An online workshop was organised by IIC TIAS under the ambit of Capability Enhancement Scheme on 21.03.2022 from 11 AM onwards. The topic was Problem Solving and Ideation. The speaker for the session was Mr. Anurag Dubey, Human Capital Transformation Consultant. The speaker described the attendees about entrepreneurship, enterprise, entrepreneur and intrapreneur. He discussed that innovation is highly related to disruption technology. He defined some excellent examples of ideas developed by the some of the top companies like Apple, Meta, WhatsApp, Uber and Airbnb and made the attendees realized that creative solution to problems can really make wonders. He described that the creative solutions address the pain points of customers and innovate around it. He discussed that creativity is skill, not the talent as we perceive normally and also that it can be nurture. He described it with examples and made the attendees realized that thinking and deliberating out of the box often leads to innovation. He described that creativity is problem solving with novelty and relevance. He said that when solving a problem 4 or 5 thoughts or idea come at once but few thoughts and idea only arise after apause and thinking towards the problem; often such ideas are innovative. He discussed that one can be creative by continuous practice and taking good care of physical health. He said a sound sleep makes the person more attentive and composed and the person is able to apply creativity and innovation to the problem more effectively. He gave tips on problem solving and asked the attendees to follow four stepsidentifying the problem, analysing it, generating solutions to the problem, planning and implementing the plan. Earlier Dr. Ajay Kumar, Director, TIAS spoke about the innovation and Ideation and its importance and Dr. Nivedita, Head Training and Placement Cell and In Charge IIC welcomed everyone and introduced to the students about the speakers and objective of the workshop. The one hour session was well oragnized and well received by the students. The session ended with vote of thanks by Dr. Nivedita and feedback collection.

#### Report:

An artists wedgener was required by DC YAS senter the script of Caustatty Enhancement Selected on 13.09.2022 hors 2.30 PM emercia. The topic of the westine was deflering Problem-Schpler F&A. Product Market Fit: The sension for the session was Ms. Manmohan Mistin, Senior Mesiger: Program Management & Clear Success Refuse Tech Por, Ltd. Co. Psunder, Dauge & Tech Head for a Steaks Mode Diverse Setol Start up Focus Areas: Strategy, Promists, Design, Clarit Success, 820 Salations, and People Managestone, described the meaning of the solution fit product as solution to a problem with contents specific approach not as managemating agarench, He Bladfolded, that this first sizes in electricity the problem and then the customer should be obvisited which may have usual buying inclusions not willing to thange the leaving approach or new leaving behaviour, willing to try new products and systemings the asset consumers are forced to adopt so the new untalians. Alghi solution it is required to meet all types of commerce. He further stated that consumers these days are open to salige drongs and by new solutions and therefore reswedge understanding the applications held; and he transparent in communication; the more is transparency befor would be the solution fill product. He Electrobed that the more an entrepreneur thing so a continue for a solution, better fit would be the solution and its success. He defined a frame work for solution fit as acromen: It (blease) it (Sevelating the content of the ideal E (Degrapmy the continuers to intuit there) & James one the readway and outcome).

the startised as product the ripe only as a product which is accepted but, also is retained. An enterproduct always tests the product and down reflavorence to make it receives by symmetric reserves. Open and tabolog approach is implicate for its relation. He explored that summer makes and plan are different. Workshop on " Data Analysis through Advance Excel" was conducted by Tocsia Institute of vivance Studies: for the students of BBA 4" Somester 1" Shift. Dr Sandeep Kumar was usousce person of this workshop. In this workshop he has given practical exproure to students about various commends of Advance Excel. The main formulas & functions covered in this workshop include:

- TNDEX and MATCH
- · IF with AND / OR
- COUNT
- COUNTA
- TRIM Function
- MAX
- MIN.
- VLOOKUP
- CONCATENATION Function

## Learning Outcome

- L. Participants have learnt command & Functions of advance level.
- 2. Participants have got practical sussions on data handling & analysis.

