Subject: Thank you for joining in IIC Regional Meet held at Chandigarh University

To:

Cc: Dipan Sahu <dipan.sahu@aicte-india.org>

Dear IIC Members,

I would like to express my heartfelt thanks to each of you who participated in the Regional Meet at **Chandigarh University** on **26th July,2022**Over **350** IIC Members from **190** Higher Education Institutions gave their time and resources to attend and contribute. You made the IIC Regional Meet, Chandigarh University a success and it was a great pleasure to see so many IIC Members there!

Hopefully, you enjoyed both the Knowledge sharing part and the Innovation and Poster Exhibits and that you used the opportunity to extend your existing networks. I am sure that the cooperation with most of you will continue in the near future.

I would like to give special thanks to the individual Track Speakers of the event and to the **Chandigarh University** for hosting us during the event, and furthermore to the effective organizing teams of the **Chandigarh University** who did outstanding work in organizing the event.**Please use the following link to download your participation certificate.**<https://mic.gov.in/iicrm/opinion-past.php>**NOTE: Yukti Innovation Repository is open for submission.****Please refer to the guidelines for****1. Idea/Innovation submission at:** <https://yukti.mic.gov.in/assets/assets/images/innovation-downloads/Submission-Guideline-YUKTI-NIR-2022.pdf>**2. Guideline for Creating and Maintaining YUKTI - National Innovation Repository (NIR) at:** <https://yukti.mic.gov.in/assets/assets/images/innovation-downloads/Submission-Guideline-YUKTI-NIR-2022.pdf>

PFA the MIC presentation and a few photographs of IIC regional meet for your reference.

Thank you

--

Yours sincerely

Ankush Prakash Sharma

Global Entrepreneurship: S&T Clusters

The positive relationship between innovation and development

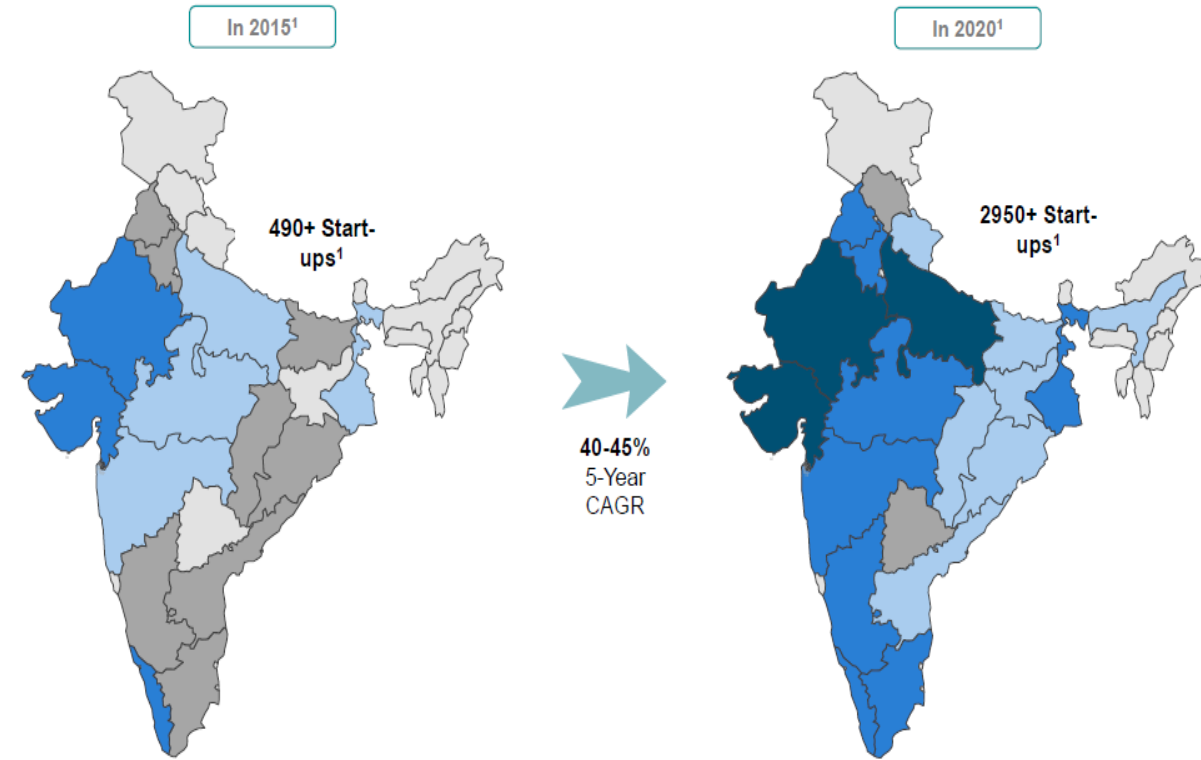

India – Emerging as a Start-up Nation

21% of Indian start-ups are primarily focusing on global markets

18% CAGR increase in no. of Indian start-ups focusing primarily on global markets since 2014

Distribution of start-ups on the basis primary market geography

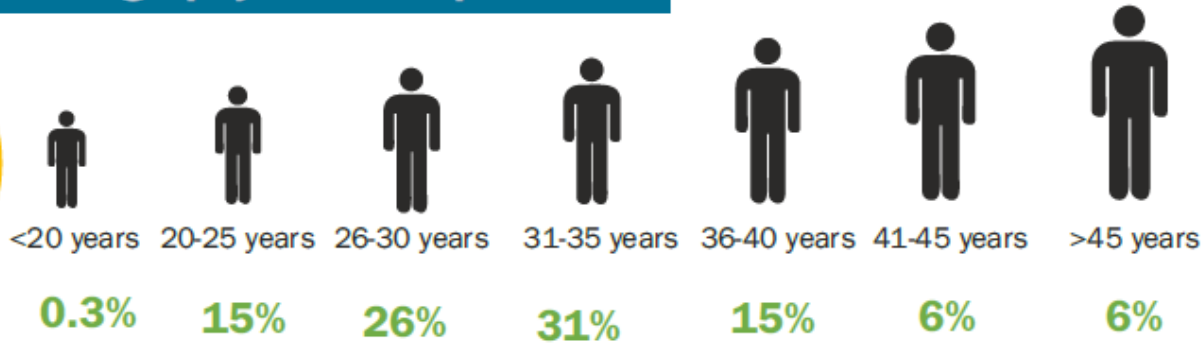

35-40%
5-Year CAGR for whole country

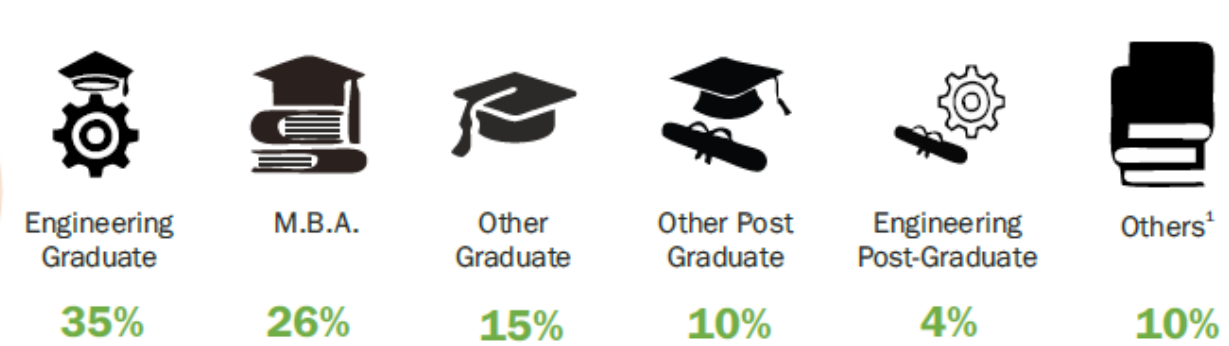

Indian - Youngest Start-up Nation in the World

Demography of start-up founders

72% of the founders are less than 35 years old.

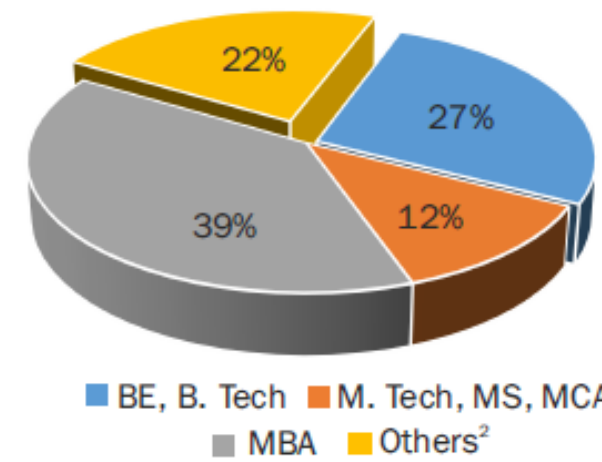

~9% Women Entrepreneurs in Start-up Landscape¹

Age Wise Break Up of Start-up Founders

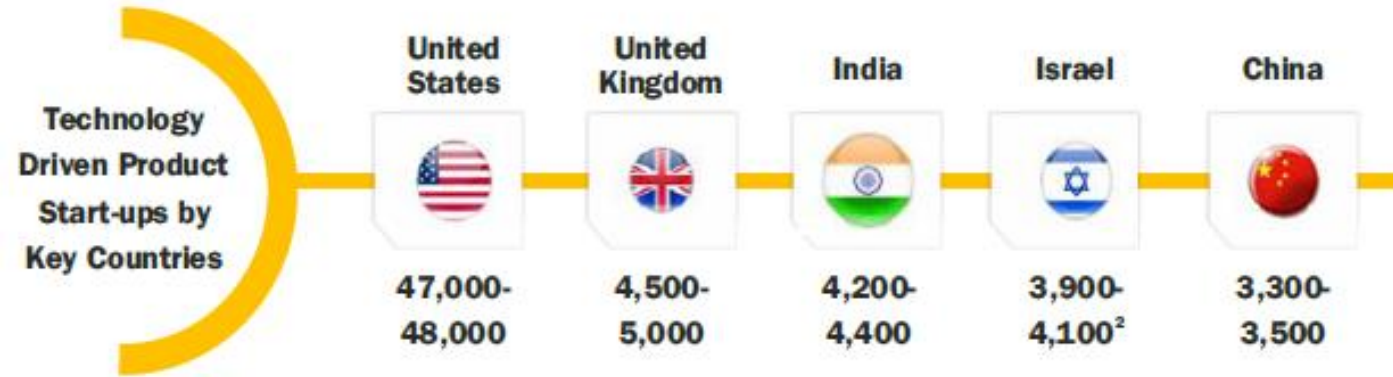

Education Break Up of Start-up Founders

Notes: ¹Others include MS, Administration Graduate, Doctorate, Under Graduate, etc.

