Clean Air Asia Mentor Ship Program

Event	:	Clean Air Asia Mentor Ship Program
Date	:	01.09.2021
Venue	:	Tecnia Institute of Advanced Studies
Participation	:	BBA, BCA, BA (J&MC)
Convener	:	Ms.Sania kukkar

Objective:

- To create the awareness through campaigns on need to control greenhouse gases.
 - To create the emphasis on continuous efforts to protecting the climate by reducing short-lived climate pollutants.
 - To appraise the various practices and measures to improve the air quality.
 - To create the awareness about Environmental Health Effects due to air pollution.
- Mentor Ship Program.

Clean Air Asia Mentor Ship Program was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini , Delhi on 1 September, 2021. TIAS propagated Eco Club under the aegis of Department of Environment, Government of NCT of Delhi, has been dispensed accountable for edifying the overall Environmental Quality in Delhi NCR which has also been entrusted with the overall environmental assessment, monitoring, protection and awareness among the people of Delhi; multi-facets methods is being espoused by the Department for Promotion, Conservation and Preservation of Environment.

Institute's Eco Clubs plays an important role in creating environmental awareness amongst the future generation. It's a platform on which one gets the knowledge about environment. ECO CLUB works to contribute in improving environmental conditions. Tecnia Institute of Advanced Studies actively encourages students and outsiders to reduce green house gas. It is a medium through which students can reach out to influence, engage the community to promote green environmental behaviour.

Air pollution can be defined as the presence of toxic chemicals or compounds (including those of biological origin) in the air, at levels that pose a health risk. In an even broader sense, air pollution means the presence of chemicals or compounds in the air which are usually not present and which lower the quality of the air or cause detrimental changes to the quality of life (such as the damaging of the ozone layer or causing global warming). To fight with these problems and spreading awareness about the same, Tecnia Eco club spearheads the campaign on "Measures to control Air pollution"

through posters involving the students of TECNIA Institute of advanced studies, on 01/09/2021 at in Institute campus and spreading the message of a health impacts of air pollution and to make people aware of the hazardous consequences of air pollution.

Learning Outcome:

- Awareness through campaigns on measures to control greenhouse gases.
- Awareness that protecting the climate by reducing short-lived climate pollutants.
- Appraised about the Hazardous consequences of air pollution.
- Awareness about Environmental Health Effects -Hazardous & Toxic Nature of Ingredients Used in Air pollution.
- Developed eco-friendly attitude amongst various sections of the society.