#### Report 1

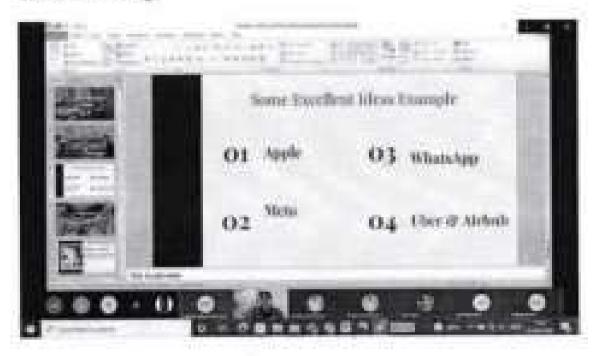

An inches workshop was important by NC SIAS under the wellst of Capability Dihoroment Scheme on 21.00-XX22 from 21 AM covered. The roots was froblers Johnig and Ideaton. The operator for the sesson was Mr. Arsong Dubes, Human Capital Transferention Consultant. The speaker described the attenders about entrepressurates, orderprise, entrepressur and immorphism. He discussed that innovation to highly related for disruption technology. He defined pures securiors examples of ideas. involved by the same of the top companies like Apple, Mark, WhotsApp, Upor and Anterb and made the intendeds realized that onestice solution to problems can really make wonders, the described that the exactine unlature address the pain ports of culturers and innovate around it. He disposed that are effortly is skill, not the tarent as we perceive manifely and also that if can be number, the chost but if with energies and reads the expension restand that thinking and slettlensting out of the low efter reads to involvemen. He described that creativity is problem salving self-raisetty and relevance. He said that when valving a problem 4 or 5 thoughts or itsia come at zeno but five thoughts and idea only wise after apouse and thinking towards the proteint; after such literal are immention. He discussed that one can be creative by usedinatest practice and taking good care of physical health, He said a stand sivey makes the period more attentive and commissed and the person is able to apply clearlying and increasing to the problem more offectively. He gave tips on problem solving and asked the attendees to follow how stageidentifying the problem, analysing A. generating according to the problem, planning and implementing the plan. Earlier Dr. Ajey Norwer, Director, TIAS sports about the improxime and identities and its importance and Dr. Minnelto, Head Training and Placement Call and In Charge IIC servicement everyone. and introduced to the students about the speakers and objective of the workshop. The ten towar services was well aregulated and well received by the students. The secure studed with victor of thesis; by Dr. Mivedita and feedback sufferings.

#### Objectives:

- To provide mountigful knowledge to the students regarding prototoping.
- To understand the recessing of prototype and steps of prototyping.
- To develop insights in a design thinking process to carry our some form of prototyping.
- To restormed the approach and techniques of prototype.

#### Reports

An order webbur was organised by Teating and Planamost Cell and IIC TIAS under the authin of Capability Enhancement Schome on 2008 2022 Sum 02:00 PM - 03:000PM. The typic of the welvers was. Prototype Process Design and Development - Prototyping. The speaker of the welengt was Dr. Pattoch Arand, EM Alamons, Co-Founder Valuatio Wellage, Exposition Director Verselya Agricuments. The speaker obditioned the stages of emperorsorship and discussed the menting of procesyping. He discussed what a processor is and stone that the goals of nometring are exploring requirements, characters, suspensed touring and evolutionary development. He further described various separated steps of provetyping. He further said that prototyping involved mostly fixed types of opposich, thronoway or evolutionary or inconsental. bertownal or vertical, and low or high fulcility. He described the those techniques of prototyping are in practice - Story Sounds, Poper prototype and Software prototypes. Earlier Dr. Norphita. Head Training and Placement Call and to-charge BC webcowed the guest and spoke about the objective of the webinar. The one hour sension was well asserdinated by Mr. Habat Tripathi. Assurant Fredition, Department of Management Sciences; Mr. Kentila Area, Assistant Performs, Department of Management Sciences and Mr. Maynoli Atten, Assistant Professor, Department of Journalism and Man Communication. It was well engined by the astendard. The webseur andred with your of floods by Dr. Nivedita and foodback arithering

#### Learning Outcome:

- Students will able to understand assumingful knowledge regarding prototyping.
- Students will able to understand how they can work on their new product idea and become excert responsible correpressors.
- Students will able to undendend the meaning of projetype and steps of projectyping.
- Students will able to develop insights in a design thinking process to carry out some form of prototyping.