Innovative Minds are Accelerating Growth of Indian Economy & Start-ups are Contributing to Indian Economy

1

Employment

With huge rise in the number of start-ups in India, employment opportunities are being generated

2

FDI Growth

Global investors are investing in the Indian start-up ecosystem leading to increased FDI

3

Multiplier Effect

Traditional businesses are being positively impacted through increased spending by start-ups

4

SMB Growth

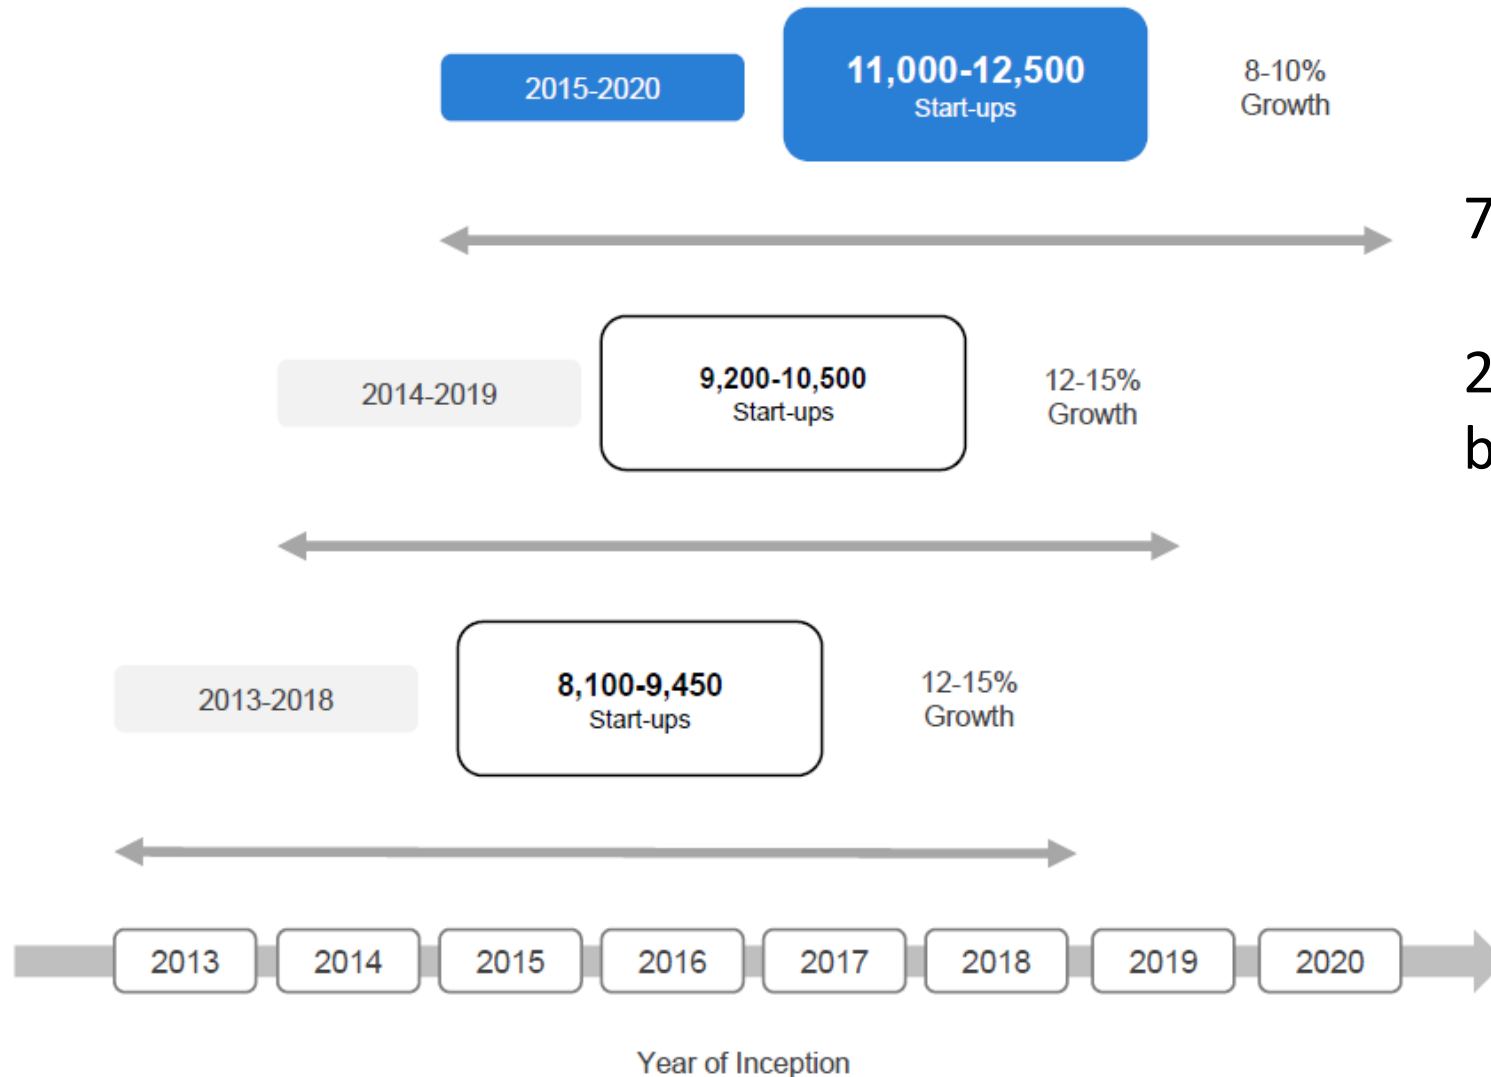

Start-ups are empowering SMBs in enhancing their reach and serve customers better

India Added 3rd Highest Number of Unicorns in 2020

(1) CBInsights – the complete list of unicorns (2) Hurun Global Unicorn List 2020 (3) Data as on 31st Dec 2020 (4) Cities have been bundled into clusters.

Steady Growth of Indian Start-up Ecosystem Despite of Covid19 Crisis

70% of inactive start-ups were B2C

2-3 Avg. age in years of start-ups that became inactive

Growth Trend (Post Covid19 Crisis) in Indian Startup Ecosystem

Accelerating Digital Economy

2020 provided tailwinds to digital adoption. A majority of sectors have either accelerated due to the pandemic or are on a steady recovery path.

01

Shift in Founder Playbook

Uncertainty and rapid experimentations have shifted founder mindset and a new playbook is emerging for post-COVID world.

02

Deep-tech is growing deep-roots

The pandemic accelerated the adoption of deep-tech solutions as customer needs evolved, providing tailwinds to the start-up ecosystem.

03

India – Home of Unicorns

We witnessed addition of Unicorns, expansion in potential unicorn pipeline, and growth in global unicorns' technology centers in India.

04

Strong Investor Commitment

While investments are lower than 2019, as we analyze investor activity across deal stages, the fundamentals are strong.

05

Consistent Corporate Participation

Open innovation programs have increased significantly, while investments and M&A recovery is in-line with global trends.

06

Growth of New Start-up Hubs

With start-ups outside major hubs growing faster than the national average, Indian ecosystem continues to gain depth and breadth.

07

Global Innovation Index 2021

The Republic of Korea enters the top five in 2021. Turkey jumps into the top 50 at 41st place.

France breaks into the top 15 and ranks 11th in 2021. India and the Philippines reach the top 50.

