Thanks for filling out [Registration Form for participation in Eco club conference](#)

Here's what was received.

Registration Form for participation in Eco club conference

The Department of Environment, Govt. of NCT of Delhi is organising the Tide Turners Plastic Challenge Event in association with United Nations Environmental Programme (UNEP). We wish to engage and orient youth of Delhi to take action and inspire the community to address the issues with regards to Single-Use Plastics (SUPs) through an eco club conference.

Furthermore, the Department of Environment is also organising three competitions as well and the winners shall be awarded during the Tide Turners Plastic Challenge Event at Thyagraj Stadium. Following are the details:

Competition 1: Idea Competition

Rules and guidelines

1. The idea competition should have a unique take on elimination/ ban of SUPs in our daily lives.
2. The idea must be doable by the students of the school.
3. Word limit : Maximum 150 words.

Competition 2: Slogan writing competition

Rules and guidelines

1. The Slogans should be on theme of Elimination of single use plastics.
2. Each School is requested to submit a maximum of 3 entries.
3. Each slogan should contain a maximum of 25 words only.

Competition 3: Calendar Planner for elimination/ban of SUPs

Rules and guidelines

1. The theme of the planner should be designed on the Elimination of SUPs within your school

premises.

2. Each School is requested to submit a single entry.
3. Each School is supposed to make an event planner from 1st August 2022 to 31st March 2023 detailing the activities/events that the school can take up in order to eliminate and spread awareness with respect to SUPs.
4. Kindly upload your event planner file in an MS Excel Sheet format only.

Kindly provide the following details.

PLEASE NOTE: Last day for the submission of entries is 22 August 2022, 5pm IST.

Activities taken up by school against plastic pollution or Single use plastics (Write N.A. if no activities were taken up) *

Extempore Competition on Say no to plastic bags

If you wish to participate in the idea challenge, briefly suggest how students can be engaged in promoting the ban of single use plastics in our daily lives.

Plastic pollution has become one of the most pressing environmental issue. People use plastic bags, bottles and throw them outside while driving or walking through. We have got a initiative to start up with an App which will help us to clean out plastic by capturing pictures of the shopkeepers who are using plastic bags. The methodology behind this is, the user will capture the photo if any shopkeeper is using any plastic bag. Then the picture will be submitted on our app and this database will be shared with the government operated agencies to take up legal action on the shopkeepers and as a reward the person who will inform, will get a reward like money or vouchers in return to serve us and our country. This initiative will gradually make shopkeepers aware as well as afraid of being charged fine for using the plastic bags and this will promote the use of paper bags.

If you wish to participate in the slogan writing competition, please provide your entries below. (Minimum 1 entry, maximum 3 entries; 25 words per slogan)

.....

If you wish to get your calendar planner on elimination/ ban on SUPs 2022-23 evaluated for the competition, please upload your planner below (MS Excel Format):
