Event Flier

## **Introduction:**

The Gender Champion Club organised an e-collage making event on the theme of women's empowerment on 28th April 2023. The purpose of this event was to encourage students to showcase their creative talents while addressing the vital issue of women's empowerment. The event was open to all students who were interested in participating.

The event started at 01:00 PM and lasted for two hours. Participants were asked to create an e-collage using any digital medium of their choice. The collages could represent various aspects of women's empowerment, including equal opportunities, access to education, political and economic empowerment, and freedom from violence and discrimination. Participants were provided with a brief introduction to women's empowerment and its importance. They were also given some tips on how to create an impactful collage. The event was conducted offline, and participants had to submit their collages by 2:00 PM.

## **Learning outcomes of the Event: E Collage Making on Women Empowerment:**

1. **Enhanced Awareness:** Through the process of creating e-collages on women empowerment, participants gained a deeper understanding of the issues, challenges, and achievements related to women's empowerment. They learned about the importance of gender equality, women's rights, and the need for positive change in society.
2. **Artistic Expression and Creativity:** Participants had the opportunity to explore their creative skills and artistic expression through the medium of e-collage making. They learned how to effectively communicate ideas and messages related to women empowerment using digital tools and visual elements.
3. **Critical Thinking and Research Skills:** To create meaningful e-collages, participants needed to engage in critical thinking and research. They learned how to gather relevant information, analyze different perspectives, and select appropriate visuals and text to convey their ideas. This process improved their research skills and the ability to think critically about societal issues.
4. **Technology and Digital Literacy:** Participants learned to utilize digital tools and software to create e-collages. They gained practical knowledge of digital platforms, image editing software, and graphic design techniques. This enhanced their digital literacy and prepared them for using technology in future projects.
5. **Advocacy and Awareness Building:** By creating e-collages on women empowerment, participants learned how to be effective advocates for social issues. They acquired skills to raise awareness and initiate conversations about women's rights and empowerment within their social circles and communities.
6. **Reflection and Self-awareness:** Participants had the opportunity to reflect on their own beliefs, biases, and preconceptions about gender roles and women's empowerment. Through discussions and interactions during the event, they gained

self-awareness and an understanding of the importance of personal growth and challenging societal norms.

These learning outcomes from the Event: E Collage Making on Women Empowerment at Tecnia Institute of Advanced Studies (TIAS) reflect the value of artistic expression, critical thinking, collaboration, and advocacy in fostering awareness and empowering individuals to contribute to positive change in society.
