.
3. The faculty members help the students as guide for their summer internship projects. This facilitates an effective corporate interaction.
4. Industrial Visits are organized for the students to have practical exposure.
5. Online assessment test to monitor the performance of students through Wheebox Employability Skill Test is organized for the students.
6. Institute has associated itself with Internshala in order to provide opportunity to students for top internship.
7. Institute has MoU with UAS International for Summer Internship and Placements of MBA and BBA students.
8. Institute has MoU with Xtreme Digital Solutions for Summer Internship and Placements of the students.

6.3.9 Admission of Students

University is the sole authority to conduct complete admission process through Common Entrance Test (CET). University undertakes the counselling in which all details about the same is web hosted on website of university i.e. www.ipu.ac.in which is updated on regular basis for the information to all stakeholders.

For Management quota admissions, advertisements are released in National daily Newspaper. Selection amongst the applicants is done on the basis of merit in the qualifying examination. List of candidates, who applied/selected is forwarded to the University for verification and issuance of the enrolment number.

6.4 Welfare schemes for

Teaching & Non-Teaching Staff:

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

Major evaluation reforms of the university:

1. Only one class test has been scheduled by the university for students admitted from the academic session 2015-16 onwards
2. The University has amended Ordinance 11. The amended Ordinance is applicable to batch/ students admitted in the 1st year/1st semester from the academic session 2015-16 onwards. All students existing on the rolls of the University during the academic year 2014-15 and pursuing programmes governed by Ordinance 10,11, 27 prior to the amendment of above said ordinances should be promoted to the next year irrespective of the credits acquired by them, after declaration of results of My/June 2015 End Term Examinations, in the previous year and/or the year in which they have studied during the academic year 2014-15 or detention from appearing in any end term examinations of academic year 2014-15 subject to the condition that such students can complete all the requirements for award of degree with in the maximum permissible duration specified in the relevant Ordinances.
3. The GGSIPU will be conducting Supplementary Examination for final year students only. The students who have passed all papers prior to final year and left back papers of final year only for all the courses would be eligible for appearing in the Supplementary Examination to be conducted by University.

Institute follows the evaluation reforms of university in totality.

Ref. Amendment in Ordinance 11 w.e.f. Academic Session 2015-16 -The passing marks shall be defined as the percentage of Total marks (sum of both the teachers' continuous evaluation and term & examination) and shall not be less than 40 percent.

Weightage for various components of evaluation shall be as below:

- a. Theory Courses
 - (i) Continuous Evaluation by Teacher(s) –25%
 - (ii) Semester End Term Examination – 75%

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

-

6.11 Activities and support from the Alumni Association

Institute organizes Alumni Meet whereby the alumni interact with the Faculty and students and share their experiences. Feedback of the alumni is a valuable basis for planning the events for the students in the forthcoming session/semester. They also provide linkage to Training and Placement Cell for Internship and Placements.

6.12 Activities and support from the Parent – Teacher Association

Departments maintain a regular contact with the Parents through telephones and in person for discussing/updating them on students' attendance, the forthcoming events and their performance in the examinations.

6.13 Development programmes for support staff

Training on computer literacy, Fireball implementation, Server implementation, DELNET, online feedback module and communication are given by the institute to the support staff.

6.14 Initiatives taken by the institution to make the campus eco-friendly

The institute campus is eco-friendly. For this, the management, the head of the institution and the whole staff is committed and because of their concerted efforts and involvement, the campus is polythene/plastic free zone. This apart, the institution has taken several other steps/initiatives to make the campus eco-friendly.

1. The institute is ISO 14001:2015 certified.
2. All the electrical appliances are switched-off when not in use. Placards are displayed at appropriate places in the campus.
3. LED lights are used.
4. Campus is Tobacco Free Zone.
5. Promoting- Double side of paper, usage of back side of one sided printed paper, buying recycled papers.
6. Sensitizing the students and staff through various activities such as:

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

1. Tecnia TV –an initiative of BA(J&MC) department whereby the Faculty of MBA, MCA, BBA & BA(J&MC) record their lectures in the TIAS media lab which are uploaded on the Tecnia TV. Students go through these lectures in advance, note their queries and raise their questions in the subsequent classes. This practice facilitates the class room teaching in an interactive manner.

Further, the recordings of various events- co curricular and extra-curricular are also uploaded so as to maximize the benefit of such events to maximum viewers. For example, the interviews of resource person of Conference are recorded and shared through Tecnia TV.

2. ERP initiatives in Progress
3. Case folio competition was organized to judge the analytical and problem solving skills of the students. To motivate the students, they were rewarded with cash prize of Rs. 5100, Rs, 3100 and Rs 2100 for 1st, 2nd and 3rd positions respectively. Three consolation prizes were also awarded.
4. Online assessment test to monitor the performance of students through Wheebox Employability Skill Test is organized for the students.
5. Institute has associated itself with Internshala in order to provide opportunity to students for top internship.
6. Training and Placement Cell interacts with students one to one to check their employability index and suggest measures to improve the skills further.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

Promoting the citizenship in students	Conduction of Extension activities to promote the citizenship in students
Promoting Digitalization	ERP initiatives in Progress
System monitoring & implementation	Internal audit system
Coordination for AQAR	Dissemination of information and collection of data required for AQAR

7.3 Give two Best Practices of the institution (please see the format in the NAAC *Self-study Manuals*)

(A) Title of the Practice: Conferences

Goal:

Present working professionals are faced with multiple environment dependent problems, for which most optimal solutions have to be found out by them. This calls for problem defining, research on various aspects, identification of alternative options, analysis and zeroing on to best solution. Very frequently, they have to share their findings to get the approvals from their superiors and team mate; before successful implementation. Considering this professional requirement, Institute endeavours to train the managers of tomorrow by exposing them to 04 Conferences every year.

