IMPORTANCE OF VOTING

This democratic process requires some chores
Voting is something that keeps nation on the hold
Now, the selection of a representative is very pivotal
An individual vote is very vital

Your Ideas and dreams need a voice
Think wisely then consider your choice
This will lead you and your nation to a positive future
Every democracy requires great leaders

And what can be more adequate
As democracy says to the people, for the people, and
by the people
Your designate will walk with you neither forward nor
backward from you
Every vote matters equally as all

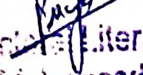

So don't make your vote bootless and be ready for your
role

Voting is essential as the economy will be treated well
It is a part of human rights so use it because you can...
