

ACADEMIC SESSION 2022-23

REPORT OF JOINT ASSESSMENT COMMITTEE

Department of Higher Education, Government of NCT of Delhi
and Guru Gobind Singh Indraprastha University, Delhi

Committee Members:

	NAME (BLOCK LETTERS)	SIGNATURE
Chairperson:	Sh. S.N. Jha, IAS Retd.	
Expert 1:	Prof. Ajay Pandit	
Expert 2:	Dr. Ashutosh Dixit	
Expert 3:	Dr. Sanjay Singh Baghel	
Convenor:	Sh. Hirdesh Goch	

INSTITUTION: Tecnia Institute of Advanced Studies

DATE OF VISIT: 31.03.2022

Affiliation Branch
Guru Gobind Singh Indraprastha University
Sector-16C, Dwarka, New Delhi-110078

= Part II & III

Total Maximum Marks

$$\frac{951.43 \times 100}{1200} = 79.28$$

RECOMMENDATION REGARDING CATEGORY

1. Based on the Inspecting Team's finding in respect of Part II and Part III as detailed in the above tables, the Inspecting Team recommends the Institute to be in Category A (Write Category A or Category B or Category C or Category D) keeping in view the benchmarks given in the first page of the format. This recommendations will be valid only if the conditions of Part I are met by the Institute
2. Subjected to the fulfillment/non fulfillment of stated conditions for Cadre Ratio, the institute is

Put In / ~~Not Put~~

In the Category of "provisional affiliation for the academic year 2022-23".

Suggestions made by JAC for Improvement of Institute/permanent (long term) Affiliation, Category(A)- 5 years, Category(B) - 3 years, suggestions for C & D Categories should also be separately made.

Name of the Institute: Tecma Institute of Advanced Studies

- 1) Computer systems of the computer labs may be distributed properly in more lab space.
- 2) Time table is to be managed such that every student may get chance to participate in each activity conducted by the departments.
- 3) Placement should be strengthened.
- 4) Fire safety equipments should be increased.
- 5) More research journals may be added in library.
- 6) More VACs are to be conducted by the departments.
- 7) Efforts are to be made for improving the faculty retention in the institute.

Flyer of the Session

Objective of the Session:

- To provide an overview of Contemporary Research Methodology & Review of Literature.
- To provide the platform for discussion on the methodological requirements of research and to simulate & capture new approaches.
- To enable researchers, irrespective of their discipline, in developing the most appropriate methodology for their research studies.
- To make them familiar with the art of using different research methods and techniques.
- To provide the platform for discussion on the statistical requirements of the research.
- To train and inculcate the skills for Data Analytics.
- To guide participants for Publishable Technical Writings (including Research Ethics)

Brief Report of the Session: Research is the methodical, unbiased process of obtaining, logging, and analysing data in order to make appropriate and significant conclusions. It suggests thorough inquiry and a commitment to science, where the researcher examines the facts more carefully in order to learn everything that can be learned about the topic at hand. Management decision-making is facilitated and uncertainty is decreased by applied research. One needs to be well-versed in the most recent advancements in research methods to keep up with recent advancements in any area. The Workshop on Research Methodology & Data Analysis will explore the fundamental aspects of research and the consequent need for participants to rethink the assumptions that underlie historical paradigms of research in the field of management while keeping in mind the significance of research methodology. The goal of the course is to give participants a practical way to do research. Participants are likely to leave the workshop with the knowledge and abilities needed to examine the literature, formulate hypotheses, frame research designs, recognise sample procedures, and understand the function and significance of data gathering and analysis tools. The participants will be exposed to some brief theoretical and practical inputs during the seven-day session. The participants are required to bring their research problem and data if they need to work on them during the workshop. At the conclusion, they will do independent data analysis and present their findings to the class.

