About Techno vision

Techno Vision-IT fest is an initiative of Department of Information, Communication & Technology of TIAS to nurture the budding technocrats to hone their technical skills and to confirm their dexterity over the others. It provides a platform for the young & creative minds to showcase their talents in various activities. Students from universities and colleges come and participate enthusiastically in this one day event. This is the time when everyone works mutually as a team and is committed towards a common goal to bring conceit and honor. It provides an opportunity to the students, where they display their technical competence, knowledge and skill required to be an effectual IT professional. Students are awarded and cherished for winning and participating in the fest.
