## OBJECTIVES OF THE EVENT

- To create awareness about use of both sides of the paper for printing.
- To create awareness about Golden Rule -"Think before you print".
- To aware about the conservation of trees and prevention of soil fertility.
- To inform students about planting of trees in their surrounding for their aesthetic, economic and protective needs.

## REPORT

A Virtual Awareness Campaign on “Save Paper, Save Trees and Save the Environment” was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini, Delhi on 16 April, 2020 . TIAS propagated Eco Club under the aegis of Department of Environment, Government of NCT of Delhi, which is accountable for edifying the overall Environmental Quality and has been entrusted for overall environmental assessment, monitoring, protection and awareness among the people of Delhi.

Institute’s Eco Clubs is playing an important role in creating environmental awareness amongst the future generation. To create awareness among students TAS Eco Club organized an event “Save Paper, Save Trees and Save the Environment”. It was organized by Dr Kirti Miglani. She informed the gatherings that at International level the consumption of paper is more than 1 million per day and 93% of production for it comes from trees alone which is important raw material for production of it.

She also shared that Paper accounts for half of municipal solid waste. She added that the pulp and paper industry is the third largest consumer of energy and uses more water to produce a ton of product than any other industry and is one of the world’s major greenhouse gas emitters. She ask students to think green and save the environment while saving you some money by using less paper. She told that anything we can do to save paper will help reduce the amount of trash going into landfills, and it will also reduce energy use and pollution associated with manufacturing, transporting, and recycling new paper products. In concluding this event she said that, when we save paper, we reduce the need to cut down trees to make new paper and ultimately we will save our environment.

### Awareness Campaign on Save Paper, Save Trees and Save the Environment

### Awareness Campaign attend by the Student of TIAS

## Learning Outcome

- Students have learnt to use both sides of the paper for printing.
- Students have learnt to the golden rule "Think before you print".
- Students have learnt to conservation of trees and prevention of soil fertility.
- Students have learnt about planting of trees in their surrounding for their aesthetic, economic and protective needs.
