Report:	The Unnat Bharat Abhiyan Cell of the Tecnia Institute of Advanced Studies recently conducted the "E-Support: Digital Empowerment Skills for the Future" program Bhawlsa Dairy Village aimed at enhancing digital literacy among local communities. This initiative sought to empower participants with essential digital skills necessary for navigating today's technology-driven world. The program began with an engaging introduction that underscored the significance of digital skills in both personal and professional contexts. Participants learned about various digital tools and platforms that facilitate communication, collaboration, and problem-solving. Workshops included hands-on training in essential areas such as productivity software, online safety, and effective use of social media. Throughout the sessions, expert facilitators encouraged interaction and collaboration among attendees. Practical exercises enabled participants to apply their newfound skills in real-life scenarios, fostering critical thinking and informed decision-making. The program emphasized not only technical proficiency but also the importance of digital responsibility and ethics.Feedback from participants indicated a marked increase in their confidence and capability in using digital tools. Many expressed feeling better equipped for job searching and online learning, reflecting the program's impact on their personal and professional growth. Additionally, the initiative created networking opportunities, allowing participants to connect with peers and local professionals, further enhancing their career

	prospects.In conclusion, the "E-Support: Digital Empowerment Skills for the Future" program effectively equipped individuals with vital digital competencies. By fostering a collaborative learning environment, the Unnat Bharat Abhiyan Cell successfully laid the groundwork for participants to embrace technology and prepare for future challenges in an increasingly digital society. This initiative represents a significant step towards empowering communities through digital inclusion.
