Students creating awareness among people at Bhalswa Dairy

**Report: Description**

The TIAS ECO Club conducted a dynamic awareness campaign focused on recycling household waste on 10<sup>th</sup> February, 2023. Held at the TIAS Community Center, the event aimed to educate the community on sustainable waste management practices. Through interactive workshops and information booths, participants learned about waste segregation, composting, and upcycling. Volunteers demonstrated practical recycling techniques and offered hands-on activities, such as creating compost bins and DIY eco-friendly cleaning products.

The campaign also included a neighborhood clean-up drive, encouraging residents to actively participate in waste collection and proper disposal. Competitions with eco-friendly rewards motivated attendees to commit to recycling efforts. The campaign received positive feedback, with many community members pledging to adopt better recycling habits. The TIAS ECO Club's initiative successfully raised awareness and fostered a culture of environmental responsibility,
