To:

Respected Madam/Sir,

National Museum of Natural History (NMNH), MoEF&CC is organizing a **National Level Painting Competition** for children of class 6th to 8th. It's an opportunity for the children to showcase their skill through colours about **LiFE - LIFESTYLE for ENVIRONMENT**, a theme on which the Ministry of Environment, Forest and Climate Change, Government of India has initiated a mission to fight against Climate Change. School can be part of the National Event by sending in entries of Painting countersigned by the school authorities on the back side and submitting the same to us in the address given below and in the flyer attached here. Students can send their entries individually or together from school with due details on the Painting on the given theme. Participants have a chance to win attractive prizes in this National Competition.

Please find attached letter by the Director, NMNH and Information flyer with details of the programme.

Regards,

Team Education

Tecnia Institute of Advanced Studies Mail - Fwd: National Level Painting Competition - LiFE For ENVIRONMENT

NAAZ RIZVI

Director
Government of India
Ministry of Environment, Forest and Climate Change
National Museum of Natural History

Dated: 16th August, 2022

Subject: National Level Painting Competition – Theme: LIFESTYLE For ENVIRONMENT

Dear Madam/Sir,

National Museum of Natural History (NMNH) is subordinate office of Ministry of Environment, Forest and Climate Change, was established as one of the national level institutions to portray and promote awareness on the Natural Heritage of the country. The NMNH derives its strength principally from educational and out-reach activities, with the intention to provide an out of school facility for education of children and to promote environmental awareness among the masses.

The idea of LiFE was introduced by the Hon'ble Prime Minister during 26th United Nations Climate Change Conference of the Parties (COP26) in Glasgow in 2021. The idea promotes an environmentally conscious lifestyle that focuses on "Mindful and deliberate utilization" instead of "Mindless and wasteful consumption". The LiFE Movement aims to utilize the power of collective action and nudge individuals across the world to undertake simple climate-friendly actions in their daily lives. The mission seeks to create an ecosystem that will reinforce and enable environmentally friendly behaviors to be self sustainable.

In this context to inculcate the environment friendly lifestyle among the school children, National Museum of Natural History (NMNH) is organizing a **National Level Painting Competition** for school students of class 6th to 8th on the theme – "**LiFE For ENVIRONMENT**" to create environment awareness on eco-friendly lifestyle through colours.

It is kindly requested to circulate the information among the Schools / school students for maximum participation.

With Regards,

Yours Sincerely

(Naaz Rizvi)
