TechSaksham Program – MS+SAP & Edunet Foundation -Letter to the institutes to seek nomination for Student Development Program (SDP)

All India Council for Technical Education(no-reply) <admin@aicte-india.org>   Mon, Aug 14, 2023 at 3:41 PM
To: directortias@tecnia.in

Ma'am/Sir,

We are delighted to announce that All India Council for Technical Education - AICTE Training and Learning Bureau (AICTE-TLB), in collaboration with Edunet Foundation to offer Student Development Programs on IR 4.0 Technologies as part of TechSaksham Program

TechSaksham is a collaborative initiative between Microsoft and SAP that uses experiential learning on Artificial Intelligence and Cloud Computing to develop employability skills amongst underserved women students pursuing higher education in engineering, sciences, computer applications. The co- funded initiative aims at propelling and augmenting AI and Cloud Computing skills ecosystem by providing access and learning opportunities & career pathways to young women; academia collaboration; and faculty development by their critical capacity enhancement.

With the focus on diversity skilling & enhancing young women's participation into AI, Cloud Computing and therefore Future Skills, TechSaksham initiative is being implemented especially in Tier II & III geographies and among disenfranchised populations.