The Context:

Academic gatherings are critical to the creation of knowledge. Research, teaching and service do not take place in isolation; rather every field of knowledge is enhanced by the interactions of academics studying similar, related or even different things in different places. When the students and investigators from various field come together and talk about what they have learned there is tremendous potential for leaps in knowledge and understanding. Academic conferences range in size from small with a very specific focus, to very large with a broader range of fields of study and issues. Preparing for such gatherings is extremely time intensive and requires some experience and a collaborative effort among many individuals. Involvement of the students in such activities helps them

to expand their thinking and get involved in participating in the behind the scenes work from the outset of their careers. Starting small and taking on gradually more responsibility is expected of students or managers of tomorrow. The knowledge acquisition and connections made with specialists from various fields, more than compensates for the time it takes to get involved. With this premise in view, Institute endeavours to promote this initiative amongst students as part of their career development.

The Practice:

Institute organizes four conferences (one each in the field of management, IT and Mass Communication) every year. Students are encouraged to participate actively and present their research work. They get an opportunity to benchmark their work against the professionals from academics and corporate. This initiative from the Institute motivates large number of the students to participate. An expert panel is organized, who review the work of the students during the preliminaries and selected research papers are selected for presentations by the students during technical sessions. Panel of judges, evaluates these selected presentations and best three presenters are awarded cash prizes.

Evidence of Success:

- a. Institute has conducted so far 11 nos. of International Conferences and 32 nos. of National Conferences on varied subjects related to wide range of social and professional issues of national and global importance.
- b. Live experience offered to the students and their active participation prepares them to successfully face the real life situations in their career. Of late, we are finding that the students are actively registering themselves, as paper presenters.

Problems Encountered and Resources Required:

- a. Quality of the Research papers presented by the students needs improvement. This is understandable due to the fact that students are still being trained in research methodologies and solution finding techniques.
- b. Conduct of conferences are integral part of co-curricular activities and also are very important part of Research and Development function, additional focus for extending this activity does not involve any special resource investment.

(B) Title of the Practice: Sensitization towards Individuals with Special Capabilities

Goal:

Out of the total population of the country, presently almost 10% people are constrained with physical or mental deficiencies and also bestowed with special capabilities. The number of such people works out to be around 125 million in

our country. With an objective to translate these special capabilities to useful utilization for society building, Institute gives added focus to this issue.

The Context:

Although the concept of education for the disabled students has been promoted internationally for more than a decade, multiple barriers remain to the full participation of such students in the employment and productive utilization after completion of academic/vocational education. Lack of information, combined with discriminatory attitudes towards persons with disabilities at all levels of society, contributes to the continued neglect of their right to education and productive deployment. This partly explains the minimal rate of progress that has been made towards the enrolment and participation in the education process of children with disabilities. The factors are complex and extend beyond the boundaries of the school and classroom. It is conservatively estimated that less than 10 per cent of children with disabilities in developing countries in the Asia-Pacific region are in school. Students of today at Tecnia Institute of Advanced Studies are being professionally trained to function as managers. To ensure best utilization of individuals with disability, sensitization of our students is considered to be of utmost importance; hence this practice.

The Practice:

This initiative is being pursued at the Institute from two fronts i.e. Management contribution and Student sensitization. Institute has associated with Ashtavakra Institute of Rehabilitation Sciences and Research, wherein students with special capabilities are provided education from class I till class XII.

- a. **Management Contribution:** To support the activities at this special school, management of Tecnia Institute of Advanced Studies, extends financial assistance towards management of this special school. For teaching and non-teaching; institute contributes Re. 1 per individual per day for this cause.
- b. **Student sensitization:** Students pursuing professional programmes at this Institute are going to be managers of tomorrow. In their functional assignments, they would be coming across employees from this segment also in fairly large numbers. Once these professionals understand the limitations, special capabilities and ways to utilize these capabilities; they would be in a better position to harness their potential towards better productivity. This has prompted the Institute to associate volunteers from students with the students with special needs.

Institute deputed students to visit the Ashtavakra Institute of Rehabilitation Sciences and Research and attend the classes with students having different types of deficiencies. Visit timings for the students are arranged such that they do not miss any of the regular classes of the programmes being pursued by them. The students of TIAS also celebrate various events like celebration of Independence Day, Green Holi, Sports meet etc. with them.

Evidence of Success:

Our observation is that this initiative has resulted in attitude change amongst our students towards the individuals with special capabilities, which is good for them and also for the society at large.

Problems Encountered and Resources Required:

- Not many volunteers are opting for association with sensitization drive.
- Since the school is functional only in the first half of the day, morning shift students find it difficult to participate due to their programme class work schedules.
- As this activity is being organized during the timings, which are not conflicting with the lecture timings for the students and at the Ashtavakra Institute of Rehabilitation Sciences and Research, the classes are being conducted in the normal routine for the differently enabled students; no additional resources are required for implementation of this practice.

- Four Conferences every year on Contemporary Issues.
- Three Academic Fests every year.
- Enrichment of syllabi with Soft & Technical Skills Development events.

Weaknesses

- Affiliation status granted on yearly basis.
- No Academic Autonomy.
- No control on quality of students getting admitted.

Opportunities

- Scope for vertical mobility.
- To supplement the syllabus with enrichment courses.
- Encouraging more research work for faculty and students
- To develop the institute as a Centre of academic excellence for faculty and students.
- The online courses, video, teleconferencing and web conferencing can be made greater use of to supplement the teaching methodology.

Challenges

- Recruitment of faculty possessing Ph.D. degree with industrial experience and research acumen.
- Continuous need to revise the syllabus and high redundancy rate of the available technology.