We are enough fortunate to have the participants from following Organizations in our FDP. This is proud moment for our esteemed organization TIAS-

1. Jiwaji university, Gwalior
2. Sri Balaji University, Pune
3. Jawaharlal Nehru University
4. Jai narain vyas university, jodhpur
5. Gujarat Technological University
6. Mohanlal Sukhadia university, Udaipur Rajasthan
7. Lovely Professional University
8. Uttar Pradesh Voluntary Health Association
9. University of Hyderabad
10. RKGIT, Ghaziabad
11. Lal bahadur shastri institute of management and development, Lucknow
12. AKTU, Lucknow
13. Gopal Narayan Singh, Bihar University
14. Institute of Management Studies- Noida
15. Indian Institute of Technology, Roorkee
16. Chitkara University Punjab
17. Guru Gobind Singh Indraprastha University (Main Campus), Delhi
18. Prestige institute of management and research Gwalior
19. Babasaheb Bhimrao Ambedkar Central University Lucknow
20. C.S.U, NEW DELHI
21. University of Burdwan
22. Banaras Hindu University (central University) Varanasi
23. MGKVP Varanasi

Learning Outcome of the Session:

- Awareness of research concepts and methods.
- Select the appropriate statistical method for the various study topics.
- Use statistical software to analyse data using both basic and advanced statistical approaches.
- Analyse output tables, interpret them, and write up the results for publication.

Report
Faculty Development Program
Department of Information, Communication & Technology

Title : AI,ML and Network security
Date : 03-07 May 2022
No. of Participants : 40
Convener : Ms. Shimpy Goyal
Mode : ONLINE

OBJECTIVES:

The objective of program is to recognize

- important application of AI in different sector.
- Machine learning techniques for detection and prevention of security attacks.
- Deep learning methods for fraud detections.
- various free /open-source tool in AI & cyber security for research in computer.

The one-week Faculty Development Programme on artificial intelligence, machine learning and network security was organised by Tecnia Institute of Advance Studies. The session was started with an opening remark by Dr. Deepak Sonker HOD of BCA Department followed by the welcome speech by Ms. Shimpy Goyal (events' convener).

DAY 1

The faculty development programme started on 04th May 2022 at 04:00pm with introduction speech. There were 30 external participants from different colleges and institutes and around 10 participants from TIAS, Rohini.

Opening remarks for the FDP were given by Dr. Deepak Sonker(HOD of BCA Department), which was followed by an introduction to the programme by the convener of the event Ms. Shimpy Goyal. She also gave a glimpse of the activities going-on in the college premises.

The programme progressed with the inaugural lecture at 04:130 pm by Dr. Preety Singh in which she mainly focussed on the importance of Machine learning in healthcare sector. She introduced the benefits with the help of the mechanism used and an example. She explained briefly what all machine learning can do for providing a better health care structure. She told about various approaches to identify and predict chronic diseasing using machine learning and also told this steps that helps in identifying the diseases. She then explained the performance evaluation with the help of few formulas. The session ended with a question answer round and a thank you note by the convener of the event.

DAY 2

The session of day two started with an introduction speech by the student coordinator Anandita followed by welcome speech by Ms. Shimpy Goyal.

The session was carried forward by Dr Preety as she explained briefly about IOT. She explained the pros and cons of IOT and how it works. She gave an example of farming using technology and its benefits in agriculture sector. Briefly explain what is smart farming with the help of an example and described it's uses. She then told the rules of AI in agriculture and why is smart farming profitable.

The session of the day ended with a question answer round followed by thank you speech by the event convener.

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "What is IoT?". The slide content reads: "The Internet of Things (IoT) is the network of physical objects - 'things' - embedded with electronics, software, sensors and systems to connect and exchange data." Below the slide is a location card for "Delhi, Delhi, India" at "Technia Institute of Advanced Studies PG Block, Bhagwan Mahavir Marg, Block D, Sector 14, Rohini, Delhi, 110085, India". The card also includes coordinates "Lat 28.705734°" and "Long 77.130233°", and a timestamp "05/05/22 02:45 PM".

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "SEED OF TECHNOLOGY". The slide content is partially obscured but appears to discuss the future of technology. Below the slide is a location card for "Delhi, Delhi, India" at "Technia Institute of Advanced Studies PG Block, Bhagwan Mahavir Marg, Block D, Sector 14, Rohini, Delhi, 110085, India". The card also includes coordinates "Lat 28.705734°" and "Long 77.130233°", and a timestamp "05/05/22 02:45 PM".

Day 3

The day 3 of faculty development program started with a warm welcome of all the participants by the student coordinator and the convener of the event. The session started with a brief introduction of face classification and recognition using ml by Dr. Manjiri A. Ranjanikar .

