Sem

Report Description

It was organized by Dr. Archana Dixit, HOD, Department of BBA, Tecnia Institute of Advance Studies. The session was started with the welcome address given by Ms. Diksha Kohli, Anchor, Darshan TV.

An industrial visit to Yokult-Danone India Pvt. Ltd. Was organized on 30th June 2023, for students of BBA Dr. Mukesh Singh, Assistant Professor, Management, TIAS briefed the students about the (a) objectives of the industrial visit, (b) Company's Profile, (c) Probable questions to be asked by the Students with the company people. Once students reached Yakult-Danone plant site, they were accompanied by Mr. Adish, Executive-Public Relations to the Seminar Room where he gave a brief presentation about the Company's history, its presence across the globe, distribution channel, turnover and strong research. Following the presentation, Mr. Adish interacted with the students and answered their queries regarding HR, marketing & operations aspects of the company. The students were then taken to the processing unit where all the stages from mixing of raw ingredients to the final shrink - packing were briefed. Students were amazed at the speed at which the process occurred and how the automated systems could be set according to requirements, as minimum of human intervention was required. On a whole, it was an exemplary learning experience that the students will savor for a long time to come

During the session students asked questions from these resource persons and resolve their doubts related to society misconception. Approximately 30 Students attended session successfully. This interactive session was informative, full of learning and was much appreciated by the students.

Report: Description in (min 250 to max 800 words)*

Institutions Innovation council of tecnia Institute of Advanced studies has recognized a field visit to AIC on 23 June 2023 .The aim to the visit is to advertisement the innovation and entrepreneurship and motivate the student for a startup.

The student has participated in team building and team worth with experience learning the stage the step follows to develop prototype and final completion of the product to the marriage to the market there are three speaker Mr. Alok Pandey (CEO, AIC, IIT Delhi) Mr. Manveen Chadha (Coordinator, AIC IIT Delhi) and Kriti Tiwari (Project officer IIT Delhi).

1st session organized by Mr. Alok Pandey to told them basic concept of AIC and word processes was required to produce the product.

2nd session organized by Manveen Chadha and Kriti Tiwari .They organized the team to build the team and responsibility quality between student.

3rd session to visit the AIC labs and center.

Atal Innovation Mission is mandated to promote a culture of innovation and entrepreneurship in our country. Through Atal Incubation Centers or AICs at universities, institutions and corporates, AIM is creating an ever-evolving ecosystem of start-ups and entrepreneurs.

Business incubators are institutions that support

Mod
BBA-TIAS

entrepreneurs in developing their businesses, especially in the initial stages. These are organizations geared towards speeding up the growth and success of start-ups and early-stage companies. Incubation is usually done by institutions that have experience in the business and technology world.

Incubation support includes providing technological facilities and advice, initial growth funds, network and linkages, co-working spaces, lab facilities, mentoring, and advisory support. They are often a good path to capital from angel investors, government organizations, economic-development coalitions, venture capitalists, and other investors.

Most of the incubators have potential capital to invest in growth startups or have links to potential funding sources. They provide access to compliance services from professionals such as accountants and lawyers; not to mention the invaluable mentoring and networking support available at the incubation center, through the staff and other entrepreneurs at the incubator.

AIM is a flagship initiative to promote the culture of innovation and entrepreneurship in India. It is an umbrella structure that has been mandated to promote innovation and revolutionize the entrepreneurial ecosystem in the country. It develops new policies and programmes for fostering innovation in different sectors of the economy and provides platform and collaboration opportunities to various stakeholders in the entrepreneurial space.

AIM intends to support the establishment of new greenfield incubation centers called Atal Incubation Centers (AICs) that would nurture innovative start-ups in their pursuit to become scalable and sustainable business enterprises.

AIM will support these AICs in creating world-class incubation facilities across the country with the state of the art physical infrastructure, in

HOD
BBA-TIAS

terms of capital equipment and operating facilities available to their incubate start-ups, coupled with the availability of sectorial experts for mentoring. Apart from this, business planning support, access to seed capital, industry partnerships, training and other relevant components required for supporting innovative start-ups will be provided.

Moreover, most of the AICs established would be sector-specific in areas such as manufacturing, transport, energy, health, education, agriculture, water, sanitation, Internet of Things, Cyber Security, etc. to promote unprecedented technological innovation in these sectors.

Benefits

- Business and Technical Assistance.
- Affordable/Flexible Lease Space.
- A Network of Relationships with other Business Owners.
- Ability to Adjust Business Model to Market Conditions.
- Financial Assistance and Advice.
- Preservation of Working Capital.

Students also ask questions related to startups internship and the way of submitting their ideas to the center.
