# ECO CLUB

Notification as per letter no. Govt. of National Capital Territory Of Delhi, D.O. No. F/3(9)/Env/EC/2020/1333 Dated 21/12/20, Ministry of Environment, Forest and Climate Change, Govt. of India has notified a Graded Response Action Plan (GRAP) for control of Noise Pollution in Delhi. The action plan comprises:

**NOISE POLLUTION - MINIMISE AND CONTROL FOR OUR OWN HEALTH**

NOISE POLLUTION

LET'S DECLINE FROM NOISE

### Noise Pollution and its Sources

**Acts Related to Noise Pollution Control**

- Air (Pollution and Prevention) Act, 1986
- Environment (Protection) Act, 1986
- Noise Pollution (Regulation and Control) Rules, 2000

**Ambient Air Quality Standard in Respect of Noise**

Category	Day Time	Night Time
Residential	55	45
Commercial	65	55
Industrial	75	65

All Values dB(A) 1/3

**Sources of Noise:**

- Industrial Activities
- Transportation systems
- Loud speakers and Public address systems

### Guidelines on Noise Levels

Area of 100 meters radius of the house should be free of all sources of noise.

Area of 200 meters radius of the house should be free of all sources of noise.

Area of 300 meters radius of the house should be free of all sources of noise.

Area of 400 meters radius of the house should be free of all sources of noise.

### DO's

- Always maintain your motor vehicles, machineries etc. and its exhaust silencer in proper condition
- Always that your loudspeaker system is provided with acoustic enclosure.
- Keep the volume of the loudspeaker system/ amplification system low as not to annoy your neighbours.
- Use the Acoustic Enclosure
- Always that your neighbours or captive listeners are your music system.
- Plant trees and shrubs close to all noise barriers.

### Don't's

- Avoid using loudspeakers in unenclosed areas.
- Avoid use of multi-toned air horns in your vehicle.
- Avoid use of loudspeakers in open.
- Do not honk unnecessarily or over sound amplification system between 10:00 PM and 6:00 AM, except in cases of emergency.
- Do not make your neighbour a captive listener to your music system.
- Do not use horn in the urban areas.

**Web site for awareness/When you take action in case of violation of noise rules:**

- Ministry of Environment, Forest and Climate Change, New Delhi
- Ministry of Urban Development, Government of Delhi
- Ministry of Environment, Forest and Climate Change, Government of India
- Ministry of Environment, Forest and Climate Change, Government of India

For any enquiry register your complaint regarding Noise Pollution:  
 1. By calling Delhi Noise Helpline No. 240055  
 2. By writing to: [noise@delhi.gov.in](mailto:noise@delhi.gov.in)

### Pointers for Noise pollution to circulate amongst the students

- Say no to crackers during festivals & important occasions
- Do not honk unnecessarily
- Do not use horn in identified silence zones
- Use the acoustic enclosure with DJ sets
- Shut the door/ barricade the area when using noisy machines
- Use the sound limiters with DJ and public addressing system
- Follow the noise rules and limits of noise level
- Go Green by planting trees
- Avoid use of multi-toned/air horns in your vehicle.

- Always maintain your motor vehicles, Machineries etc. And its exhaust silencer in proper condition
- Keep the volume of the loudspeaker or sound amplification system low as not to annoy your neighbours.
- Do not make your neighbour a captive listener to your music system.
- Avoid use of loudspeaker in open.
- Avoid using horn expect emergencies.
- If someone violates the noise rules and creates excessive noise, complaint may be lodged at:

## Learning Outcome:

Students have learnt about:

- Various measures to control Noise pollution
- That how the Noise pollution affects the health of living beings.
- ways to maintain air quality standards in respect of noise

**Campaign on Say No Use of Fire Cracker**

**11th Nov and 12th Nov 2020**

**Nodal Officer  
Dr. Kirti Miglani**

India's Premier ISO 9001:2015 | 14001:2015 Certified Institute. Rated as 'A' by Govt, NCT of Delhi, 'A++' Category - Best Business School by Business India; Included in Top 100 & IT Schools by reputed publications.

### Campaign on Say No Use of Fire Cracker

#### OBJECTIVES OF THE EVENT:

- To carry out awareness drive and sensitizing public at large on the harmful effect of crackers.
- To instil environmental and societal resilience in order to attain inclusive sustainable development.
- To inculcate the sense of proactive action, innovation and teamwork among students towards environment.
- To encourage use of flowers, rangoli colours etc.

#### Report

A Campaign was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 11<sup>th</sup> Nov and 12<sup>th</sup> Nov 2020. TIAS organizes Anti- Fire- cracker campaign to control air and noise pollution. The Eco- Club have played an important role in the Anti – Fire Campaign and the students make people aware about the hazardous effects of bursting crackers on Diwali. Air Pollution affects overall health of an individual. The pollution increases manifold due to bursting of crackers. The adverse effect of bursting cracker seems unending. Even the frequent exposure to loud noises during pregnancy may affect the mother’s womb as well. Crackers often contain elements like copper, cadmium, sulphur to produce vibrant colours once ignited. The harmful gases produced from the

bursting of crackers, such as Nitrous Oxide, remains in the air for a long time if the city doesn't get enough rain or strong winds. Inhaling the fumes emitted by firecrackers increase the chances of asthma attack among patients. Heart patients and patients of chronic bronchitis and low immune system are at high risk too. The event disseminated information about the harmful effects of bursting fire crackers & also created awareness about the poor working conditions faced by the workers in the units manufacturing firecrackers.

### **Students made Posters and Slogans**

Diwali is a festival of lights not crackers. The student beneficiaries spread the message among people that they must rejoice together rather than wasting time and money on crackers. The student beneficiaries also spread the message of switching over to organic Rangoli on Diwali by using flowers, petals, rice and pulses instead of chemicals or synthetic colours.

### **Learning outcome:**

Students have learnt about to:

- encouraged for proper maintenance and preservation of environment.
- made aware to uplift the quality of the living environment through No Use of Fire Campaign.
- the coming generations to save environment by Anti –Fire cracker campaign and not using chemicals in rangoli making .

### Debate on Air pollution

## OBJECTIVES OF THE EVENT:

- To make Students aware about various pollution that affect our surrounding environment and health
- To create the emphasis on continuous efforts to develop the clean air.
- To appraise the various practices and measures to improve the air quality.

## REPORT

Debates on Air pollution was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 21-Dec, 2020. TIAS propagated Eco Club under the aegis of Department of Environment, Government of NCT of Delhi, which is accountable and responsible for enriching the overall Environmental Quality, environmental assessment, monitoring, protection and awareness among the students. Tecnia Institute's Eco Club also plays an important role in creating environmental awareness amongst our future generation.

**Students Demand end to air pollution**

Eco Club of Tecnia organized debates on " Air pollution on different places" under Eco club in charge –Ms. Sania Kukkar, Assistant Professor- BCA, actions to improve the environment. A Group of students Volunteers from various programs have participated in it.

Air pollution can be defined as the presence of toxic chemicals or compounds including those of biological origin in the air, at levels that pose a health risk. In an even broader sense, air pollution means the presence of chemicals or compounds in the air which are usually not present and which lower the quality of the air or cause detrimental changes to the quality of life such as the damaging of the ozone layer or causing global warming. To fight with these problems and spreading awareness about the same, Tecnia Eco club spearheads the message on “Measures to control Air pollution” through Debate involving the students of various programs.

### **Learning Outcome:**

Students have learnt about to:

- Air pollution that affects the health of all living beings.
- various measures to control air pollution
- Hazardous & toxic nature of ingredients responsible for Air pollution.
