## FACULTY FEEDBACK ANALYSIS AND ACTION TAKEN REPORT

2022-23

### Department of Management Sciences (MBA)

The Department of Management Sciences at Tecnia Institute of Advanced Studies has established a tradition of systematically gathering feedback from various stakeholders, including students, faculty, alumni, and employers. This responsibility is undertaken by the Feedback Committee, which is responsible for the collection and analysis of feedback from these diverse groups. Subsequently, the committee compiles an action taken report, which is then presented to the relevant authorities.

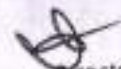

In a similar vein, the institution's Feedback Analysis Committee is tasked with designing and administering feedback collection processes to assess the quality of performance, particularly in relation to curriculum and curriculum-related matters. Feedback forms are distributed to students, teachers, employers, alumni, and professionals associated with Tecnia Institute of Advanced Studies. Students from all departments participate in providing feedback, addressing distinct content areas tailored to the needs of each stakeholder.

For faculty members, the feedback encompasses considerations such as the appropriateness of the course and its alignment with needs, the outcomes of the curriculum, the relationship between course content and relevant reference materials, the availability of reference materials aligned with the curriculum, as well as the evaluation methods and delivery of the curriculum.

#### Methodology:

- The Feedback on curriculum is collected from Teachers by circulating the Feedback Forms. It is collected by the IQAC and will be submitted to feedback committee to deliberate on various suggestions made by the stake holders.
- The feedback committee holds meeting at the end of the academic year to discuss on the various suggestions and prepare action taken report.
- The action taken report will be circulated among the staff members through the IQAC.

The institution is affiliated to GGSIP University and adheres to the specified curriculum. Nevertheless, we actively seek online input from subject faculty members to obtain suggestions for enhancing the syllabus. We have collected and analyzed feedback from 10 faculty members regarding the curriculum.
