At the bottom left, it says 'Nodal Officer Dr. Monu Singh'. At the bottom right, there are logos for 'In association with' including the University of Advanced Studies and others.

**OBJECTIVES**

- To create the awareness through campaigns on need to save water.
- To show how vital water is in our lives and why it's so important to look after it.
- To appraise the various practices and measures to save water
- To create informational posters to promote water conservation in the community.

**REPORT**

Save water is the water conservation for solving the problems of water scarcity in the future. In many regions of the India and other countries there is much shortage of water and people have to go for long distance to get drinking and cooking water to fulfill daily routine. On the other hand, people are wasting more water than their daily need in the regions of sufficient water. We need to understand the importance of water and problems related to lack of water in the future. We should not waste and contaminate useful water in our life and promote water saving and conservation among people. To fight with these problems and spreading awareness about the same, Tecnia spearheads the campaign on “Save Water” through posters involving the students of Tecnia Institute of advanced studies, on 06.05. 2022 at 2:30 pm in Institute campus to make people aware to save water. The EBSB Club members along with students, TIAS visited to Director’s Office, library, IQAC, MBA, BBA, BJMC and MCA departments to sensitize the measures to save water.

**GLIMPSE OF THE DAY:**

**LEARNING OUTCOME**

- Awareness through campaigns on measures to save water.
- Appraised about the importance of water.
- Awareness regarding water security and climate change.
- Appraised a collective approach for better water management.
