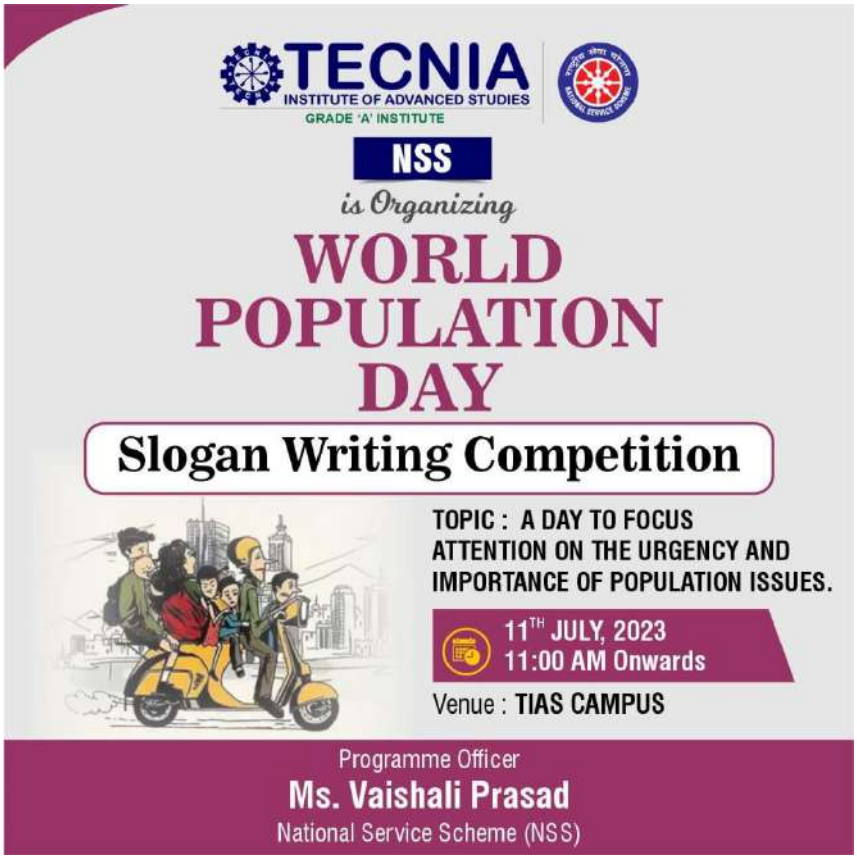
REPORT

Event	: Slogan Writing Competition World Population Day
Topic	: A day to focus attention on the urgency and importance of population issues.
Date	: JULY 11th, 2023
Timing	: 10AM Onwards
Venue	: TIAS Campus
Convener	: Ms. Vaishali Prasad, NSS- Nodal Officer
	:Dr Sheenu Arora, NSS- Program Coordinator
Beneficiary	:BBA, BA (J&MC), MBA, BCA



OBJECTIVES:

- Increase awareness about the issues related to global population growth, its impacts, and the importance of sustainable development.
- Provide a platform for students to express their creativity and ideas through impactful and memorable slogans.
- Enhance students' understanding of key population-related issues, such as overpopulation, resource management, and family planning.
- Emphasize both the global and local consequences of population growth, encouraging students to think critically about the effects on their immediate environment and the world.

In observance of World Population Day, NSS students of Tecnia Institute successfully organized a slogan writing competition that highlighted critical issues surrounding global population growth. The competition saw enthusiastic participation from students who crafted impactful and thought-provoking slogans addressing key topics such as sustainable development, resource management, and the effects of overpopulation. Through their creative expressions, participants effectively communicated the urgency of population-related issues, raising awareness and fostering meaningful discussions within the Tecnia community.

The event not only provided a platform for students to showcase their creativity but also encouraged them to research and reflect on the significance of World Population Day. By engaging in this competition, students developed their communication skills and gained a deeper understanding of global and local population challenges. The competition served as a valuable educational exercise, aligning with NSS values of community service and public awareness, while celebrating the creative talent within the Tecnia Institute.

LEARNING OUTCOMES:

- Gained a deeper understanding of global and local population challenges, including the impacts of overpopulation and the importance of sustainable development.
- Developed the ability to research and analyze population-related topics, leading to more informed and impactful slogan creation.
- Improved skills in crafting concise, compelling, and memorable messages through creative slogan writing.
