"A rural women's group engaging in a community education session to enhance awareness and empowerment."

**Report:**

On 29th October 2022, TIAS students conducted a baseline study focusing on **Rural Women Empowerment** in Akabar Pur Majra as part of the **Unnat Bharat Abhiyan** initiative. The primary objective of this study was to evaluate the current status of women in terms of education, health, employment, and livelihood opportunities within the rural community. The empowerment of women is crucial for sustainable development, as it directly influences the socio-economic fabric of the community. By analyzing baseline indicators, the study aimed to identify gaps and challenges faced by women in the village, thereby paving the way for targeted interventions that promote their overall empowerment. Surveys and interviews were conducted with local women to gather data on their educational qualifications, access to healthcare services, employment status, and involvement in income-generating activities. This comprehensive assessment is intended to provide insights that can inform policy recommendations and community programs aimed at enhancing the status of women in

|--------------------------------|--|
|                                | <p>rural areas.</p> <p>The study conducted in Akabar Pur Majra underscored the critical need for focused efforts in empowering rural women through education, health, employment, and livelihood opportunities. The findings revealed significant disparities in access to education and healthcare, as well as limited employment opportunities for women, which hinder their empowerment and economic independence. By addressing these gaps, stakeholders can facilitate the development of supportive policies and programs that uplift women in rural communities. Ultimately, empowering women is not only essential for their individual growth but also plays a vital role in enhancing the overall development of rural areas. The insights gained from this baseline study will serve as a foundation for implementing effective strategies aimed at promoting gender equality and fostering sustainable development in Akabar Pur Majra and similar rural settings.</p> |
