	The Resource person Dr. Archana Dixit started Group Discussion helps participants to develop their problem-solving skills, including their ability to identify problems, to brainstorm solutions, and to evaluate the effectiveness of different solutions.					
	The topic for discussion was "Crypto currency: Boom or Bane" where students were allowed and given time to discuss on the topic. The students introduced the topic, then further discussed on the positives and negatives in relation to the topic.					
	As the topic suggests about "Crypto currency: Boom or Bane" helps in achieving a better knowledge of crypto currency, also it helps to understand its uses in daily life, A crypto currency is a digital currency, which is an alternative form of payment created using encryption algorithms.					
	Below are some points which we students discussed on the positives and negatives on the topic; Positive are:					
	 Removes single points of failure Easier to transfer funds between parties Removes third parties Can be used to generate returns Remittances are streamlined 					
	Negatives are:					
	1- Transactions are pseudonymous					
	2- Pseudonymity allows for criminal uses					
	 3- Have become highly centralized 4- Expensive to participate in a network and earn 					
	5- Off-chain security issues Overall, Crypto currencies are digital assets					
	that are secured by cryptography. As a					
	relatively new technology, they are high					
	speculative, and it is important to understand the risks involved before investing.
