OBJECTIVES OF THE EVENT:

- To discuss about the development plan of Unnat Bharat Abhiyan cell in the adopted village – Bhalswa Dairy.
- To plan and design the event related to development activities in Bhalswa Dairy.

REPORT

The Tecnia Institute of Advanced Studies, New Delhi formed ‘Unnat Bharat Abhiyan cell’. The objective to form this cell is to adopt five villages at the nearby locality and work for their development. UBA cell has to work on the Gandhian vision of development and fulfil the particular needs of select villages. It would be regarding awareness campaign on various social and developmental issues, providing information regarding agricultural schemes, doing household survey in the villages, working with the local communities on irrigation, literacy and health issues concerned. To achieve all these, Dr. Rajnesh Kumar pandey (UBA Co-ordinator) has visited one of the adopted villages ‘Bhalswa Dairy’ and met one of the activist Mr. Rakesh Sharma, who is closely working with the village Pradhan. Dr. Rajnesh has discussed on the plan and design of the proposed activities in the select village. Mr. Rakesh Sharma has showed his interest and promised that all possible support would be given to the UBA cell of TIAS. Overall the discussion was fruitful and productive.
