with each household people and given information about importance of cleanliness and other symptoms which is heavily responsible for Dengue. The entire team talked about the precautionary measures and conditions responsible for the spread of Dengue. The people residing in the village were very cooperative and they welcomed the arguments provided by the team regarding awareness on Dengue. During the awareness campaign it has been observed that cleanliness and scientific awareness is one of the major issues where the villagers were struggling, and several works are required to tackle this issue. Overall, it was a nice and wonderful experience for Red Ribbon club.