She gave the overview of Facebook nation system and its literature survey. She briefly explains about biometrics and how law enforcement is used for facial recognition. She gave an example of us airports using facial recognition and what all challenges are faced during the process. She then explains the principal component analysis and linear discriminant analysis. She also gave an explanation of classification of plastic surgery, its types and displayed its statistics report. At the end of the session she told the steps to design a face image descriptive and explain its future use. The programme ended a thankyou speech by Ms. Shimpy Goyal.

Day 4

The day 4 session started with introduction by student coordinator followed by a short welcome speech by the head of department Dr. Deepak Sonkar. The session started with brief introduction on network security and various type of package by the resource person, Mr Aman Dureja. He explained the pros and cons of network security with the help of demonstration. He then explained the transfer of package through one IP address to another in a logical form. He briefly described and showcase the various IP numbers as well as the coding used behind transferring of packets. Later in the session Mr. Aman Dureja cleared few doubts of the participants and the session ended with a thank you note by Ms. Shimpy Goyal.

LEARNING OUTCOME:

The participants have learnt about

- Important application of AI in different sector.
- Machine learning techniques for detection and prevention of security attacks.
- Deep learning methods for fraud detections.
- Various free /open-source tools in AI & cyber security for research in computer.
- Accessibility of data anywhere, with any device
- Ability to get rid of most or all hardware and software
- Centralized data security
- Quick application deployment

The one-week Faculty Development Programme on artificial intelligence and cloud computing was organized by Tecnia Institute of Advance Studies.

DAY 1

The faculty development programme started on 26th April 2023 at 06:00pm with introductory speech. There were 62 participants from different colleges and TIAS, Rohini. The session was started with an opening remark by Dr. Deepak Sonker, HOD - ICT Department followed by the welcome speech by Ms. Geeta Rani. The programme progressed with the inaugural lecture by Dr. Mr. Dharmendra Pratap Singh Rathore in which he mainly focused on the importance of Theory of computation in writing efficient algorithms that operate on computer devices, research and development of programming languages and in compiler design and construction. The primary goal of creating this theory was to broaden approaches for explaining and analyzing the active performance of discrete systems. The session ended with a question answer round and a thank you note by the Ms. Geeta Rani.

