Learning Objective: To understand the role and contribution of women in society.

REPORT

To spread the awareness on women's contribution in society among the students Gender Champion Club has organized Online Poster making where the students were asked to submit their entries through their email ids. Submission began from 23rd Aug 2022 and last date of submission was 29th Aug 2022.

Throughout history, the central role of women in society has ensured the stability, progress and long-term development of nations. Indian society from the ancient period to the modern times has considered women as an important part of society. To sensitize the global role of women such as Caretakers, Conscience, Farmers, Educators, Entrepreneurs etc in society, this poster making competition played an important role. The students have communicated the message through their posters that today there is no difference between a male and a female and it is required to keep women happy and let them live on their conditions, let them fly as per their own wishes, so that we can get an India where women can derive their position in the society with the respect and honour which they deserve.

The event observed 25 entries from different departments of TIAS. The students actively participated in the competition as they got an opportunity to exhibit women's position and contribution in society through their art and talent. The Judges for the competition were Dr. Deepak Sonker, Head of Department (BCA), TIAS and Mr. Ajay Dureja, Assistant professor, BCA, TIAS who have judged the posters submitted by students in a very rational way. The posters were judged on three parameters- Relevance to the theme, Neatness and Originality. Vanika Madra, BCA II Year (Shift II) secured first position whereas Ashima Mehta of BCA II year (Shift II) secured second position. E-Certificates were awarded to all the winners and Participants.

Posters made by Students

Learning Outcome: The participants have demonstrated the role and contribution of women in society in various dimensions through posters.
