Madam/Sir,

Please find attached a copy of letter dated 15.09.2023 on the subject cited above for information and further action at your end.

With regards

Director (Env).  
GNCTD.

Department of Environment, Govt. of NCT of Delhi  
6th Level, C-Wing, Delhi Secretariat, IP Estate, New Delhi-110002

www.environment.delhiqovt.nic.in

No.F.1(378)/Env/Estt./2020-21/PF-II/3590

Dated : 15/09/2023

To,

The Principal  
Eco Club Schools/Colleges (As per record with the Department).

Sub: The theme for the World Ozone Day 2023 is "**Montreal Protocol: fixing the ozone layer and reducing climate change**".-reg.

The United Nations General Assembly on 23rd January, 1995 adopted resolution 49/114, which proclaims **16<sup>th</sup> September as the World Ozone Day**, commemorating the date on which Montreal Protocol on Substances that Deplete the Ozone Layer was signed in 1987. The World Ozone Day offers an opportunity to focus global attention and action on this vital environmental issue.

2. India being a Party to the Vienna Convention for the protection of the Ozone Layer and the Montreal Protocol has been successfully implementing the Ozone Depleting Substances (ODS) phase out Programme and adhering to the commitments of the country under the protocol. India phased out the production and consumption of ODS such as Chlorofluorocarbons (CFCs), Carbon Tetrachloride (CTC), Halons for controlled uses and has met all the phase-out targets prescribed under the Montreal Protocol. Currently, HCFCs, the last category of ODSs are being phased out as per the accelerated phase out schedule of the Montreal Protocol for HCFCs. The use of HCFCs in all manufacturing sectors will be phased out by 1.1.2025, while the activities under the servicing sector will continue till 2030. As compliance obligation under the Kigali Amendment to the Montreal Protocol, India will also be implementing the phase down of Hydrofluorocarbons (HFCs) from 2032-2047.

3. The theme for the World Ozone Day 2023 is "**Montreal Protocol: fixing the ozone layer and reducing climate change**". This reiterates the recent findings by the Scientific Assessment Panel of the positive impact of the Montreal Protocol that ozone layer recovery is on track and how climate challenges can be supported through the Kigali Amendment.

4. Further, subsequent to the Kigali Amendment of the Montreal Protocol in 2016, this Ministry launched the India Cooling Action Plan (ICAP) in 2019, which provides an integrated vision to address the cooling requirement across sectors encompassing inter alia sustainable cooling demand, refrigerant transition, enhancing energy efficiency and better technology options with a 20-year time horizon, i.e., 2037-38. The ICAP document is available on the website of Ozone Cell at <http://ozonecell.nic.in/wp-content/uploads/2019/03/INDIA-COOLING-ACTION-PLAN-e-circulation-version080319.pdf>

5. The awareness among the school children and the general public play a vital role in phase-out of ODSS and protection of the Ozone Layer through promoting adoption of active and passive cooling measures to optimize the use of cooling appliances.

6. I would be grateful, if you would kindly arrange to initiate action for observance of the World Ozone Day 2023 in your school and send the report by email at [ecoclubgnctddelhi@gmail.com](mailto:ecoclubgnctddelhi@gmail.com).

Yours Faithfully

(Nigam Agarwal)  
Director (Env.)  
GNCTD.