Geeta Rani
16/5/23

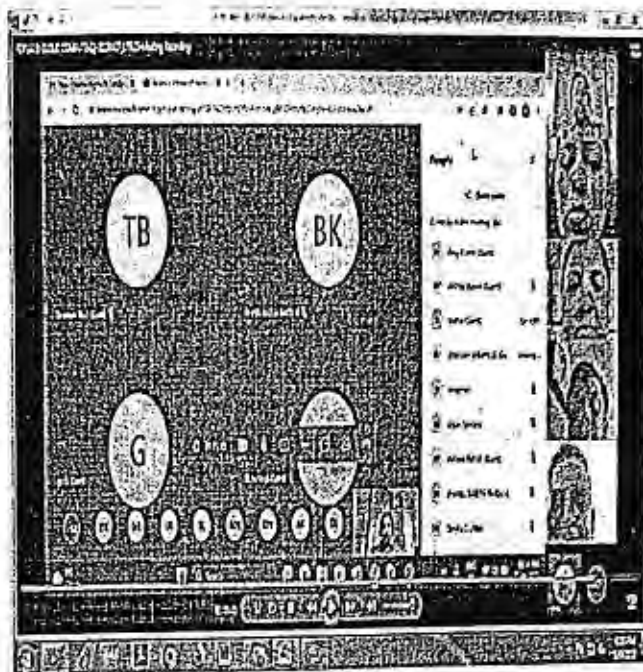

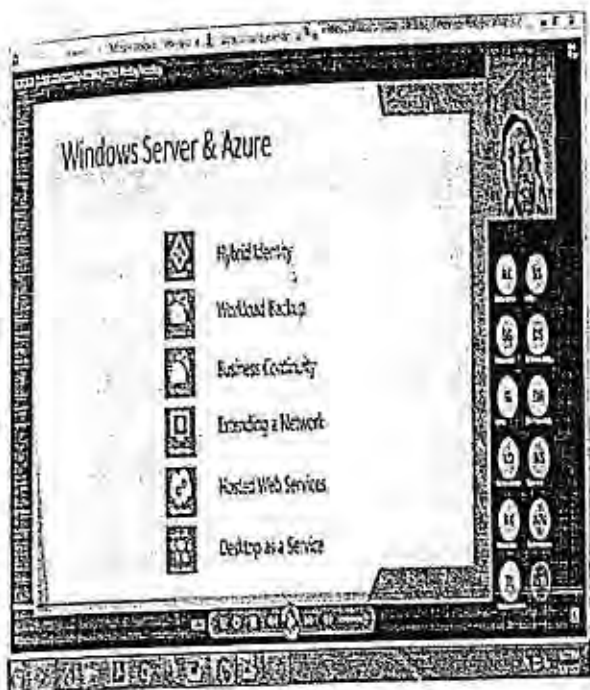

Day 2

The session of day two started with an introductory remark by Ms. Geeta Rani. The session was carried forward by Mr. Anuj Kumar as he explained about AI solutions using the latest models by Azure tools and Azure cloud concept (SAAS, PAAS, IAAS). He explained principles of cloud computing and their implementation in Microsoft Azure. He explained Azure Cloud Services in AI and Machine Learning

The session of the day ended with a question answer round followed by thank you speech.

Handwritten: 16/5/23

Day 3

The day 3 of faculty development program started with a warm welcome of all the participants by the convener of the event. The session started by Mr. Anuj Kumar. This session was continuing session of day 2. He explained the benefits of Cloud computing in many ways. With cloud computing, we're no longer required to have our own server, cables, network switches, backup generators, redundant routers, and so on. Depending on the cloud provider we choose, they can manage all of this for a monthly fee. Reducing expenses is essential in any business model and every cloud-based platform benefits from this factor alone. The programme end with a thank you note.

End
16/9/22

Madhuben Choudhary

Day 4

The day 4 sessions started with introduction and welcome speech by Ms. Geeta Rani. The session started with brief introduction on JavaScript, CSS and JIRA Project Tracking software by the resource person, Mr Narender Kumar. He explained the Web API, ORM, TFS, JIRA and Angular with practical implementation. Later in the session Mr. Narender kumar cleared various doubts of the participants and the session ended with a thankyou note by Ms. Geeta Rani.

Day5

The events started with a welcoming speech by Ms. Geeta Rani followed by the introduction on the topic by Dr. Krishna Bati Singha. She introduced Natural Language Processing; Machine learning and Artificial Intelligence techniques. She explained NLP is important because it helps to resolve ambiguity in language and adds useful numeric structure to the data for many downstream applications, such as speech recognition or text analytics. A question answer round was held where the participants clear their doubts from the resource person. The FDP ended with a thank you note.

Day6

On Day 6 the resource person, Dr. Ratish Kumar introduced about Adoption of machine learning techniques to innovate time sensitive network control applications. He explained Machine Learning is one of the most popular sub-fields of Artificial Intelligence. Machine learning concepts are used almost everywhere, such as Healthcare, Finance, Infrastructure, Marketing, Self-driving cars, recommendation systems, calboats, social sites, gaming, cyber security, and many more. A question answer round was held where the participants clear their doubts from the resource person. The FDP ended with a thank you speech by Ms. Geeta Rani.

REPORT

The event was organized by Tecnia Institute of Advanced Studies, Rohini, New Delhi in association with Bhartiya Shiksha Mandal, on 16th July 2022. The event began with lighting of the lamp by the chief guest Dr. Uma Shankar Pichauri, *General Secretary, National Executive Committee, Bhartiya Shiksha Mandal*. The honorable guests were felicitated with gifts and Tulsi plants.

Dr. Ajay Kumar, Director, TIAS in his welcome address threw light on the significance of Outcome based Education (OBE) in this era. Dr. MN Jha, Dean Academics in his opening address discussed about Bhartiya Shiksha Mandal which aims at evolving National Education Policy, Curriculum, System & Methodology based on integral Bharatiya vision, rooted in its eternal ethos and centered at overall development of the country.

Dr. Uma Shankar Picharui, addressed the audience with his words of wisdom and discussed the importance and role of *Guru* in a scholar's life. He told a *Guru* can transform his scholar's life by analyzing his weaknesses and converting them into his strengths.

At the end, Dr. Narinder Kaur, Department of ICT, TIAS presented vote of thanks followed by National Song. The event was coordinated by Dr. SheelNidhi, Department of Mass Communication & Journalism, TIAS. All the faculties and students of MBA, BBA, BCA & BA(JMC) attended the event and appreciated it.

Shri Uma Shankar ji and Dr. Ajay Kumar (Director TIAS) attending the event
