Report: Description in (min 250 to max 800 words)*

On September 26, 2023, Tecnia Institute of Advanced Studies organized an empowerment camp on "One Man, One Vote" in Khampur Village. The campaign aimed to encourage every eligible voter in the village to not only cast their vote but also to motivate at least one other person to do the same. The student volunteers from Tecnia Institute of Advanced Studies presented the Nukkad Natak, presenting the campaign's theme "One Vote, One Community". The Nukkad Natak emphasized the power of individual action in a democracy, also if each person encouraged another voter for voting then the impact on the election could be significant. This initiative was part of the institute's broader mission to increase voter participation and ensure a more inclusive democratic process. The event concluded with a Q&A session where residents could ask questions related to voting procedures, including how to address common barriers to voting, such as transportation issues or lack of identification documents. The "One Man, One Vote" campaign was a resounding success, effectively mobilizing the community of Khampur Village, not only commit to voting but to also encourage others to do the same. The event created a sense of collective responsibility and highlighted the power of individual actions in making a difference in the democratic process. Overall, the initiative successfully mobilized the Khampur community, instilling a commitment to voting and community advocacy. The success of the "One Man, One Vote" campaign
