**Learning Objective:** To encourage participants to explore and express their understanding of happiness through creative visual design

## Report

The Happiness Club of Tecnia Institute of Advanced Studies (TIAS) organised "Sticker Designing Contest" on 6<sup>th</sup> April 2023. It was an offline event where students participated and submitted their work, with an objective to involve learning about the different factors that contribute to happiness. The learning objective of this contest was to promote creativity, positivity, and well-being among participants and to involve learning about the different factors that contribute to happiness.

The contest received 21 entries from various departments of TIAS. Students proactively contributed on their behalf. The results were decided by Ms. Navya Singh, Research Associate BA(JMC), TIAS considering the power of design and how effectively they evoke positive emotions, effective communication and messaging in promoting happiness and well-being in a very rational way. Himanshi Dalal, BCA, II Semester (Shift 1) secured first position and Tanishqa Patil, BA(JMC), IV Semester (Shift 1), came second. E-certificates were awarded to the winners.

Be your own  
reason to  
Smile!

Make happiness  
a  
Habit!

YOU ARE RESPONSIBLE  
FOR YOUR OWN  
HAPPINESS!

Thou'll  
be happiness  
after you  
but there was  
happiness  
because of  
you

**Learning Outcome:** It helped the participants develop their skills in graphic design, illustration, and communication.
