Dear Sir/Madam,

It is enlightening to share with you that the IIC network has grown to 4000+ numbers of HEIs and Institutions Innovation Council (IIC) has become a successful model for HEIs to build, streamline, strengthen and drive campus innovation and startup ecosystems in India. Moreover, the IIC network has turned out to be instrumental in building intra and inter -institutional partnership and cooperation which has sped up the IP generation, innovation and startup outputs from academic institutions by improving I&E awareness level, trained human resource and pre-incubation/incubation facilities in HEIs. Similarly, more than 3000+ HEIs are also participating in Atal Ranking of Institutions in Innovation Achievements (ARIIA) which turns to provide a measurable framework for HEIs to benchmark the I&E ecosystem exist in educational institutions and setting directions in improving the I&E ecosystem through better planning and resource mobilisation strategy. Furthermore, 2500+ HEIs have started adopting National Innovation and Startup Policy (NISP) by formulating I&E policy Action Plans (outcome based) for their institute and timely implementation of the same. To unleash the HEIs potential up to its fullest capacity, all three major programs NISP, IIC and ARIIA are now implementing in an integrated and coordinated fashion.

The Ministry of Education's Innovation Cell and AICTE thank all HEIs are part of NISP, IIC and ARIIA for their relentless effort and contribution towards this nation building process and putting India in 46th position in Global Innovation Index 2021.

The NISP portal (https://nisp.mic.gov.in/**)** is open for HEIs to submit and update the **action plans as provisioned under the 'I&E policy formulation' and 'I&E Policy Implementation'.** *If your institution is participating in the ARIIA (Atal Ranking of Institutions on Innovation Achievement), then the status of adoption of NISP in the institute (updated status as on 31st August 2022) will be auto-reflected and counted in the ARIIA 2022 ranking.*

To handhold and support HEIs in adoption of NISP in HEIs, the Ministry of Education's Innovation Cell has scheduled sessions on NISP adoption, a platform for HEIs to share their I&E policy practices and integrated approach of other I&E policy efforts etc. HEIs are invited to nominate institute representatives to participate in NISP adoption sessions scheduled as part of the Institution's Innovation Council (IIC) regional meets (physical mode) to be held during the period from 21st July to 29th Aug. 2022. Nominations are received through the IIC portal only *https://iic.mic.gov.in*

Nomination Invited for the Session on NISP Adoption and I&E Best Practice Sharing on NIPS adoption in Institutions and their I&E Policy Efforts scheduled as part of the Institution's Innovation Council (IIC) regional meets (physical mode) to be held during the period from 21st July to 29th Aug. 2022.

*For nomination, a HEI with an IIC is required to login to the IIC portal. If HEI has not yet registered an IIC, please register at **https://iic.mic.gov.in** *, after nomination of the president, IIC Institute can nominate representatives for different tracks including ARIIA).*
**Regional Meet schedule, and agenda plan is attached for reference and available for download in NISP, ARIIA and IIC login page.