Rank Global Innovation Index 2021

High-income economies (51 in total)

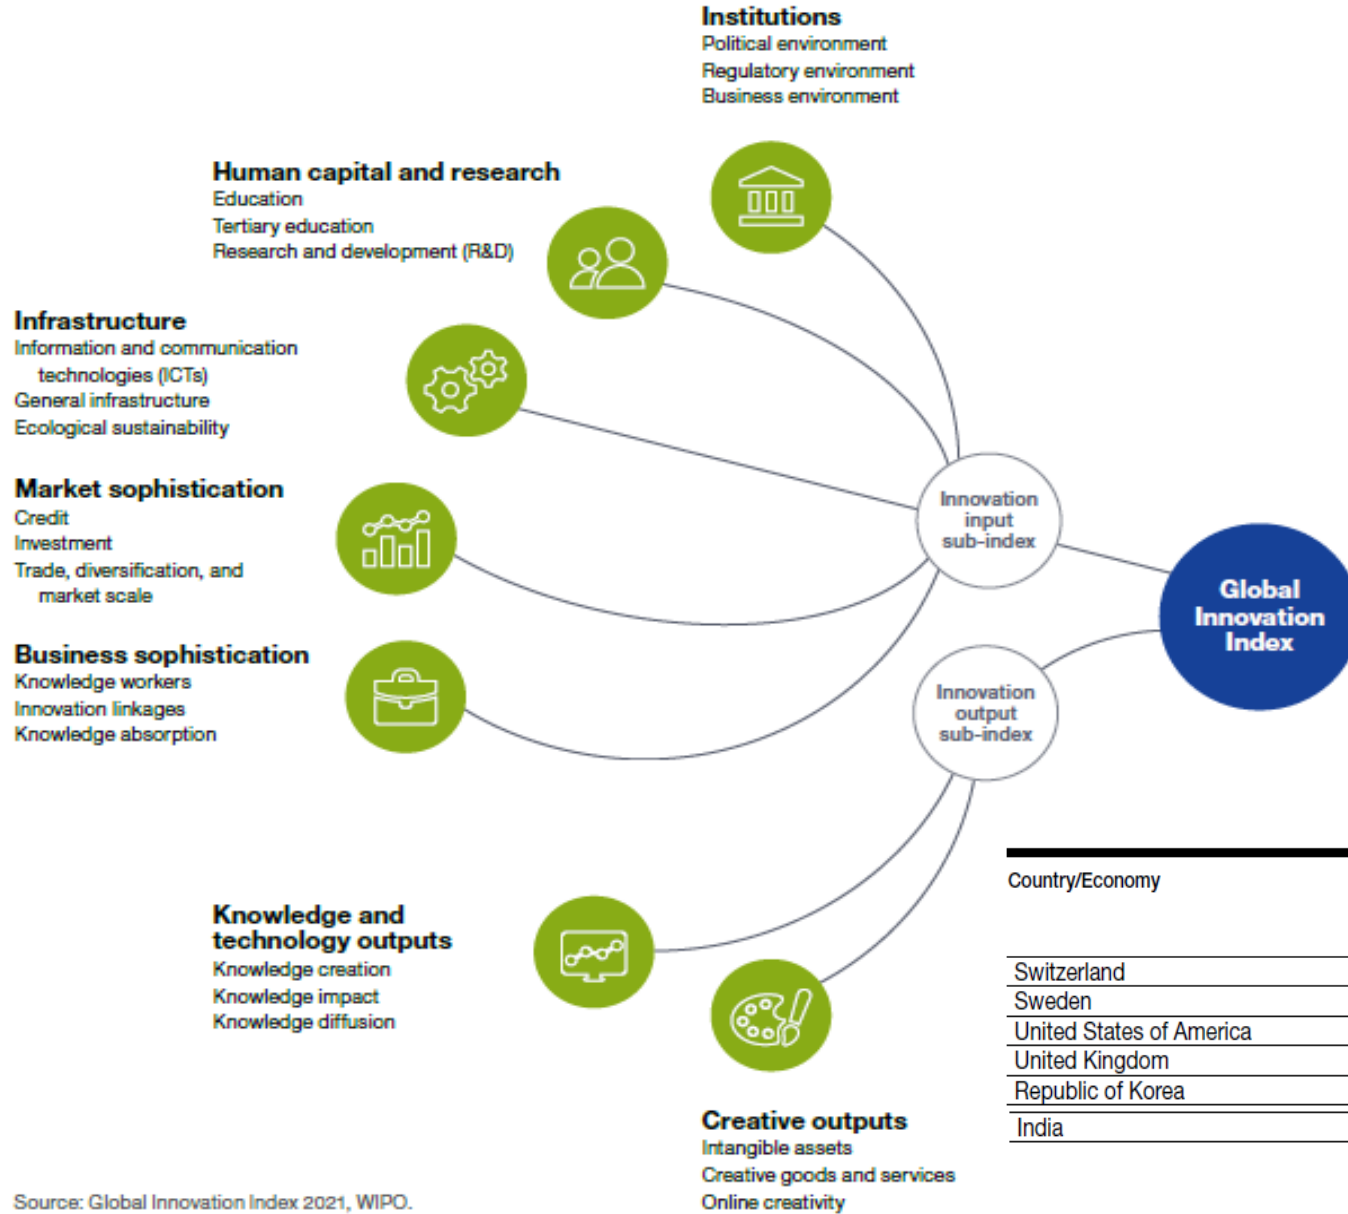

1	Switzerland (1)
2	Sweden (2)
3	United States (3)
4	United Kingdom (4)
5	Republic of Korea (5)
6	Netherlands (6)
7	Finland (7)
8	Singapore (8)
9	Denmark (9)
10	Germany (10)

Lower middle-income economies (34 in total)

1	Viet Nam (44)
2	India (46)
3	Ukraine (49)
4	Philippines (51)
5	Mongolia (58)
6	Republic of Moldova (64)
7	Tunisia (71)
8	Morocco (77)
9	Kenya (85)
10	Uzbekistan (86)

India	46	62	54	81	28	52	29	68

India in Global Innovation Index 2021

The seven GII pillar scores for India

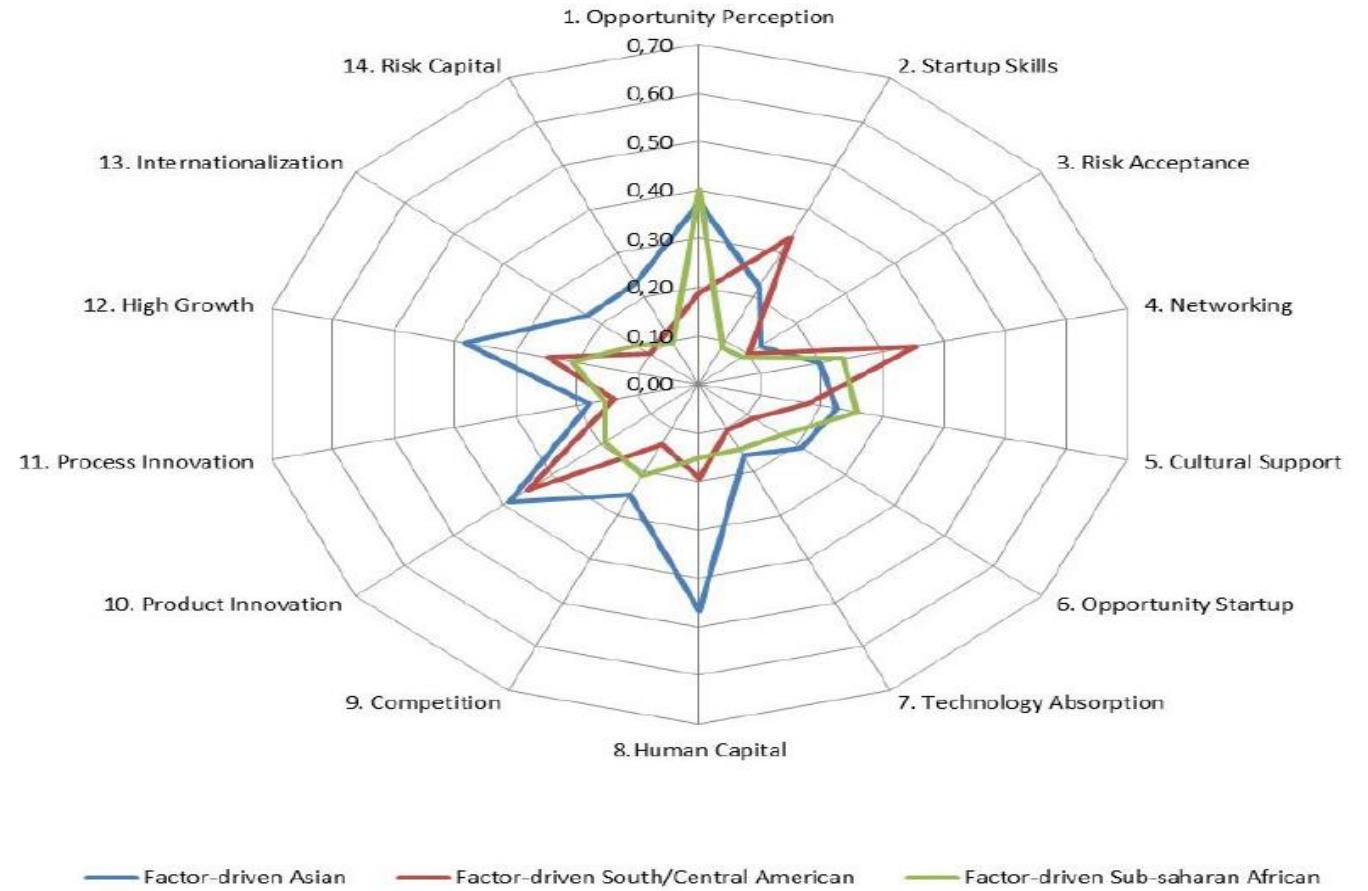

The seven GII pillar ranks for India

Note: The highest possible ranking in each pillar is one.

