Madam/Sir

Greetings from AICTE New Delhi

It is informed that the Ministry of Education, Government of India in collaboration with MyGov has developed a mobile app 'Bhasha Sangam' under the Azadi ka Amrit Mahotsav, through Indian Language Learning App Innovation Challenge. The app aims to give users familiarity with a wide range of Indian languages. It aims to foster the spirit of Ek Bharat Shreshtha Bharat by enabling people across India to learn different languages of different states of India and come closer to their culture.

The app has 100+ sentences of everyday use in 22 official Indian languages. Sentences have been designed on different themes that allow people to learn basic conversation in any official language of India. These themes are varied from greetings to travel and shopping with basic questions and their answers in a simple way. After every question, user is tested to have learnt the sentence by way of MCQs as well as voice enabled testing. Once a user has learnt all the modules, he is tested based on all 100+ sentences and on passing the test, a certificate is issued.

Bhasha Sangam is helpful for travelers, students, working professionals or simply language enthusiasts studying or working in different regions of India as it enables students to learn the sentences used in daily routine in different Indian languages. Bhasha Sangam enables all to share the spirit of Ek Bharat Shreshtha Bharat and celebrate the linguistic diversity of our country.

The app is available on both Android and iOS platforms:
