Road Safety Week

13th May - 17th May, 2023

Report on Road Safety Week at Tecnia Institute of Advanced Studies, Rohini between 13/05/2023 - 17/05/2023

EVENT: Road safety Week
Convener: Mr. Piyush Kumar, NSS Programme Officer, TIAS
Participation: Student of BJMC, BBA, MCA, MBA
Date: 13th May - 17th May 2023
Venue: TIAS Building

 Programme Officer, NSS (SFU)
 Tecnia Institute of Advanced Studies
 Madhuban Chowk, Rohini, Delhi - 85

Learning Objective: - The aim of celebrating the campaign road safety week is to promote the road safety measures in the community and colleges, work places, on roads and etc.

1. Reduce and completely eliminate traffic accidents, deaths and injuries by implementing road safety measures.
2. Encourages all passengers to obey traffic rules and wear helmets and seat belts while driving.
3. Implement new prevention measures that are proven to reduce the risk of traffic accidents, death or injury.
4. Encourages people about vehicle speed limits to avoid traffic accidents.
5. Maintain speed and the necessary distance from other vehicles.
6. Be aware of people who don't drink alcohol, don't drive when tired and don't use phones or radios while driving.

According to the instructions of the Ministry of Road Transport, the institution order F. NO. GGSIPU/GA/Road Safety/2022-23/320 explained the improvement of road safety among students and the dissemination of the message of the road safety week at 13-17, May 2023. It was observed at Tecnia Institute of Advanced between May 13-17 During the event, Dr. Ajay Kumar spoke to the students, faculty and staff of TIAS New Delhi about road safety and its importance in everyday life. He also emphasizes the importance of wearing a helmet and seat belt while driving.

Road Safety Week is celebrated every year with great joy and enthusiasm in many parts of India. People are encouraged to travel on the road by organizing various programs related to road safety. Throughout the campaign week, various educational posters, safety posters, safety films, pocket guides and brochures on road safety will be distributed to students. They are motivated by road safety, when driving on the road means a planned, well-organized and professional way of moving. Non-professional travelers are encouraged to use road safety and obey traffic rules by giving them roses.

Celebration of Road Safety Week

Road safety week is celebrated by performing the following activities:

1. Road safety brochures are distributed to road users.
2. The methods and needs of road safety measures are also told to workers who need to understand the use of helmet or seat belt on the highway or wherever they drive.

3. Various road safety bulletins, exhibitions, tests on road rules, talks on road safety on All India Radio, workshops, seminars etc. are organised.
4. Driving training workshops are organized for students to promote road safety.
5. Road safety quizzes are also organized to promote road safety.
6. To educate school children about road safety, road safety games such as card games, puzzles, board games, etc. are organized.

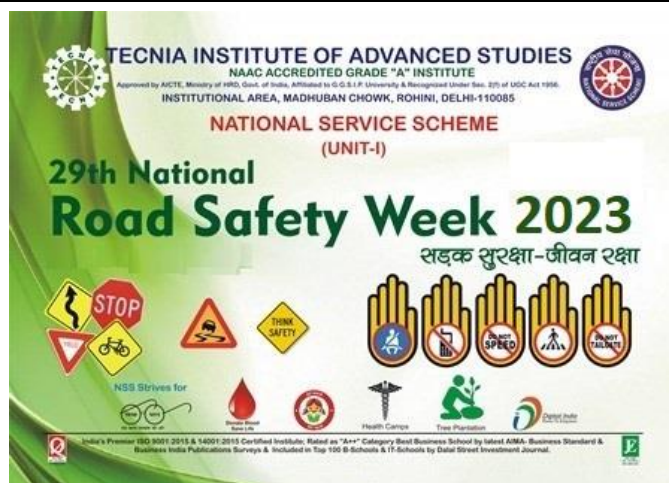

It also requires input from various stakeholders such as the community, transport sector, insurance sector, health sector, police, legal sector, educational institutions, road engineers, vehicle manufacturers, government agencies, NGOs etc. Students have a great opportunity to participate in the Road Safety Week program, which the youth of the country must first understand in order to make a difference. Tecnia Institute of Higher Education together with students, teachers and staff organized a road safety week to inform them about all the safety measures to follow on the road.

This week was spent with great energy and passion through the Tecnia Institute. Tecnia institute of higher education celebrated road safety week among all students to follow traffic rules and be a civilized citizen on road for the welfare of the society. The program was implemented in different places of the institute by students, teachers and all employees.

Learning Outcome

1. Students able to identify types of traffic and know that it may be dangerous.
2. Students recognise the different parts of the road and know how to behave on each.
3. Students able to identify the benefits of walking, as opposed to always being driven.
4. Students have the skills and knowledge to cross the road safely.
5. Students identify hazards on or near the road and are careful near these.
6. Students demonstrate appropriate behaviours in and around a vehicle.
7. Students were able to ask for help with a road safety problem.