Factor Driven Economies at the Pillar Level

Global rank	Country	Score	Attitude	Attitude Rank	Ability	Ability Rank	Aspiration	Aspi. Rank
1	United States	86.8	83.5	1	89.7	2	87.2	2
2	Switzerland	82.2	72.2	9	85.6	3	88.6	1
3	Canada	80.4	78.0	3	83.8	4	79.4	3
21	Korea	58.1	67.8	12	46.3	36	60.1	23
78	India	25.1	22.7	95	23.6	84	28.9	61

Global Startup Ecosystem Ranking 2021

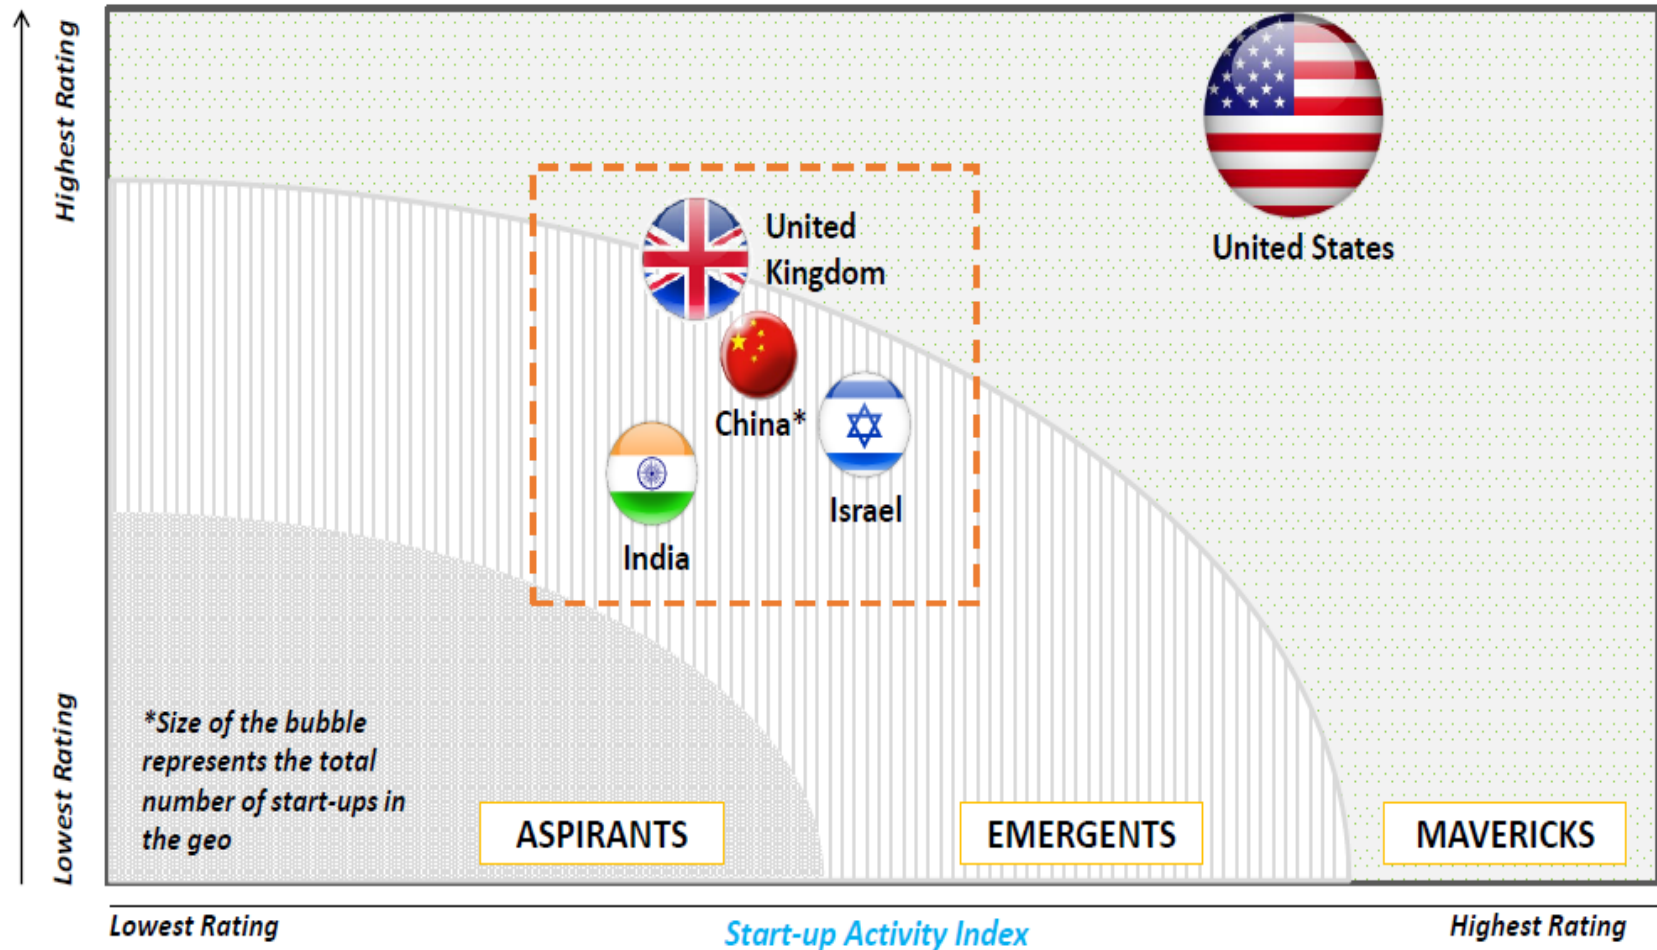

Factors are tiered from 10-1

	Ranking	Performance	Funding	Connectedness	Market Reach	Knowledge	Talent
Silicon Valley	#1	10	10	10	10	10	10
Seoul	#16	6	5	9	5	10	5
Bangalore-Karnataka	#23	5	8	8	1	8	3
Delhi	#36 (tie)	2	6	1	1	1	1

Global Start-up Landscape

- India positioned 3rd and competing with Israel

Govt. Focus & Country Specific Indices = $f[\text{Government Initiatives (Govt. Policies, Govt. Funding), Country Specific Indices (Global Innovation Index, Ease of Doing Business)}]$

Start-up Activity Index = $f[\text{Landscape (Total Start-ups, Start-ups Per Capita, Acquisitions), Unicorns Analysis, Investors Ecosystem \& Funding, Advanced Tech Focus}]$

Atmanirbhar Bharat (Self-Reliant India) - Fundamentally Strengthen the Innovation & Start-up Ecosystem

Strengthen Support Ecosystem

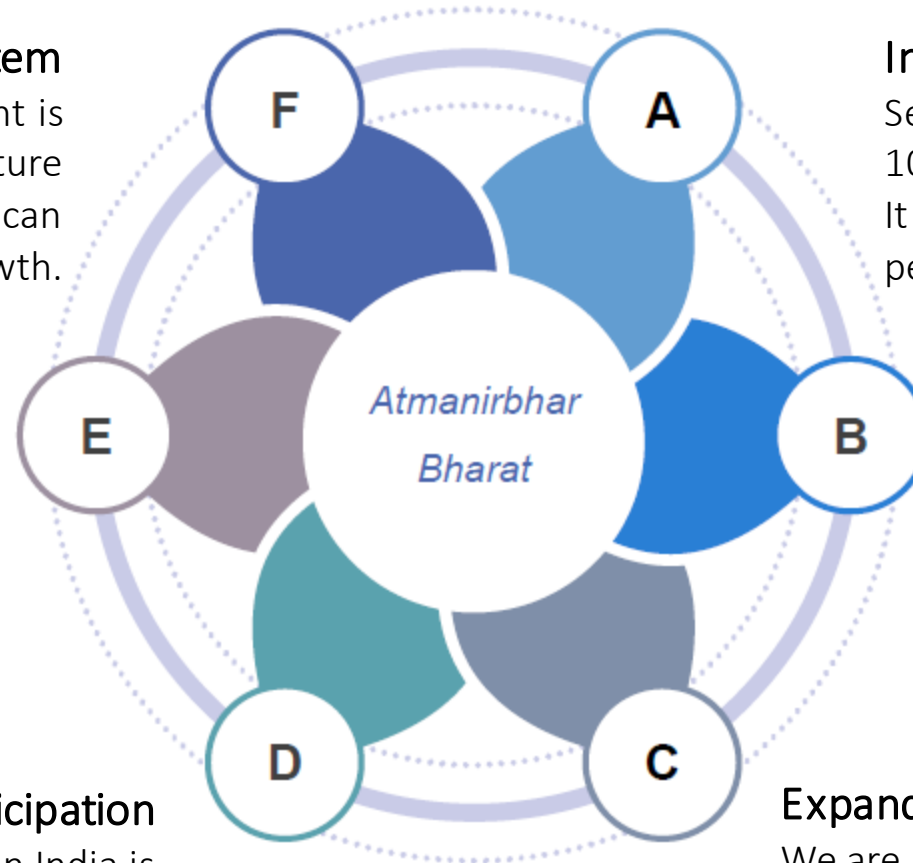

A contemporary enabling environment is critical for innovation. Key infrastructure investments, accessible to all, can accelerate growth.

Enable Revenue Generation

Valuations, investments, and jobs are all linked to customer traction. Structural approach can help reduce market access cost for (young) start-ups.

Accelerate Corporate Participation

With each year, corporate participation in India is increasing. However, it is abysmally low compared to global ecosystems and critical for orbit shift.

Increase Seed-stage Investments

Seed-stage investments in India are less than 10% of the total investment received each year. It has stagnated in the range of \$400-500Mn per annum.

