Report: Description in (min 250 to max 800 words)*

With Reference to communication received from department of Delhi secretariat dated 4/6/2022 to follow the annual calendar of summer and winter action plan. Awareness Activities on “Field visit at Neel Hauz Biodiversity Park” was organized by Eco Club of Tecnia Institute of Advanced Studies, Rohini, and Delhi on 01-May-2023. TIAS propagated Eco Club under the aegis of Department of Environment, Government of NCT of Delhi, has been dispensed accountable for edifying the overall Environmental Quality and entrusted with the overall environmental

	<p>assessment, monitoring, protection and awareness among the people of Delhi. Institute's Eco Clubs plays an important role in creating environmental awareness amongst the future generation. India is a rich cultural country in which various festivals are organized. On 1st May 2023, Eco club of Tecnia Institute of Advanced Studies conducted an awareness drive at Neel Hauz bio diversity park Delhi. The bird species of thorny scrub, grassland and wetland are seen in the sanctuary due it's unique positioning.</p> <p>All the students gathered near the main gate at 11:00 AM and then began exploring the sanctuary. The students spotted few endangered birds like white-rumped vulture, Indian vulture and also vulnerable species like Baikal teal, sarus crane. There were near threatened species too like black-bellied tern, grey headed fish eagle. Few of our students also prepared a small and beautiful bird nest for the birds. Students also fed some of the birds and poured water in the water bowls that they brought from home. The surroundings were really peaceful and calming. Students were seen enjoying the birds chirping around them. They learned to appreciate the nature and how to take care for it. Students also cleaned the area and removed plastic bags, polybags etc. from the biodiversity park.</p>
