## REPORT

The Beti Bachao, Beti Padhao (BBBP) initiative, launched by the Government of India, aims to address gender discrimination and promote the education and welfare of the girl child. In line with this mission, a Photo Feature Contest was organized to engage communities, raise awareness, and inspire action towards these goals.

The Photo Feature Contest for the Beti Bachao, Beti Padhao initiative was a resounding success in terms of participation, engagement, and impact. It not only raised awareness about the importance of girl child education and welfare but also empowered individuals and communities to contribute creatively to a vital social cause. The contest demonstrated that artistic endeavors could effectively complement advocacy efforts, making complex social issues more accessible and relatable to the public.
