	<p>the UBA cell has organized an awareness campaign successfully. In this campaign the students along with the faculty coordinators have selected two lanes of this village where they interacted with each household people and given information about importance of cleanliness.</p> <p>The entire team talked about the precautionary measures and conditions responsible for the spread of pollution, garbage issue, draining problems. The people residing in the village were very cooperative and they welcomed the arguments provided by the team regarding awareness on Clean City, Green City. During the awareness campaign it has been observed that cleanliness and scientific awareness is one of the major issues where the villagers were struggling, and several works are required to tackle this issue. Overall, it was a nice experience for both the cell and club respectively.</p>