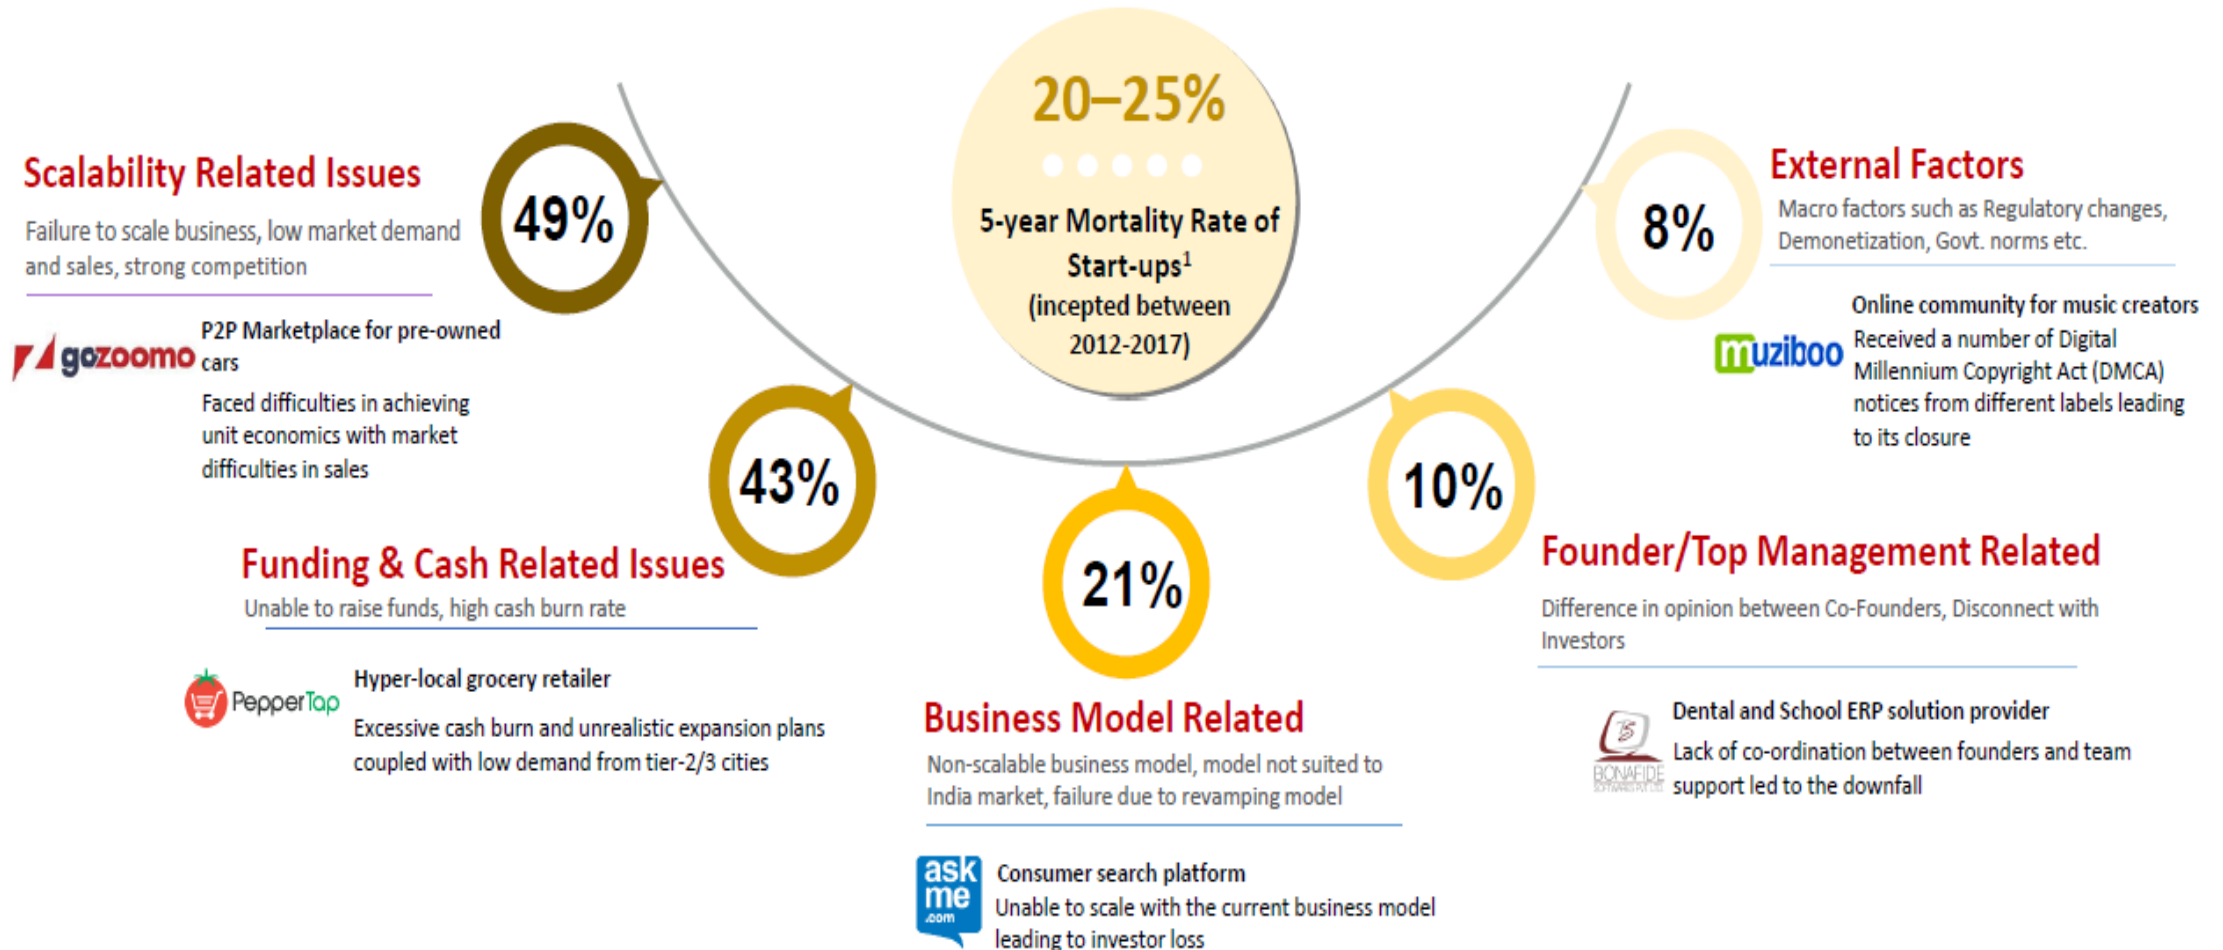

Increase Share of Domestic Capital

Current highly volatile and geopolitical climate is a high-risk exposure. At 70-75% of the share, our dependence on foreign capital is uncomfortably high.

Expand Experienced Talent Base

We are amid a global talent war. As a country, we need to leverage the shift to remote work to attract international talent to contribute to the ecosystem.

Start-up Mortality

- Majority of Start-ups dying within 1.6-1.9 years of Inceptions
- 55% of failed start-ups have received funding
- 20% failed start-ups graduated from Incubators/Accelerators

Formulation of Overarching Start-up Centric Policies

Key Drivers for the growth of New Start-up Hubs

State and Central Government policies have been instrumental in strengthening local ecosystems – this is reflected in high number of seed-stage start-ups

Academic institutions are increasingly leveraging Technology Business Incubators and Entrepreneurship Cells to distinguish themselves, to attract best talent

Investors today, are significantly more willing to back India-specific problems / opportunities – without direct parallels overseas

Entrepreneurs in a digital world are leveraging low-cost structure to extend runway – post-COVID remote work will boost this trend

1

Start-up Policy

Formulate start-up policy for India to promote overall start-up growth and foster an environment of entrepreneurship

2

Infrastructure

Develop infrastructure across cities for better connectivity, transportation and basic amenities to spur business growth

3

Exit Options

Lay out rules on exit options for entrepreneurs as well as investors to boost cross border M&As

4

Ease of Doing Business

Focus on easing regulatory norms for starting and operating a business in the country along with sector specific regulations

5

Incentives

Provide subsidies, funds and other incentives to start-ups in areas such as product development and market access

6

Tax Benefits

Rationalize taxes related to start-up investments such as angel-tax, differences between investments in listed & unlisted shares and mobilize domestic investors

- YUKTI - National Innovation Repository (NIR) and National Innovation Challenge (NIC)

YUKTI - National Innovation Repository (NIR)

A System of Building Repository of Ideas, Innovations and Start-ups from Academic Institutions and Nurturing for Scale-up.

Campus to Commercialization

MoE's Innovation Cell

- To complement the national movement of innovation & start-up ecosystem building in HEIs.
- To supplement in strengthening the pipeline by increasing outflow of quality innovations for incubation units & investors community for further support.
- NIR platform is to facilitate connection with stakeholders from both demand and supply sides and match innovations with ecosystem enablers.

YUKTI 2.0

Innovation Repository

National Innovation Repository (NIR):

➔ IIC Institutions will Create and Maintain a Repository of Innovations by Identifying, Scouting and Evaluating Innovations and Start-ups Developed by Faculty Members, Students, Alumni and Incubated Start-ups on Regular Basis.

