# REPORT ON

## **World Environment Day**

Event	World Environment Day
In-Charge	Dr. Monu Singh
Participation	BBA, BCA, MBA, BJMC
Date	09 .07.2022
Timing	2:30 PM
Venue	Multipurpose Hall, PG building, TIAS
No. Of Beneficiary	40

# **Ex Bharat Shrestha Bharat**

**Organizes** 

# **ENVIRONMENT DAY**

2:30 PM Saturday, 09.07.2022 Venue: Multipurpose Hall, PG building, TIAS Students of MBA, BBA, BA(JMC), MCA & BCA

Nodal Officer Dr. Monu Singh

## **Objectives of EBSB Club:**

- (i). To celebrate the unity in diversity of our nation by maintaining and strengthening the fabric of traditionally existing emotional bonds between the students of TIAS tias and SIST
- (Ii). To promote the spirit of national integration through a deep and structured engagement between the students of TIAS and SIST through a year-long planned engagement.
- (Iii). To showcase the rich heritage and culture, customs and traditions of both the pairing states, Delhi and Sikkim, through pairing institutes to understand and appreciate the diversity that is India.

- (iv). To establish long-term engagements between the students of pairing institutes, TIAS and SIST.
- (v). To create an environment that promotes learning between the students of pairing institutes, TIAS and SIST, by sharing best practices and experiences.

#### **OBJECTIVES OF THE EVENT:**

- To create awareness and spread the message of saving our planet- "Protecting our environment is the need of the hour."
- To help nature and mother earth to get its natural beauty and components back.
- To help students understand the value of plants and trees.
- To inspire students for providing these services to society.

#### **REPORT**

This event was supposed to happen online but due to bad internet connectivity in SIKKIM, we could n't conduct it online. Hence, EBSB Club, Tecnia Institute of Advanced Studies, Rohini organized tree plantation drive and Painting Competition on 9<sup>th</sup> July 2022 in physical mode within their premises.

The theme of World Environment day 2022 was "Only One Earth", and Sweden was the host country for it. Under this theme, World Environment day will be observed, highlighting the need to live sustainably in harmony with nature. This day provides us with an opportunity to take responsible steps to preserve and enhance the environment.

EBSB club nodal officer, Dr. Monu Singh talked on the following points. These are:

## **Biggest Environmental Issues of 2022**

- Public Health issue: Dirty water is the biggest health issue. It poses a threat to the quality of life and public health. The majority of people still don't have access to water and toilets. Over a million people worldwide die from water, hygiene, and sanitation-related diseases, which could be reduced by safe water and sanitation access.
- Ozone Layer Depletion: The ozone layer protects the earth from harmful UV radiation coming from the sun. Its depletion has exposed us to such harmful radiation. We are prone to skin cancers, different types of eye diseases, abnormal growth of certain species, etc.
- **Deforestation:** Cutting down trees on a large scale poses a major threat to our environment. Forests are natural sinks of Carbon dioxide; they help in regulating temperature and rainfall, etc. If this is not stopped, soil erosion, increased greenhouse gas emissions, irregular rains, and flooding are some of the adverse effects on the environment.
- Global Warming: This occurs when carbon dioxide and other air pollutants get collected in the atmosphere and absorb sunlight and solar radiation emitted from the earth's surface. All this leads to

 a rise in the earth's temperature causing natural disasters such as melting polar ice caps, flooding, droughts, and many others.

# Simple Ways to Save the Environment

- Say no to plastics. Instead of using plastic bags, use environmentally friendly carry bags, such as bags made of paper (reuse them again and again), biodegradable bags, compostable bags, etc.
- Plant more saplings: Trees play an important role in producing oxygen and absorbing carbon dioxide from the environment. Hence, it is important to make your environment greener around you. Forests play an important role in absorbing and storing water, which prevents flooding of cities and other areas. Preserve and let it protect us in return.
- Waste Segregation: Every day different types of waste are generated in our homes. It is important for us to identify and separate organic and inorganic wastes. For example, dust, aluminum cans, paper waste, and other types of dry waste are classified as inorganic, whereas food waste, fruit waste, and other wet types of waste are classified as organic waste.
- Save Energy: Save electricity by switching off your appliances when they are not in use.
- Adopting alternative sources of energy: Switching to renewable sources of energy will not only save limited natural resources but will also reduce pollution.

## **LEARNING OUTCOME**

- > Students were encouraged for proper maintenance and preservation of trees together with other vegetation.
- Students were made aware to uplift the quality of the living environment through active planting and a forestation.
- This event set an inspiring example for the coming generations to save and plant more trees.

## Glimpse of the day:

# **List of Volunteers**

S.No.	Name of the Students	Enrolment Number	Department
1	SARTHAK JAIN	8017002420	BAJMC
2	ISHITA GOYAL	3817002420	BAJMC
3	NAMAN VIJ	7821301720	BBA
4	NIKHIL SANDAL	8121301720	BBA
5	PRABHJOT KAUR	10417002421	BJMC
6	RIYA SHARMA	13917002421	BJMC
7	KHUSHI MAHAJAN	8617002421	BJMC
8	VANSHAJ SHARMA	817002421	BAJMC
9	AYUSHI BADONI	3121301720	BBA
10	SAMRIDDHI SHARMA	11021301720	BBA
