## OBJECTIVES:

- Encourage volunteers to develop empathy and compassion towards children who are in need of care and support.
- Provide educational support to children in the orphanage through tutoring sessions, workshops, or interactive learning activities
- Facilitate cultural exchange activities where volunteers and children can share their cultural traditions, stories, and experiences.
- Encourage volunteers to develop long-term relationships with the orphanage and continue supporting its initiatives beyond NSS Day.

On NSS Day, September 24th, 2022, students of Tecnia Institute of Advanced Studies enthusiastically participated in an eventful visit to a local orphanage as part of their National Service Scheme activities. The objective of the visit was to engage with and support underprivileged children residing in the orphanage. The day began with an inaugural ceremony where students were briefed about the schedule of activities. Volunteers organized various educational and recreational activities throughout the day, including interactive sessions on hygiene practices and storytelling sessions that encouraged children to express themselves creatively. Additionally, students conducted a health awareness workshop focusing on nutrition and personal hygiene, aiming to instill healthy habits among the children. Cultural exchange activities were also organized, allowing students and children to share their cultural traditions and experiences, fostering a sense of unity and mutual understanding. The event concluded with a distribution of essential items and educational materials donated by the NSS volunteers. The visit not only provided valuable learning experiences for the students but also left a positive impact on the children, creating memorable moments of joy and camaraderie. The success of the event highlighted the commitment of Tecnia Institute's NSS students towards community service and social responsibility.

## LEARNING OUTCOMES:

- The educational sessions on hygiene and nutrition enhanced the children's knowledge and awareness, potentially leading to improved health practices and overall well-being.
- The visit established a foundation for long-term engagement and support between the NSS students and the orphanage, paving the way for ongoing assistance and collaborative initiatives