➔ IIC institutions can use this for referral and nominations

Indexing of Innovations on

- Themes & Stages
- Technology Readiness Level (TRL)
- Manufacturing Readiness Level (MRL)
- Investment readiness Level (IRL)

[\(Submit your Idea/Innovation/Startup\)](#)

National Innovation Challenge (NIC):

➔ Nominations of Validated Innovations/Start-ups from NIR and IIC Institutions to take part in National Contests and Grand Challenges

➔ Mentoring and Training Support and Evaluations

➔ Funding Assistance and Incubation Linkage

➔ Acceleration and Investment Linkage Facilitation

[View More](#)

National Forum for Technology Transfer and Innovation Commercialization (NFTTIC):

➔ Build and Manage a decentralised HUB-Spoke Model for TTs in IIC Institutions

➔ Create Potential Technologies for Transfers

➔ Capacity Building of IIC institutions in Technology Transfer and Commercialization

➔ Adoption of Network and System Approaches: Facilitate Industry Meets and Connections

Role of Institution's Innovation Council (IICs) in HEIs

- **Innovation repository creation at each institute level:**
 - Identifying: Institution Environment
 - Scouting: Round the year
 - Verifying: Verification of received submissions on regular basis
- **Ideas, innovations and start-ups from**
 - Students
 - Alumni/Recent Graduates
 - Faculty members, & Staff
 - Entrepreneurs Incubated at the Institute.
- **Taking needful actions to provide handholding supports:** Sustainable Generation and Production of Innovations and Startups from HEIs.
 - One-to-One Mentoring
 - Grant Assistance
 - Nominate for National Innovation Challenges
 - Referral & Linkage with Incubation Units & Accelerators
 - Connect with Angel/VC Networks /HNIs
 - Facilitating Technology Transfer etc.

Idea/Innovation/Startup Submission: Common FAQs

BASIC ELIGIBILITY FOR SUBMISSION

Those who are in academic, current student (regular)/Recently Graduated/Alumni/Faculty/Staff/Entrepreneur at Incubation unit of the IIC-institute/HEI can submit their Ideas/Innovations/Business-Model/Startups. The basic eligibility for submission of application is that applicant should have/had association with the institute in any one of the forms as mentioned above. Applicants must upload the copy of document/ID proof of association with the institute while registration. <https://yukti.mic.gov.in>

BENEFITS FOR INNOVATIONS

- Receive One to One Mentoring Support from HEI to refine and build the application by engaging internal and external mentors empaneled at the HEI
- Opportunity to avail incubation support with financial or grant assistance/schemes available at the institute/incubation unit for working on your innovations/startups.
- Possibility to get linked or referred to incubation centers outside the institute for further incubation support and guidance.
- Chance to get connected with Angel Investors/VC firms for further investment support and guidance.
- Receive facilitation service from the HEI/IPR cell for IP filing, Technology Transfer/Licensing support and guidance.
- Institute can nominate the best proposals to National Innovation Challenge (NIC) of the Ministry of Education (MoE) and (or) similar kinds of programs offered by other various ministries for further handholding and financial assistance.
- Opportunity to get nominated by the HEI to participate in various competitions and programs where HEI is a partner.
- Eligible to be part of various support mechanisms provisioned as in the Innovation and Startup Policy of the institute aligned with the National Innovation and Startup Policy (NISIP) of MoE.

BENEFITS FOR IIC INSTITUTIONS

- Data entered in YUKTI – NIR will act as input for ARIIA.
- Help HEI in benchmarking Innovation and Startups practices and setting targets by taking it as Key Performance Indicator (KPI) and setting direction and bigger vision for the institute to become innovative and entrepreneurial.
- Support in Planning and effective awareness generation of I & E and engaging them in I&E activities for further strengthening the I&E campus ecosystem.
- Reward and recognition of the HEI at the state, region, and national level and brand building.
- Systematize and channelize innovations and create a pipeline of quality innovations.
- Connect and collaborate with a wide range of ecosystem enablers and agencies.

Technology Readiness Level (TRL)

- Technology readiness levels (TRLs) - Measurement of the maturity level of a particular technology
- TRLs are based on a scale from 1 to 9, with 9 being the most mature technology.
- Systematic addressing of TRLs is required, allowing a technology to evolve from conception through to research, development and deployment.
- Universities, along with government funding sources, focus on TRLs 1-4, while the private sector focuses on TRLs 7-9.
- The term 'Valley of Death' represents the often neglected addressing of TRLs 4 through to 7, where neither academia nor the private sector prioritize investment.

Manufacturing Readiness Level (MRL)

- MRLs are a method for understanding the maturity of a manufacturing process readiness, similar to how [Technology Readiness Levels \(TRLs\)](#) are used to understand technology maturity.
- MRLs allow innovators to have a consistent datum of reference for understanding manufacturing maturity evolution.
- The MRL concept was developed by the United States Department of Defence (DoD) to assess the maturity of a manufacturing process throughout its conception, development, deployment and support progression phases.
- MRLs are based on a scale from 1 - 10, with 10 being the most mature.

Investment Readiness Level (IRL) Idea-to-Start-up-to-VC

- **IRL 9:** Full Commercial Development – A full time process engineering staff continuously verifies that operations are meeting cost, yield and productivity targets.
- **IRL 8:** Pre-Commercial Demonstration – Operating Conditions and quality stabilized
- **IRL 7:** Prototype High Fidelity MVP: Integrated Pilot Continuous Operation
- **IRL 6:** Validate Business/Revenue Model: Integrated Pilot Development– understanding operational nuances
- **IRL 5:** Validate Product-Market Fit (Integrated Validation of the Minimum Viable Process and Process Engineering). “High-fidelity” - A high-fidelity laboratory environment would involve testing with equipment that can simulate and validate all system specifications within a laboratory setting.
- **IRL 4:** Prototype Low-Fidelity Minimum Viable Product (MVP): “Low-fidelity” - A representative of the component or system that has limited ability to provide anything but initial information about the end product.
- **IRL 3:** Validate Problem - Solution Fit (Confirmed Value Proposition & Techno-Economic Analysis) & Minimum Product Cost (Maturity of Core Technology)
- **IRL 2:** Applied Research (Market Size and Competitive Analysis) & Business Plan – Value Proposition & IP Identification
- **IRL 1:** Basic Research (Need Identification & Peer Review Publications) & Completed First-Pass Business Model Canvas (BMC)

- Where someone can submit an Idea/Innovation/Startup?

All submissions will be channelized through the IIC Institute/HEI only. Either you can register through the registration URL shared by your institute (or) you can register directly at <https://yukti.mic.gov.in/registration/new>

- How many Idea/Innovation/Startup one can submit?

After registration as team lead/founder, applicant can submit multiple ideas/innovations/business models/startups. The team leader of one idea/innovation can be a member of another idea/innovation. In addition to the Team leader, team can have up to 5 more members and 2 members as mentor. Team members can be from same or different institute or external member.

The team leader will get a login access to add, manage and check progress of the ideas/innovations/startups submitted.

- Can IIC institute keep the portal open throughout the year to receive submissions?

Yes, HEI should scout and accept submissions of ideas/innovations/startups throughout the year. HEI/IIC institute will undertake necessary actions towards promotion and awareness generation among stakeholders and actors in this regard. The repository created at the institute level will be part of the YUKTI-National Innovation Repository.

- What actions to be undertaken by the HEI after receiving submissions?

Once applicant will submit ideas/innovations/business-models/startups, application will be accessible to HEI/IIC institute for further verification by experts at the institute level. On regular basis, HEI need to verify the submissions by engaging experts and based on the recommendation remarks received from the expert(s), HEI will take further supportive actions.

- How to add experts for verification and whom can add as expert for verification?

HEI can add experts and manage in the YUKTI – NIR sub section page and tab “Add Verifier”. Verifier can be classified as internal and external members. The trained faculty Innovation Ambassadors (IAs) are going to be internal experts who can act as verifier. The list of IAs are pre-populated in the page for selection and addition as verifier.

Similarly, HEI can add and invite external members with relevant experience of at least 4-5 years and expertise in the areas of innovation, entrepreneurship, startup, IP and technology commercialization to carry out the verification.

Addition of an expert can be done by inserting contact details of external member/selecting IA, and an invitation email with invitation link will be auto delivered to the member for completing the registration. HEI can see the list of experts empaneled for verification and can add or delete later.

*One external expert can be added as a verifier for multiple institutes.

- How and where the score and remark of verification will reflect?

Once all assigned verifiers of particular application completed verification and submitted their score and remark, then the average verified score and average remark will reflect in the respective columns for each application. Score will be in the range of 0 to 100 and remark will appear either as Recommended or Not-recommended.

Applicants will also see the verification progress; score and remark received for their applications in their login page.

- Where one will get documents related to application format, verification criteria and guidance on innovation development stages?

In each submission, applicant will require to clearly mention innovation development stages; Technology Readiness Level (TRL), Manufacturing Readiness Level (MRL), and Investment Readiness Level (IRL). One can download a short presentation on innovation development stages, blank application formats and verification criteria for our reference. <https://yukti.mic.gov.in/>

- How I will check the progress of my submission?

Once applicant will submit ideas/innovations/business-models/startups, application will be accessible to HEI/IIC institute for further verification by experts at the institute level. Team lead can check the verification progress after login. Post Verification, team lead can able to will able to check the progress status, avg. score obtained and if any support actions taken on your proposal by the HEI.

- Whom to contact for any query?

