As we all know language learning is a skill and it is acquired by regular practice. We learn the Nepali language for specific purposes like, expressing our feelings, and ideas, conveying messages, and having conversations on various topics. Apart from the above, in the teaching-learning process of a language, we as teachers were aware of being aware of why we are teaching language to our students? We must know the clear objectives of language learning and its outcomes.

Through this session, we have taught our students famous songs in the Nepali language to our students. As the Nepali language is one of the prominent speaking languages of Sikkim State. In this session, The Nodal Officer Dr. Monu Singh has played songs in the Nepali language to students.
