Students interacting with the Villagers for Dengue Awareness

Report :

The Unnat Bharat Abhiyan Cell along with the collaboration of Red Ribbon Club of Tecnia Institute of Advanced Studies, New Delhi organized an awareness campaign on Dengue in Bhalswa Dairy village on 29th October 2022. The institution has adopted five villages where Unnat Bharat Abhiyan Cell is continuously working to create awareness on human developmental issues and trying its best effort to implement the Gandhian vision of rural development. In this course of action, the UBA cell and Red Ribbon Club has organized an awareness campaign successfully. In this campaign the students along with the faculty coordinators have selected two lanes of this village where they interacted with each household people and given information about importance of cleanliness and other symptoms which is heavily responsible for Dengue. The entire team talked about the precautionary measures and conditions responsible for the spread of Dengue. The people residing in the village were very cooperative and

	they welcomed the arguments provided by the team regarding awareness on Dengue. During the awareness campaign it has been observed that cleanliness and scientific awareness is one of the major issues where the villagers were struggling, and several works are required to tackle this issue. Overall, it was a nice experience for both the cell and club respectively.