For any query related to submission, the first point of contact is your IIC Institute. You can reach to the Institute's IIC President or IIC convener and Innovation in charge. Contact details of key functionaries of your IIC institute is visible in your login page. You can refer to <https://iic.mic.gov.in/institute-list>

In extreme or non-response case, you can reach to the IIC zonal in charges of the IIC implementation team at MoE. <https://yukti.mic.gov.in/> and <https://iic.mic.gov.in/iic-implementation-team>

Benchmarking I&E Ecosystem – Key Performance Indicators (KPIs)

PARAMETERS

- 7 Parameters
- 24 Key Indicators

Welcome to Atal Ranking of Institutions on Innovation Achievement (ARIIA) - 2022 Pre-Qualifier & Data Submission Portal

Dear "INFLIBNET Centre, Gandhinagar" [**ARI-I-00001**],

Thank you very much for registering with ARIIA and appreciate your interest to participate in ARIIA 2022 ranking process.

For quick communication and query clearance, all nodal officers are requested to join the Telegram group "ARIIA 2022" by clicking the link 

Data Submission Portal is active. You can download the excel guide for parameter wise data-sections in the framework for ARIIA 2022 (updated) [Click Here](#).

[Proceed for ARIIA 2022](#)

DECLARATION & SUBMISSION

Parameterwise Data Sections

Section 1:
**Policy and Institutionalization
of I&E Activities in HEIs**
(Academic Year 2020-21 & 2021-
22)

Section 2:
**Teaching and Learning Courses
on Innovation and
Entrepreneurship: (Academic
Year 2020-21 & 2021-22)**

Section 3:
**Pre-Incubation and Incubation
Infrastructure & Facilities are
Currently in Operation to
Promote I&E Agenda (Academic
Year 2020-21 & 2021-22)**

Section 4:
**Generation and Support of
Ideas/Prototypes/Innovations
at HEI and Recognition Received
(Academic Year 2020-21 & 2021-
22)**

Section 5:
**Start-ups/Ventures Established
and Supported at HEI and &
Recognitions Received**
(Academic Year 2020-21 & 2021-
22)

Section 6:
**Collaboration with Other
Incubation Units, HEIs and
Industry Associations to
Strengthen Better Services and
Support to Innovation &
Startups at HEI (Academic Year
2020-21 & 2021-22)**

Section 7:
**Intellectual Property (IP),
Generation and
Commercialization (Annual
Calendar Year 2020 and 2021)**

Section 1: Policy And Institutionalization Of I&E Activities In HEIs (Academic Calendar Year 2020-21 & 2021-22)

Adoption Level of Innovation and Entrepreneurship (I&E) Policy in HEIs: Registration; Policy Formulation; Policy Implementation

Performance Level of Institution's Innovation Councils (IICs) Established in HEIs: Scores and Stars Obtained

Activeness of Trained Innovation Ambassadors in Driving Campus I&E Ecosystems in HEIs: Trained IA/HEI and Nos of Prescribed Activities undertaken by IA

Participation in KAPILA/SIH Program

National Innovation and Startup Policy (NISIP) Implementation in education institutes

- 5000+** Ecosystem enablers engaged in the process of NISIP policy implementation in HEIs
- 3000+** Education institutions joined the NISIP campaign and adopted NISIP
- 6000+** Faculty from HEIs received training on NISIP adoption and policy formulation
- 1000+** Higher educational institutions are in process of formulating innovation & startup policies in their HEIs
- 200+** Higher educational institutions have formed I&E policy and action plan for implementation

For more details, visit <https://nisp.mic.gov.in/>

Adoption of National Innovation and Startup Policy in HEIs

Thrust Areas of NISP 2019

1

A. HEIs Strategies & Governance for Promoting Innovation & Entrepreneurship

A1. Creating Innovation Pipeline and Pathways for Entrepreneurs

A2. Building Organizational Capacity, Human Resources and Incentives

A3.

Collaboration
Co-creation
and Business
Relationship
and
Knowledge
Exchange

2

B. Norms for Faculty & Students Driven Innovations and Startups

B1 & B2. Incentivizing Faculty & Students for Entrepreneurship

B3. Norms for Faculty Startup

3

C. Incubation & Pre-Incubation support

4

D. IP Ownership Rights for Technologies Developed at HEI

5

E. Pedagogy & Learning Interventions for Supporting Innovations & Startups

6

F. Entrepreneurial Performance Impact Assessment

Highlighting features of the policy

•Creation of 'Innovation fund' for supporting innovative projects and Start-ups by allocating minimum 1% of institution's total budget

Academic break for a semester/
year to work on their startups
Credits for working on innovative
prototype/ business models

•2% - 9.5% Equity/ stake in
startup/ company by Institute's
incubator
•Complete Ownership of IPR by
the inventors in case of non-usage
of institute's facilities/ resources

•Services to be offered by
institution in lieu of equity, fee
based or zero payment model

Adoption of National Innovation and Startup Policy in HEIs

S No Action Items for Policy Formulation

- 1 HEI has joined the NISP Policy Campaign
- 2 Nominated NISP Coordinator for Policy Adoption
- 3 Completed Policy Implementation Training Program Offered by Ministry of Education's Innovation Cell

4 Experts Committee Formed at HEI to Formulate the Policy

- 5 Conducted Committee Meetings towards the preparation of an implementable Innovation and Entrepreneurship Policy Document with KPIs (Key Performance Indicators) / Milestones at the HEI

6 Approval of Innovation and Entrepreneurship Policy of the institute by concern Competent Authority / Council / Governing Body / University of Affiliation

- 7 Notified / Published the approved I&E policy among the stakeholders, Faculties and students
- 8 Onboard of NISP coordinator as a member of the IIC of your institute
- 9 Conduct of Awareness program, Policy Objectives, and provisions among students, faculties, and staff at the HEI level
- 10 Creation of dedicated webpage or section in the HEI webpage for one page stop for I&E policy and other policy documents of state and central government for reference and all I&E and IPR related programs and opportunities

S No Action Items for Policy Formulation

- 1 Attended Policy Implementation Training organized by MoE's Innovation Cell
- 2 Submission of the approved I&E policy to the IIC of the institute for the discussion and implementation

3 Benchmarking the current status of I&E ecosystem of the institute by developing KPIs and setting annual targets to achieve

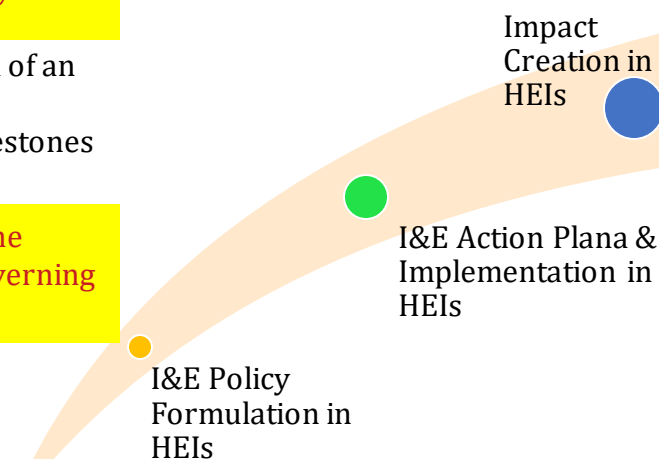

4 Developed quarter / semester wise plan for I&E activity aligned with the plan of IIC institute for implementation

5 Allocated 1% of the total annual budget of HEI as provided in NISP to support Innovation and startup agenda of the institute

6 Setup mechanism (Equity and rental mode of service to innovators and startups, IP filing, funding support, etc.) for establishing pre-incubation and incubation facility and management practices to improve their performance efficiency

7 Setup mechanisms (IP ownership, revenue sharing, licensing, rewarding incentives, etc.) for accelerating technology transfer and commercialization of innovation developed in institutes.

8 Laid down mechanisms to incentivize (recognition, rewarding financial / non-financial incentives / benefits) innovators (student / faculty) for their engagement in innovation and startup related endeavors

Policy Formulation

School Innovation Council

- CBSE and Ministry of Education's Innovation Cell is establishing School Innovation Councils (SIC) in schools to **foster the culture of Innovation, Ideation, Creativity, Entrepreneurship and design thinking.**
- SIC is a council of Principal, Teachers, Students and Experts.
- The program will link the Higher Education Innovation & Entrepreneurship ecosystem with schools
- Schools (through SIC) will have to organize various mandated activities throughout the year and submit the report on SIC portal for monitoring and handholding.

School Innovation Council Committee Representation

1. **Executive Representation-** School Principal/ Vice Principal
2. **Teacher's Representation-** Senior teachers and Innovation Ambassadors
3. **Student Representation-** School Captain/ Head Boy/ Head Girl
4. **Expert Representation-** *School Innovation Council – Institution's Innovation Council* linking (Incubation Centre, Industry, industry, etc.)

Types of activities – (An activity calendar will be released for the schools to follow)

1. Motivational Session by Successful Innovators/entrepreneurs.
2. Orientation Session on National Innovation and Startup Policy for schools.
3. Games/Fairs/Exhibition/competitions/ Quizzes.
4. **Idea Creation challenge**
5. Development of Proof of Concepts and Prototypes
6. Exhibition for best PoC/Prototypes at National Level.
7. Business Model Development
8. Setting Innovation Tree in school campus to promote free ideas.

Hackathons At Glance

1. Smart India Hackathon
2. Toycathon
3. Manthan Hackathon
4. Singapore India Hackathon
5. ASEAN India Hackathon
6. UNESCO-Africa-India Hackathon

SMART INDIA HACKATHON

Flagship Event of Ministry of Education, Govt. of India, having massive participation in all editions since 2017.

