D-Link Router	1

LCD Projector with screens

LCD Projection Systems Placed in Lecture Hall / Seminar Hall/Conference Hall /library / Computer Lab /TIAS Auditorium

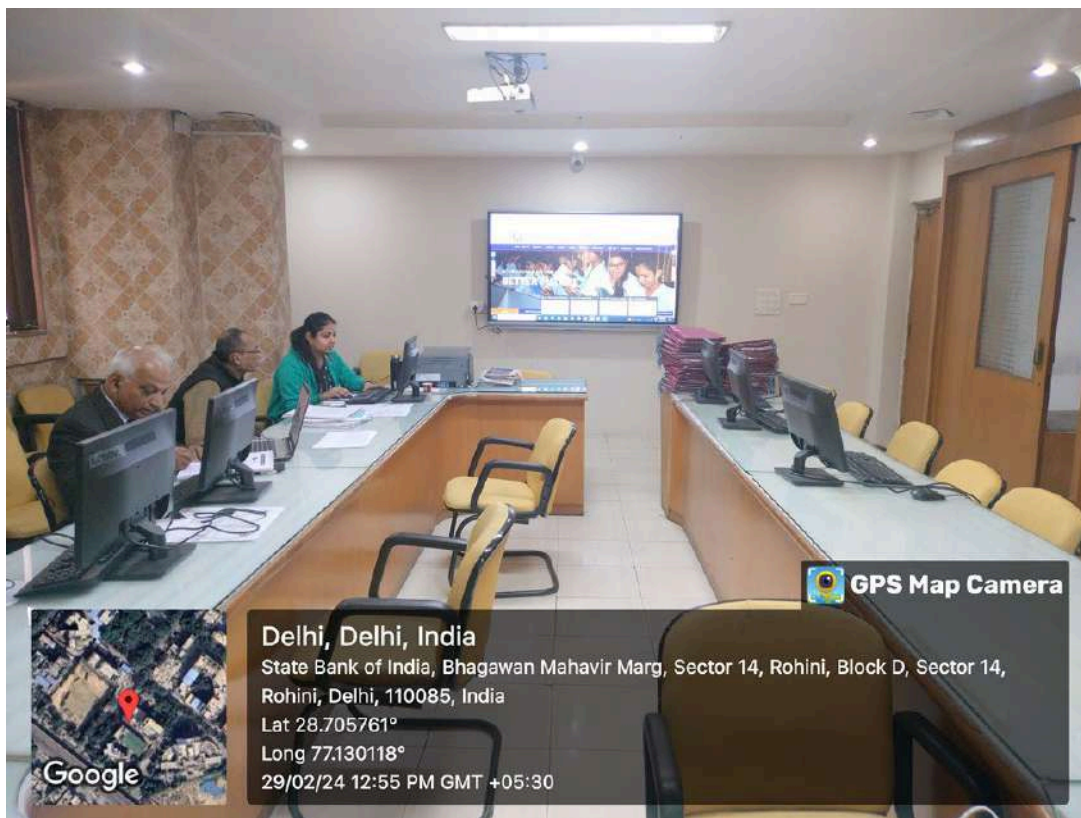

LCD Projection have been placed in all the classroom of both UG and PG for sharing of information stored in computer such as multimedia, power point files, animation, motion video and other interactive contents on projection screen in the class and opens up a world of possibilities for new teaching ideas and learning experiences for the students. The major impact on the application of ICT into classroom is contributed by the deployment of the Projectors. The Projector system can be connected to a desktop computer or a laptop computer with the RGB cable (video graphic cable).This complete set up move forwards the communication and, encourages the sharing of knowledge and thoughts among educators more effectively. LCD projector gives the complete freedom to a teacher or student the manner in which they share ideas, information, charts, images, animations, audio or video. The projector is integrated with ICT based modern teaching aids such as Interactive Whiteboards to make the learning sessions highly interactive, informative and motivating. A projector is a highly efficient way of teaching students or showing the demonstration in a computer lab.

Institute has a well equipped Seminar hall fitted with mikes, LCD Projectors & Educational Satellite Network for carrying out advanced learning process for the students by way of video conferencing with the experts from academia & Corporate. The Institute has a well equipped conference Room fitted with mikes & LCD Projectors for carrying out interactive discussions and presentations by the Faculty.

Overhead Projector / Interactive Boards

The institute has installed one Mimio Teach in the conference room. The teacher place a small bar on the dry erase boards they already have, push two buttons and just like that a full featured interactive white board, spend less without getting less. Overhead Projectors are also available for the classroom of both UG and PG for sharing of information stored in power point files, animation and other interactive contents on OHP screen in the class and opens up a world of possibilities for new teaching ideas and learning experiences for the students..
