**Report:**

On occasion of World Environment Day, NSS cell, Tecnia Institute of Advanced Studies, Rohini and Padam Vibhushan Aditya Nath Memorial Trust has organized tree plantation drive on 5th June, 2023. World Environment Day (WED) is observed annually on June 5th and promotes environmental awareness and action. It is supported by numerous non-governmental organizations, enterprises, and government agencies, and it is the major United Nations environmental outreach day.

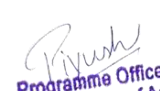

It has provided a venue for raising awareness on environmental concerns such as marine pollution, overpopulation, global warming, sustainable development, and wildlife crime since its inception in 1973. World Environment Day is a global venue for public outreach, with over 143 nations participating each year. Every year, the programme provides a subject and a place for corporations, non-profit organizations, communities, governments, and celebrities to campaign for environmental problems.

The World Environment Day theme for 2023 is "Solution to plastic pollution" and the event was hosted by Côte d'Ivoire. It is a reminder that people's actions on plastic pollution matters. The steps governments and businesses are taking to tackle plastic pollution are the consequence of this action. It is time to accelerate this action and transition to a circular economy.