20 Lacs+ Students impacted directly & indirectly so far

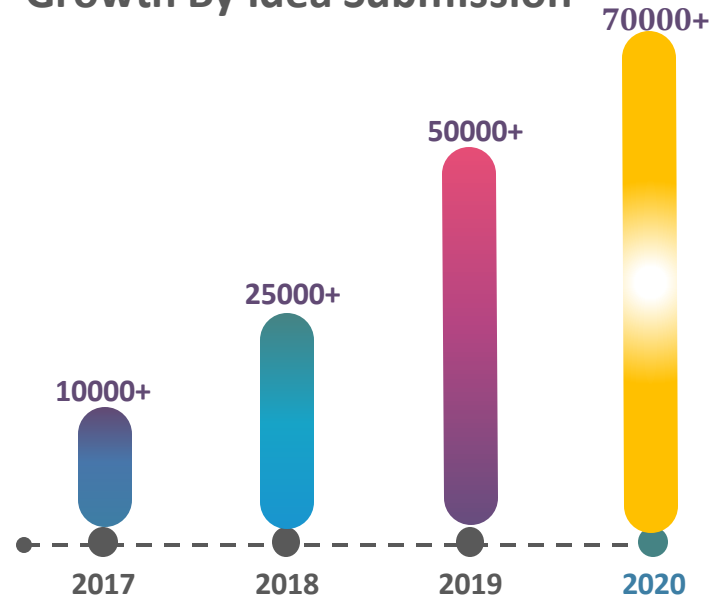

- World's biggest open platform for the innovators or entrepreneurs of tomorrow to start today towards a smarter India
- The four editions SIH2017, SIH2018, SIH2019, and SIH2020 proved to be extremely successful in promoting innovation and out-of-the-box thinking in young minds, especially engineering students from across India

Growth By Participation

Growth By Idea Submission

Year 2017 – 2020 Growth in Participation can be seen with a quantum jump related to Innovative idea submissions and Active participation Including Newly introduced method of Internal Hackathon as layer of filtration

SIH 2017

7531 Teams Participated

598 Problem Statements
26 Nodal Centers
2168 Institutes Participated
29 Central Ministries & Departments
37655 Participants

SIH 2018 SW+HW

17435 Teams Participated

408 Problem Statements
38 Nodal Centers
1315 Institutes Participated
34 State Government
54 Central Ministries
87175 Participants & 108 sw + 31 hw winners

SIH 2019 SW+ HW

37000 Teams Participated

532 Problem Statements
66 Nodal Centers
2235 Institutes Participated
26 Central Ministries & Departments
185000 participants & 319 sw + 93 hw Winners

SIH 2020 SW+ HW

24733+ Teams Participated

353 Problem Statements
41 Nodal Centers
3496 Institutes Participated
32 Central & State Ministries
27 Private Industries
123665 Participants & 111 Hw + 221 Sw winners

ASEAN India Hackathon 2020

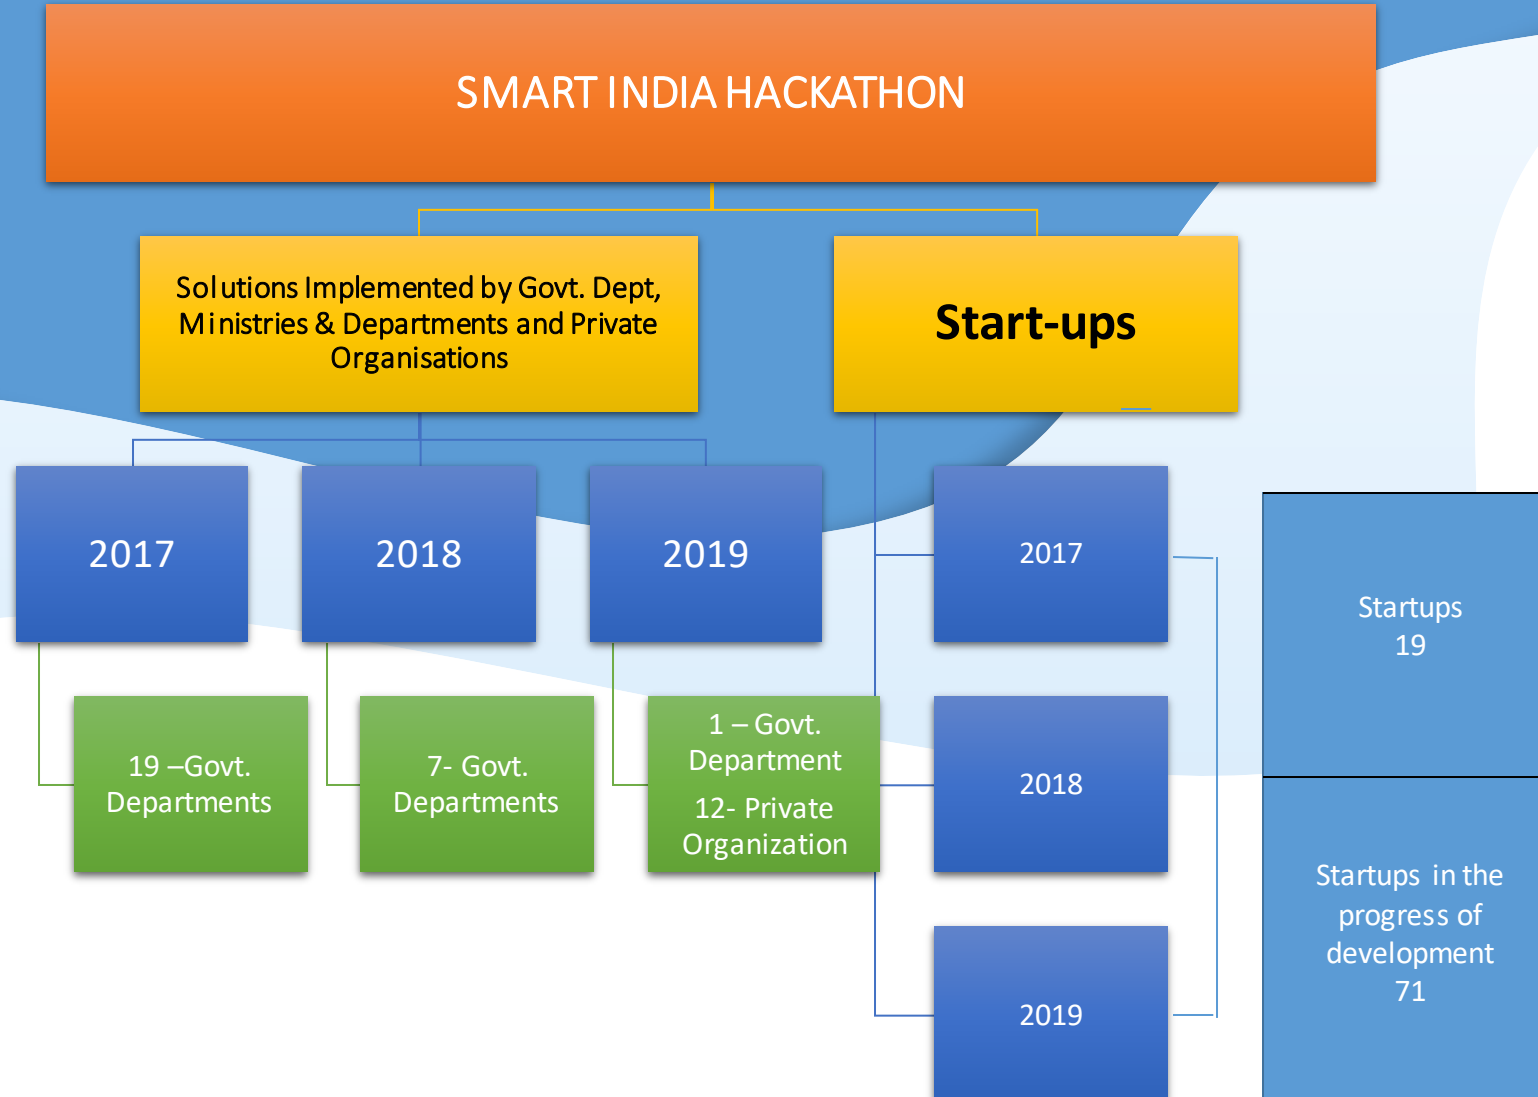

As per the vision expressed by Hon. Prime Minister, Shri Narendra Modi in the second edition of India Singapore Hackathon

Hackathon comprised of students from India and all 10 ASEAN nations on the theme Blue Economy

- Mentors from Coast Guard, INCOIS in India as well as from other participant nations
- Completely online hackathon with its own online platform for collaborative efforts
- Massive Training sessions by Indian marine counterparts for better solution Design

Flow of Conversion and Participation Outcome Centric

MANTHAN 2021

- The **Bureau of Police Research and Development (BPR&D)**, in coordination with the **All India Council for Technical Education (AICTE)** organized MANTHAN 2021
- **Aim:** For **identification of innovative concepts and technology solutions** to address the challenges faced by intelligence agencies.
- **2203 ideas** were received against **20 Problem Statements**.
- **115 ideas** are shortlisted for the Grand Finale after the pre-screening round.
- **14 Winning teams** and **7 teams** were awarded Certificate of Merit.

MANTHAN
राष्ट्रीय सुरक्षा सर्वोपरि

75
