VALUE ADDED COURSE SESSION - 2021-2022

CERTIFICATE COURSE IN ADVANCED ETHICAL HACKING

Preface

Value Added Courses are augmented as per NEP 2020; Envisage Modern Tool Usage, Learners to up-skill their skillsets; Bridging the gap between academia and corporate requirements; VAC Certificate Course will be able to attain as under:-

- Broadening of Domain Knowledge
- Apply techniques of appropriate software's validation
- Acquire technical skills to lead as productive IT Professional
- Enhancing Employability

Learning Outcomes

At the end of this Course, student will be able to :

- Learn advanced techniques.
- Understanding of cryptography principles.
- Learn advanced web application hacking techniques.
- To develop their own exploits and payloads to take advantage of vulnerabilities in systems.

Note

- Batches will commence w.e.f 02.05.2022
- Each batch shall comprise of 60 students only.
- Minimum 75% attendance is required by the candidate for assessment.
- Assessment will be made on the basis of Viva Voce on 20/5/2022
- Successful learners after assessment will get the certificate of the VAC

Duration : 30 Hours
Mode : Online

Timing : 02:00 pm to 04:00 pm (Batch 1)
05:00 pm to 07:00 pm (Batch 2)

Resource Person:
Mr. Harsh

Entry Date :
16.04.2022

VAC Contents

- Introduction to Ethical Hacking. (2 Hr)
- Advanced Web Application Security (3 Hr)
- Advanced Exploitation Techniques. (2 Hr)
- Advanced Cryptography (2Hr)
- Advanced Malware Analysis and Reverse Engineering. (3Hr)
- Advanced Social Engineering. (2 Hr)
- Advanced Wireless Security. (2 Hr)
- Cloud Security and Virtualization. (2 Hr)
- Advanced Incident Response and Forensics. (4Hr)
- Red Team Operations. (3Hr)
- IoT Internet of Things Security. (3Hr)
- Mobile Application Security. (2 Hr)

Value Added Course Session 2021-22 Advanced Certificate Course in Photography

Preface:

The course comprises of different units each of which focuses on training you about a specific aspect of photography. The course is designed to offer a perfect balance between practical learning and theoretical concepts taught in the classroom. This provides you an in-depth understanding of the various factors that can affect the quality of your images and also about the challenges that you are likely to face while clicking the most impressive pictures. The world of photography is full of different practices, aesthetics, genres and techniques; there are as many photographic styles as there are photographers! It is therefore a very diverse landscape and fascinating to explore; to say the least. After you have learnt the fundamentals of photography, such as camera technique, the basics of composition, portraiture or Lightroom software, it will quickly be possible to follow a more advanced level of training, or develop an interest in more specific subjects.

Learning Outcomes:

- Students would learn to master their Technical Skills.
- Students would cultivate a unique artistic voice and develop the ability to create visually captivating images.
- Students would gain a deep understanding of composition principles and explore advanced techniques.
- To acquire advanced knowledge and skills in working with natural light, artificial lighting, and different lighting setups.

Note:

- Interested students must inform the Course Coordinator by February 10, 2022 by 5:00 pm.
- 75% percentage attendance is mandatory to get the certificates.
- There will be 4 batches of 60 students each
- Assessment will be held on the basis of viva voce and written/ practical exam.
- Successful learners after assessment will get certificate of the VAC.
- For any queries related to the course, kindly coordinate with undersigned

Duration: 30 Hours

Timings:

- Batch 1st : Tuesday 12:30-2:30pm
- Batch 2nd : Tuesday 12:30-2:30pm
- Batch 3rd : Tuesday 12:30-2:30pm
- Batch 4th : Tuesday 12:30-2:30pm

Resource Persons:

- Dr. Shivendu Kumar Rai
- Dr. Gopal Thakur
- Dr. Saheen Bano
- Dr. Niranjana Kumar

Entry Date:

01.02.2022-to- 10.02.2022

Value Added Course Session 2021-22

Certificate Course in Photography

Preface:

A Certification in Photography can provide additional skills and knowledge that can enhance a photographer's career. Photography certifications can serve as proof of competency in the use of digital and traditional cameras and are available for both general and commercial photographers and for those in specialty fields, such as forensic and ophthalmic photographers. Certification courses can cover a range of topics, including lighting, motion, equipment operation and maintenance, and the use of computer applications to enhance images. While a Bachelor's degree in Photography provides a strong foundation, a Certification in Photography can help photographers stand out in a competitive job market and demonstrate specialized knowledge and expertise in a particular area of photography.

Duration: 30 Hours

Timings: Batch 1st & 2nd
Monday, Wednesday & Friday
(1:00-2:00pm)
Batch 3rd
Monday, Wednesday & Friday
(4:00-5:00pm)
