Report

A seminar was organized on 23.06.2022 by Training and Placement Cell under the ambit of Capability Enhancement Scheme on the topic 'Basics of Group Discussion and Tips for CAT 2023'. The resource speaker for the seminar was Mr. Amit Poddar, Rgional Head T.I.M.E

The speaker informed the students that regardless of whether one is looking at getting into a top-notch college or applying for a job, the group discussion (GD) round is a vital component in any screening process, where the participants are asked to debate and discuss different aspects of a topic given by the interviewers. He explained that the group discussion round is a critical step as it allows interviewers to analyse candidates on a variety of parameters, including their level of confidence, teamwork qualities, communication, leadership, analytical, and logical skills.

He advised to research popular topics of relevant field before taking part in a group discussion. He further asked the students to always be prepared and composed for a group discussion and advised them to take the lead in GD. He suggested not be aggressive in the GD and listen everyone, not just hear. He said that one has to communicate effectively and should not deviate from the topic. He emphasized that participants' body language, mannerism and etiquette are also observed by the interviewer.
The speaker discussed about CAT and informed the students that it is a computer-based test with total time duration of 2 hours. He further informed that the exam is devised to evaluate the aptitude for management education and the subsequent flair for the corporate professions. He discussed about the pattern of CAT examination and important topics. He advised the students to strengthen their basics and give regular mock test. He emphasized that assessing the mocks will provide a clear picture as to where one stands and also give a guideline to formulate the exam strategy. He suggested the students to go through CAT previous years' papers to understand the pattern as well as the difficulty level of the paper, to make a note of important topics subject wise, to master RC section, and to start reading newspapers, articles and listen to debates to strengthen general awareness. He advised the students to take their mock test very seriously and asked them to aim to score higher in every next mock test they take.

Earlier Dr. Nivedita welcomed the speaker in the seminar and introduced to the students and described the objective of the seminar. The one hour session was very interactive and was well received by the students. The seminar ended with a vote of thanks by Dr. Nivedita.
